Roy F. Knight, FAIA

"Design for Livability in Extreme High Density Urban Environments"

As an architect, Roy F. Knight, FAIA is licensed to practice throughout the United States along with several foreign countries by the National Council of Architectural Registration Boards.

In addition, he has held the position of Dean of the School of Architecture at the University of Tennessee, Knoxville (from 1979-1988) and Florida A&M University (from 1988-1996).

His professional experience includes the Architectural Branch of the Tennessee Valley Authority (urban and building design) and private consulting, including service on building committees of private schools, churches, and museums.
