**ADJOURNMENT:**

There being no further business for the Board, the meeting adjourned.
Vice Chair Kimberly Moore called the meeting to order at 12:03 pm. Trustees Cavazos, Dortch, Harper, Lawrence, Moore, Perry, Reed, Washington, and Woody were present and established a quorum. Trustee Lawson did not participate in the call due to a prior business-related commitment. Trustee Moricette joined the meeting after the roll-call.

Vice Chair Moore stated that the purpose of the meeting was to hold an attorney/client closed-session pertaining to pending litigation. General Counsel Denise Wallace provided background and instructions for the closed-session. Vice Chair Moore indicated that the following individuals would participate in the closed session: the FAMU Board of Trustees; President Larry Robinson; University Attorneys Denise Wallace, Shira Thomas, David Self and Candace Stewart-Morris; outside counsel Rob Larkin; and the certified court reporter Nancy Metzke. Trustee Woody moved that the Board go into a closed-session. The motion was seconded by Trustee Perry and the motion carried.

Attorney Wallace indicated that the closed-session had concluded and that they were back in the open-session at 12:48 p.m. Vice Chair Moore asked if there was a motion to entertain. Trustee Dortch moved that the Board approve the Option 1 settlement offer, with Option 2 as a fallback, and that the chair, the vice chair and the president, working with counsel, will make the final determination, if Option 1 is not available. The motion was seconded by Trustee Woody and the motion passed unanimously.

With there being no further business, the meeting adjourned.
Chair Kelvin Lawson called the meeting to order. Trustees Cavazos, Dortch, Harper, Lawson, Moore, Washington, and Woody were present, establishing a quorum. Trustees Lawrence, Reed, and Perry did not participate in the call due to prior business-related commitments. Trustee Moricette joined the meeting after the roll-call was completed.

Chair Lawson reminded the Board that they had been provided a copy of the Performance-Based Funding Data Integrity Audit Report. He stated that this annual audit, which is required by Florida law, verifies the completeness, accuracy, and timeliness of data submitted to the Board of Governors. Vice President Joe Maleszewski shared that the audit concluded that FAMU's controls and processes are adequate to ensure completeness of data submitted to the Board of Governors (BOG) in support of performance-based funding (PBF). The audit also did not reveal any material errors within the data files submitted.

The audit did disclose an error within the method used by the BOG to calculate Metric 10: “Number of Bachelor’s Degrees Awarded to Transfers with AA Degrees from Florida College System (FCS).” This could materially impact FAMU’s overall ranking among State University System institutions. Their calculations did not exclude transfers from FCS institutions, who later received their AA from FAMU after matriculation. As a result, the number of bachelor's degrees awarded to transfers with AA degrees from FCS institutions was overstated. VP Maleszewski indicated that the University is working with BOG staff to establish a fair and equitable benchmark for Metric 10, based upon the revised method, to ensure that this change does not negatively impact FAMU’s PBF evaluation and scoring. Trustee Dortch moved approval of the audit. The motion was seconded by Trustee Moore and the motion passed unanimously.

With there being no further business, the meeting adjourned.
