Almost every project requires the “Share” designation.

Share with your Research Team

Give access to any colleague with whom you will be collaborating.

You may share this project with other Researchers, Committee Members, Administrators and Sponsors. You may also send a complete copy of this project to a Principal Investigator at another site if this is a multi-site project. You may also transfer ownership of this project to another individual.

- **Share**: Use this option if you wish to share your project with other Researchers, Committee Members, Administrators or Sponsors at your own institution or any other institution. For example, you may wish to share this project with other members of your research team so that you may collaborate in the design and development of the project, or with a selected Committee Member or Administrator to solicit feedback prior to submitting your project for review. You may provide any individual with Full, Write or Read access.

- **Multi-site**: Use this option only if your project is a multi-site project and you wish to send a complete and independent copy of this project to a Principal Investigator at another site. The local Principal Investigator will be able to obtain project documents from the lead site and may modify their copy of these documents (such as consent forms) to meet the requirements of their local Board. You will be able to monitor the progress of this project at every local site. The other local Principal Investigators will also be able to monitor the progress of this project at every local site (including your own).

- **Transfer**: Transfer your ownership of this project to another user. In doing so you will relinquish all access to this project and the designated user will be granted Full access.
You may collaborate both within your Institution and across Institutions in the course of your project.

IRBNet supports multiple models of review. Using the IRBNet “Submit” feature, you may electronically submit this document package to either a single Board, or to multiple Boards. Each Board you submit to will be notified of your submission and given access to view your electronic documents. Each Board will also be permitted to electronically record their review decision, which will be stored as a permanent part of your project record. You will be automatically notified when the review decision is electronically recorded.

Did you submit an incomplete package?

If you have forgotten to add a necessary document or need to make a quick change to a recently submitted project package, CONTACT YOUR LOCAL BOARD COORDINATOR.

For advanced topics, such as submitting subsequent packages (for reportable events, continuing reviews, modifications, etc.), please refer to the R2 Training Energizer. CONTACT YOUR LOCAL BOARD COORDINATOR if you have questions.
Managing unlocked packages

If revisions are needed before your submission is reviewed, your coordinator may unlock the package for you to revise. Unlocked projects can easily be managed from the My Projects page.

While the package is “unlocked,” you may add new documents or revise existing ones as needed.

- Indicate to your Coordinator you have completed your revisions. This will “re-lock” the package.
