Unsafe practices or the reckless endangerment of personnel may result in the cancellation/termination of any agreement/purchase orders issued. and requirements are clearly stated. If, after examination of the
various conditions and requirements of this RFP, the Proposer

Proposers disagreeing with any conditions and requirements shall act to resolve the difference prior to proposal opening. Failure to accept said conditions and requirements after contract award is grounds for rejection of that proposal and the university may seek to award the contract to the next favorable proposer. FAMU shall in its sole discretion determine what requested changes to this RFP are acceptable. FAMU shall issue an Addendum reflecting the acceptable changes to this RFP, if any, which shall be sent to all Proposers as specified in Section 2.1.

2.7. Proposal Opening Date

Proposals will be opened in FAMU’s Procurement Department on the date and at the time shown in Section 2.2., “Calendar of Events.”

2.8. Evaluation Criteria and Selection Process

A. FAMU reserves the right to conduct negotiations; the Director of Procurement (DP) determines negotiations to be in the best interest of the university.
Discussions with offerors after receipt of a proposal do not constitute a rejection or counteroffer by FAMU.

B. FAMU reserves the right to conduct negotiations with one or more highest ranked offeror(s). In the event, the decision director of Procurement determines it to be in FAMU’s best interest to enter into negotiations, he/she shall:

1. Establish an Evaluation Committee tailored to the particular acquisition that includes appropriate expertise to ensure a comprehensive evaluation of proposals. The Committee will review all responsive proposals and develop a ranked order of offerors based on the points given each evaluation criteria contained herein;

2. Develop the acquisition plan (strategy to award with or without negotiations) after review of proposals;

3. Ensure consistency among the solicitation requirements, notices to offerors, proposal preparation instructions, evaluation criteria, solicitation provisions or contract clauses, and data requirements;

4. Ensure that proposals are evaluated based solely on the evaluation criteria contained in the solicitation;

5. Consider the recommendations of the evaluation committee in determining which proposer(s) to enter into negotiations; and

6. Select the negotiation team. This can be the evaluation team or any other individual(s) the DP deems necessary for the acquisition. The negotiation team will invite the highest ranked offeror(s) falling within the desired competitive range to enter into negotiations.

C. All proposals shall be initially evaluated based on weighted criteria set forth in the table below by members of an evaluation committee. Each evaluation committee member shall function independently of all persons including, without limitations, the other committee members, and, throughout the entire evaluation process, each evaluation committee member is strictly prohibited from meeting with or otherwise discussing this RFP and any aspect thereof including, without limitation, the proposals and their content with any other individual whatsoever. After thoroughly reading and reviewing this RFP, each evaluation committee member shall conduct an independent evaluation of the proposals in accordance with the weighted evaluation criteria set forth Appendix I, Evaluation Scoring Sheet.

Evaluation of Responses
Each evaluation committee member must independently score, in writing, each proposal on the form depicted in APPENDIX II. Each evaluation committee member may enter comments, if any, regarding the proposal and then sign the completed score forms and deliver them, in a sealed envelope, to Ayo Ojutalayo, who will forward copies to the Vice President through the Procurement Director. At the time of such delivery to Ayo Ojutalayo, the evaluation committee member shall cease to participate further in this RFP process unless expressly requested otherwise by the Vice President for Administrative and Financial Services.

The Director of Procurement shall review, in the manner and to the extent he/she deems reasonable under the circumstances, the RFP, the proposals, and committee members’ scoring forms. While not bound to them, the Director of Procurement may give deference to the scoring forms. Based on what the Director of Procurement determines is in the best interest of FAMU, the Director of Procurement will then make the final decision whether or not to recommend the award of a contract to a Proposer to this RFP, negotiate with the highest ranked proposer(s) or cancel the RFP.

B. The words “should” or “may” are equivalent in this RFP and indicate very desirable conditions, or requirements but are permissive in nature. Deviation from, or omission of, such a desirable condition or requirement will not in and of itself cause automatic rejection of a proposal, but may result in the proposal being considered as not in the best interest of FAMU.

C. The Proposer must agree to abide by each mandatory condition and requirement included in this RFP. Also, the Proposer must initial the designated item, using APPENDIX II (Conditions & Requirements), indicating that this section has been understood and agreed upon.

Under this RFP and the resulting contract, if any, the Proposer must hold FAMU and those in privities with FAMU, and their officers, employees, and agents harmless from and indemnify each of them against any and all liabilities, actions, damages, suits, proceedings and judgments from claims arising or resulting from the acts and omissions of the Proposer and those under the Proposer’s supervision and control; provided, however, such indemnification shall not include any amounts for consequential damages and shall be limited to proven damages in an amount not to exceed the required insurance policy limits of the Proposer.

SUBPART - CONTRACTOR'S AGREEMENTS

SEC. 202. Except in contracts exempted in accordance with Section 204 of this Order, all Government contracting agencies shall include in every Government contract hereafter entered into the following provisions:

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of face, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.

(3) The contractor will send to each labor union or representative of workers with which the contractor has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or worker's representative of the contractor's commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of notice in conspicuous places available to employees and applicants for employment.

(4) The contractor will comply with all provisions of Executive Order No. 11246 of September 24, 1965 and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The contractor will furnish all information and reports required by Executive order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed and remedies
invoiced as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The contractor will include the provision of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase orders the contracting agency may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interest of the United States.
