A Historical Overview

Florida Agricultural and Mechanical University (FAMU), founded on October 3, 1887, as the State Normal College for Colored Students, began classes with 15 students and two instructors. FAMU’s destiny -- to become an institution of higher learning, striving toward even greater heights of academic excellence. Today, Florida A&M University is one of 11 institutions in Florida’s State University System, and excellence -“Excellence with Caring”- remains its goal.

Leading the State Normal College through its infancy were two distinguished citizens and educators. They were Thomas DeSaille Tucker, an outstanding attorney from Pensacola who was selected as the college’s first president, and Thomas Van Rennasaler Gibbs, a state representative from Duval County who was Tucker’s top assistant. In 1891, the college received $7,500 under the Second Morrill Act for agricultural and mechanical arts education; thus, it became Florida’s land grant institution for blacks. The college was moved from Copeland Street (now the site of Florida State University) to its present location, and its name was changed to the State Normal and Industrial College for Colored Students. It was at this new site that President Tucker initiated his plans for institutional growth and development.

In the 1900s, this young institution flourished under the leadership of Nathan B. Young. In 1905, management of the college was transferred from the Board of Education to the Board of Control. This event was significant because it officially designated the college as an institution of higher education. The name was changed in 1909 to Florida Agricultural and Mechanical College for Negroes (FAMC). The following year, with an enrollment of 317 students, the college awarded its first degrees. In spite of a setback caused by a tragic fire which destroyed Duval Hall (the main building which housed the library, administrative offices, cafeteria and other college agencies), progress was made when a gift of $10,000 was presented to the University by Andrew Carnegie for the erection of a new library facility. This facility held the distinction of being the only Carnegie Library located on a black land-grant college. President Young directed the growth of the college, with limited resources and expectations, to a four-year degree-granting institution, offering the Bachelor of Science degree in education, science, home economics, agriculture, and mechanical arts.

Under the administration of John Robert Edward Lee, Sr., Florida A&M College acquired much of the physical and academic image it has today. Buildings were constructed; more land was purchased; more faculty was hired; courses were upgraded, and accreditation was received from several state agencies. By 1944, Florida A&M College had constructed 48 buildings, accumulated 396 acres of land, and had 812 students and 122 staff members. In 1949, under the guidance of William H. Gray, Jr., expansion, along with reorganization, continued; the college obtained an Army ROTC unit, and student enrollment had grown to more than 2,000.

Perhaps the greatest achievement under the presidency of Dr. George W. Gore, Jr., was the elevation of the school to university status. In 1953, the college’s name was changed by legislative action from Florida Agricultural and Mechanical College to Florida Agricultural and Mechanical University (FAMU). Obtaining university status meant restructuring existing programs and designing new academic offerings to meet the demands of producing quality
students at the professional and graduate levels. Between 1953 and 1968, the Schools of Pharmacy, Law, Graduate Studies, and Nursing were created.

During the years 1950-68, the university experienced its most rapid growth. Twenty-three buildings were erected, with construction and renovation costs totaling more than $14 million. These facilities included: the Dairy Barn, Faculty Duplexes, Law Wing of Coleman Library; Gibbs, Tucker, and Truth Halls; Agriculture and Home Economics Building (Perry Paige), Student Union Building, Demonstration School Building and Cafeteria; Health and Physical Education Building, Music and Fine Arts Complex, High School Gymnasium and Stadium. The hospital was completed and operative. The university’s staff was increased by more than 500. At this time, the four-quarter plan was implemented, and the school became the first Negro institution to become a member of the Southern Association of Colleges and Schools. Enrollment increased to more than 3,500.

With Dr. Benjamin L. Perry, Jr., at the helm, the 1970s brought further growth to Florida A&M University. FAMU experienced a decade of rapid transition during a time when federal laws were demanding a desegregated unitary system. His administration is credited with the preservation of FAMU’s autonomy. In 1971, FAMU was recognized as a full partner in the nine-university, public higher education system of Florida. The program and academic areas within the institution were extended to include the Black Archives Research Center and Museum, established as a state repository for black history and culture; the Division of Sponsored Research; the program in medical sciences, in conjunction with FSU and the University of Florida; the development of the School of Architecture; a Naval ROTC unit; establishment of the cooperative programs in agriculture; and a degree-granting program in Afro-American Studies. Enrollment at FAMU increased from 3,944 (1969) to 5,024 (1970). The university was reorganized into academic areas instead of departments. The physical plants were improved by the construction of the Women’s Complex (apartment type dormitory), Clifton Dyson Pharmacy Building, new poultry building and dairy cattle resting shed and renovation of University Commons, Coleman Library, Tucker Hall and the FAMU Hospital into the presently named, Foote-Hilyer Administration Center (FHAC).

The 1980s served as a model for productive development at Florida A&M University. Under the administration of Dr. Walter L. Smith, the university grew to eleven schools and colleges, and a division of graduate studies, research, and continuing education. In 1984, the university was granted the authority to offer its first Doctor of Philosophy degree, the Ph.D. in Pharmacology. The ‘80s also saw the expansion of the Gaither Athletic Center, which includes the construction of a new Women’s Athletic Complex equipped with a track, an Olympic pool, men’s and women’s weight training rooms, and softball and baseball fields. Bragg Memorial Stadium was renovated and expanded to provide seating for some 25,500 spectators, and a modern field house was erected. The old laundry was converted into the Industrial Education Classroom-Laboratory. New facilities were constructed to house the Schools of Allied Health Sciences, Architecture, Business and Industry, and Nursing. Construction and renovation projects amounted to more than $34 million. Under the leadership of Dr. Smith, the university launched the Centennial Celebration Fund for establishment of a university endowment.

In 1985, construction of a new corridor of history was begun as Dr. Frederick S. Humphries became the eighth president of Florida A&M University. Under his leadership, FAMU experienced significant growth and unsurpassed accomplishments. President Humphries
had the distinction of presiding over the University’s Centennial Celebration: October 2, 1986-December 31, 1987. This commemorative event, which centered upon the theme, “A Legacy to Preserve-A Future to Design,” was initiated with the president’s inauguration, highlighted with many activities (lectures, concerts, convocations, etc.) and honors, and culminated with the burial of a time capsule.

Dr. Humphries’ unique administrative initiatives heightened the appeal for FAMU to high school students, parents, and other members of the public. Some of the achievements made during President Humphries’ administration include the following: Florida A&M University received national recognition for record-breaking enrollment. In 1985, enrollment was 5,100. By 1992 these statistics showed total enrollment had nearly doubled with at 9,551. The enrollment for the 1998/99 academic year reached approximately 12,000.

In addition to increased enrollment, the University consistently ranked nationally among the top five colleges and universities for enrolling National Achievement finalists. Due to an aggressive and competitive campaign to attract more talented students, FAMU climbed steadily from fourth place in 1989 to first place (1992, 1995, and 1997), and second place (1993 and 1994), surpassing institutions such as Harvard, Yale, and Stanford. Black Issues in Higher Education also cited FAMU, in 1999, for awarding more baccalaureates to African Americans than any institution in the nation.

FAMU successfully completed requirements for establishing eight Eminent Scholars Chairs through the State Major Gifts Program: the Warner-Lambert Chair in the College of Pharmacy and Pharmaceutical Sciences; the Garth Reeves and the Knight Foundation Chairs in the School of Journalism and Graphic Communication; the Anheuser-Busch, Centennial and Financial Services Chairs in the School of Business and Industry; the Carrie Meek Chair in the College of Education and the Foster Edmonds Chair in the College of Arts and Sciences.

At the 1989 Spring Commencement Exercises, the University awarded its first Ph.D. degree to Hyacinth Chi Akunne in the College of Pharmacy and Pharmaceutical Sciences. The University presented its second doctor of philosophy degree to Fred Foreman (FAMU-FSU College of Engineering) during the 1995 Spring Commencement Exercises. Presently, the University has 11 programs that offer the doctoral degree. They are: pharmaceutical sciences; physics; biomedical, chemical, mechanical, civil, industrial and electrical engineering; educational leadership; environmental science; and entomology - a cooperative program with the University of Florida.

The FAMU Marching “100” Band, under the direction of Dr. William P. Foster, Director of Bands, was invited by the French government to participate in the Bastille Day Parade as the official representative from the United States. This event was held in celebration of the Bicentennial of the French Revolution. The Marching “100” continues to perfect its legacy of excellence, which has resulted in it being labeled as the “Best Marching Band in the Nation” by Sports Illustrated (August, 1992). The band received national recognition, in January 1993, when it performed in the 52nd Inauguration Parade in Washington, D.C., by invitation of President-Elect William “Bill” Clinton.

Tremendous efforts have been made to upgrade facilities and construct new buildings during the past decade. Completed projects include construction of the Benjamin L. Perry
General Classroom and Science Research Building; expansion of the School of Business and Industry’s east and west wings; the FAMU/FSU College of Engineering; the new College of Pharmacy and Pharmaceutical Sciences building; expansion of the School of Allied Health Sciences; a new Student Services Center; a 400-car parking garage; a 360-bed expansion at Palmetto Housing; remodeling and expansion of the Foster-Tanner Complex; and construction of the Frederick S. Humphries Science Research Center. Recently completed projects include the new School of Journalism and Graphic Communication’s building and the Campus Recreation Center. Projects currently under construction include the FAMU Developmental Research School (FAMU-DRS), the Multipurpose Gymnasium and the renovation of the Commons Building.

Most significantly, during the celebration of its 110th Anniversary, Florida A&M University was selected as the 1997-98 College of the Year by TIME Magazine-Princeton Review. FAMU was selected as the winner from among six finalist including: DePaul University, Chicago; DePauw University, Greencastle, Indiana; the University of Iowa, Iowa, City, Iowa; University of California, Los Angeles; Trinity College, Hartford, Connecticut; and the University of California State System. FAMU was the first institution in the country to receive this honor from this magazine.

In January 2002, Henry Lewis III, Pharm. D., Dean of the College of Pharmacy and Pharmaceutical Sciences, was appointed interim president by the Board of Trustees.

May 17, 2002, the Board of Trustees named Fred Gainous, Ed. D., an alumnus, the ninth president of FAMU. Prior to his presidency, Dr. Gainous was the chancellor of the State Community College System in Alabama.

On December 14, 2004, the Florida A&M University Board of Trustees named Castell Vaughn Bryant, Ed. D., interim president.

In February 2007, Dr. James Ammons, chancellor of North Carolina Central University in Durham, N.C., was named the 10th president of Florida A&M University. Dr. Ammons served as provost and vice president for Academic Affairs for Florida A&M University from October, 1995 until becoming chancellor of North Carolina Central University in 2001. Dr. Ammons commenced his presidency at Florida A&M University on July 2, 2007.

*In July 2012, Larry Robinson, Ph.D., was appointed interim president by the University Board of Trustees. Dr. Robinson served as provost and vice president for academic affairs from 2003 to 2005. In 2007, he served briefly as chief operating officer for the University and subsequently as vice president for Research from 2007-2010. Dr. Robinson took a leave of absence from the University to serve as assistant secretary for Commerce for Conservation and Management at the National Oceanic and Atmospheric Administration, where he supported and managed NOAA’s coastal and marine programs, including marine sanctuaries for preserving areas of special national significance, fisheries management to sustain economic prosperity, and nautical charts for safe navigation. He returned to FAMU in November 2011.

**Academic Advising**
Seeking academic advising is crucial to a student’s success in selecting an appropriate academic major, making timely progress through the required curriculum, and graduating. Every student is provided advisement assistance by an academic advisor. Students who have not declared a major will be advised through the School of General Studies.

**Academic Grievances**
The purpose of an academic grievance is to give students a fair review and an opportunity to be heard. Students are normally expected to follow the procedures established by the college, school and/or academic unit in which they are pursuing a course of study; however, academic grievances regarding a course grade must be filed with the college, school and/or academic unit in which the course is offered.

Each college, school and/or academic unit within the University has internal procedures for addressing student grievances pertaining to academic matters. Academic grievance procedures are available in the Office of the Dean of the respective college or school, and in the office of the appropriate officer in charge of an academic unit.

**Office Of University Assessment**
The Office of University Assessment (OUA) is dedicated to supporting continuous improvement at Florida A&M University. The mission of the office is “to promote a culture of evidence-gathering at FAMU through the implementation of a manageable and sustainable assessment process that leads to quality improvement.” This means gathering information about what the
University does to promote the educational success of students, analyzing that information, and looking for ways to continually improve. There are four main goals for the OUA:

1. **Academic Improvement** – To assess the provision of a distinctive quality undergraduate and graduate educational experience.

2. **Service and Support Improvement** - To assess the effectiveness of administrative processes and support services.

3. **Accountability** - To facilitate the implementation of assessment activities in compliance with the accountability goals and measures established by the Board of Trustees and accreditation bodies.

4. **Enhanced Communication on Assessment** - To promote communication including training, related to student learning outcomes among administrators, faculty, staff and students.

The University recognizes the importance of university-wide assessment activities in continuous improvement and institutional effectiveness. Thus, on June 12, 2008, the Board of Trustees adopted the “FAMU Assessment Policy”. This policy applies to all academic programs, including the general education program and to all administrative and educational support services and operations that support the academic programs. A major goal of assessment at FAMU is to support the University’s mission of “Excellence with Caring” and accountability to internal and external stakeholders by emphasizing the importance of systematic assessment planning, implementation, data collection and analysis, documentation, and reflection on the results to improve student outcomes and support services effectiveness.

FAMU is committed to providing students with a caring and supportive environment as well as the resources necessary to ensure their success and competitiveness in the world of work and further education. To this end, students may be required to participate in a number of university-wide assessment activities. Such activities may include standardized tests (e.g. MAPP), surveys (e.g. NSSE, Exit, Leavers and Alumni), focus groups and interviews, and portfolio reviews. Each of these assessment activities enables us to determine the extent to which FAMU’s programs and services meet the needs of students while maintaining high levels of quality support services.

Additionally, the OUA is the repository for all Academic Learning Compacts (ALCs) and assessment plans/reports in the University. Academic Learning Compacts are structured plans to account for student achievement in specified domains in baccalaureate degree programs in the State University System. Since fall 2005, FAMU has continued to make these ALCs available to the entering freshman class and prospective students.

Each academic program within the University is responsible for providing all of its prospective and current students with clearly defined ALCs, which are written in a user-friendly format. Academic programs distribute their ALCs to students through the University website and course syllabi.

The Office of International Education and Development
The Office of International Education and Development (OIED), a component of Academic Affairs, coordinates the University’s international service functions in three areas: Education Abroad & Exchange Programs; International Student & Scholar Services; and International Research & Development. It serves as the official liaison between FAMU international students and scholars with the U.S. Department of Homeland Security, U.S. Citizenship and Immigration Services, and the U.S. Department of State to insure institutional and individual compliance with established immigration policies related to non-U.S. citizen enrollment and employment.

In its role to increase awareness about world affairs and the importance of learning about other countries, OIED sponsors two major events each year. Held in November, International Education Week was established by the U.S. Department of State and Department of Education to promote education abroad for Americans and exchange program that attract future leaders
from abroad to learn about the United States. In the spring semester, OIED’s **International Awareness Week** celebrates the benefits of international education and appreciation for campus cultural diversity in preparing students for a global environment.

OIED staff members provide advising to the FAMU Chapter of the Model United Nations Association. In collaboration with designated professors in the Department of Political Science, History, Geography and African-American Studies, MUNA provides global leadership training and insight into the workings of the United Nations. Members engage in local and national MUNA competitions.

OIED goals and objectives, supporting the university’s Strategic Plan international initiatives, are met through the following units:

**International Students and Scholars Services**

This unit has official responsibility for advising international students and preparing employment documents of scholars hired in academic departments through the following support services:

- Academic advisement
- Referrals to university and community services
- Issuing and providing extensions of immigration forms I-20 (Certificate of Eligibility for Nonimmigrant Student, known as **F-J**) and DS-2019 (Certificate of Eligibility for Exchange Visitor Status, known as the **J-J**)  
- Advising on practical training experiences, employment policies and filing of U.S. taxes
- Issues related to obtaining social security numbers

Testing and Evaluation

The general purpose of the Test Service Bureau is to facilitate service, and student support in relation to testing and evaluation activities.

FAMU is a leading institution for administering national tests through National Testing Programs: such as, the Allied Health Professions Admission Test (AHPAT), the American College Test (ACT), the Graduate Record Examinations (GRE), the Pharmacy College Admission Test (PCAT), the Scholastic Assessment Test (SAT), and various academic skills assessments of the PRAXIS Series. These tests are used for admission at either the undergraduate or graduate levels. The ACT and SAT National Tests are used for general admission purposes. The Bureau serves the tri-state area of Florida, Georgia and Alabama for professional and licensure testing.
Among the many integrated services of the Bureau, there are five opportunities to reduce the length of time it takes to complete a degree program by obtaining credit via examination, through programs such as:

- **The College-Level Examination Program (CLEP)** - an exam where students can receive college credit for learning outside the college classroom.
- **International Baccalaureate Program (IB)** - from the General Certificate of Education Advanced Level (A-level G.C.E.), awards credits for student's prior academic course work from a recognized institution in their parent country.
- **DANTES (Military Exam)** - published by the American Council on Education (the use of college level credits based on military experience). DANTES exams are not given on campus.
- **Dual Enrollment** - this program allows high school students to earn college level credits at the university.

Another responsibility of the Test Service Bureau is the Course and Teacher Evaluation of Faculty by students. These evaluations are conducted annually during the Fall and Spring semesters. **Tips for Students (Nine Steps to Getting Good Grades in College)**

**Step 1** – **Attend Every Class.** If you want to get good grades in college, you must attend every class—not almost every class—every class.

**Step 2** – **Be Organized.** Save all computer files on disk or jump drive. Keep all returned papers, quizzes, and tests. Get phone numbers of fellow rattler classmates. *“We are what we repeatedly do. Excellence, then, is not an act, but a habit.”* – Aristotle

**Step 3** – **Manage Your Time Well.** Do not overextend yourself, plan ahead, be organized, make efficient use of your time, and do not become a professional extracurricular student.

**Step 4** – **Be Successful in the Classroom.** Learn how to adapt to different instructors. Be prepared and on time for each class. *Sit in front of the class whenever possible.*

**Step 5** – **Take good notes.** Be an active listener. Take notes that are easy to read. Go over notes as soon as possible.

**Step 6** – **Know How to Read a Textbook.** Scan by reading subtitles, words in bold and italic print, summaries, charts, and review questions. Read with purpose and review by scanning the material to check your comprehension.

**Step 7** – **Study Smart.** Find a good place to study. Organize your study time and know your learning style. Know how to memorize and remember information.

**Step 8** – **Reduce Test Anxiety.** While a little anxiety before a test improves concentration and alertness, excessive worry, or test anxiety, can lower one’s test scores.

**Step 9** – **Use Available Services.** Computer Labs, Academic Advisor, Career Center, Counseling Center, Disability Services, Honors Programs, Library, etc...

Student organizations provide mandatory leadership and training to assist with governance of their individual organizations. These sessions are provided during the fall and spring semesters. At least three (3) members of an organization must be in attendance, two of which must be officers. Additional sessions are provided for advisors. Agenda topics include but are not limited to Robert’s Rules of Order (revised), Becoming a Leader, Risk Management, Security, Code of Conduct/Judicial Rules, Facility Request, Travel, Grant Writing, and other relevant topics.

The policies and procedures enumerated in this handbook are intended, in part, to clarify the University’s relationship to registered student organizations and are also intended for promoting awareness, values and responsible behavior. It is important to note that when persons are functioning in the capacity of members of a registered student organization, they will be held accountable for their organizationally related conduct, individually and collectively.

Administrative clarification and interpretation of the policies and procedures can be obtained from the Associate Vice President for Student Life, the Director of the Office of Student Activities and designated staff members in the Office of Student Activities.

All registered organizations are held responsible for adhering to federal, state and local laws, as well as all University regulations. All policies and regulations of the University and nationally and/or state affiliated organizations are applicable in the registration process (i.e. purpose, constitution/by-laws, advisors letter of intent, officers/membership rosters, student ID, e-mail address, etc.). All required information is noted

**Attendance at University Training Workshops for Clubs and Organizations/Advisors, Including Greek Letter Organizations** - To assist advisors and their student organizations in having a successful year, the Office of Student Activities has instituted mandatory training workshops that are conducted during the fall and spring semesters. At least three (3) representatives of the organizations must attend these training workshops, two (2) of which, who must be officers. Agenda topics addressed include but are not limited to:

- Leadership Training
- Facility Request/Approval
- Risk Management
- Security
- Travel
- Budgets (funding)
- Event/Activity Planning
- Other Relevant Topics

Advisor workshops are held separately from student workshops; however advisors are encouraged to attend all workshops.

**Advisors** - Advisors can be a valuable source of information. It is important to note that advisors devote a significant portion of their time to making the student’s experience a rewarding one. A successful and effective organization has active advisors to assist students from time-to-time as may be required. Each organization must have at least one advisor, including Greek Letter organizations, and the advisor must be an employee in good standing of the faculty, staff and/or administration. Advisors must be full-time employees who have been employed for at least three years at the University. When there is more than one advisor of an organization, a primary advisor must be specifically designated.

**Selecting an Advisor**

The organization has the responsibility to select its advisor(s). While the role of an advisor varies based upon the organization’s activities and purposes, it is important to keep in mind when approaching a potential advisor that the individual will have time to devote to the organization, will take the role willingly and seriously, and has knowledge and skills to assist the organization. The organization should make sure that potential advisors have a clear understanding of the organization’s purpose, constitution and bylaws, what would be required of him or her, and the time commitment involved. The Office of Student Activities maintains a list of employees of the University who are interested in serving as student organization advisors. Advisors to
academically affiliated organizations may be selected by the dean and/or academic head of the school, college, department or institute.

**General Responsibilities and/or Expectations of Advisors:**

The organization and the advisor should devote time at the beginning of each year establishing a clear understanding of the roles each will play. Groups should set mutually agreeable expectations for the advisor, such as for meeting attendance and time commitment, and the advisor should similarly make clear his or her expectations for the officers and organization. After the organization’s expectations have been laid out, it would be helpful to put them in writing and to distribute these to the group members. It is also important to update them and determine whether or not the expectations are being met throughout the year.

An advisor’s actual commitment will vary depending on his or her style of leadership and the needs of the organization; however, advisors should follow these minimum guidelines:

- Provide counseling, leadership and direction regarding the interpretation of university policy.
- Ensure the membership eligibility of each student is in accordance with requirements of the club or organization and the university.
- Attend and remain present for the duration of all officer meetings, and for the majority of the organization’s general meetings and activities.
- Attend and remain present for the duration of paid events, dances, and any other sponsored events and activities held in the evening.
- Ensure that members are made aware of and follow the regulations, policies, procedures, goals and objectives of the University.
- Report infractions of University procedures, polices and regulations.
- Review all programs/objectives of the organization to ensure compliance with applicable University rules, policies and regulations.
- Perform other duties and responsibilities that assist in the efficient and orderly operation of the organization.
- Discuss the financial status of the organization including identification of programs and potential solutions, and the identification of financial strengths and weaknesses.
- Discuss internal organizational difficulties (communications, delegation of responsibilities, etc.) and to assist the officers with resolution of the difficulties.
- Be available to meet with the organization’s officers and/or members when they request help.
- Be familiar with the organization’s national structure and services, if applicable.
- Strongly encourage the organization to adhere to the policies and rules of the University as well as obeying local ordinances and the laws of the State of Florida and the nation.
• Provide constructive criticism when deemed necessary; likewise, positive organizational accomplishments should be appropriately acknowledged.
• Be aware of the fact that at times, he/she will be called upon to serve as a personal confidant in organizational-related matters. This includes providing assistance with problematic situations as it pertains to the organization.
• Have access to university maintained financial records of the respective organization. These records should be periodically reviewed.
• Assist organization with registration and reporting requirements required by the Office of Student Activities.
• Ensure familiarity with the rules and regulations for student organizations as found herein.
• Generate and/or foster genuine enthusiasm and interest in the organization and its activities.
• When leaving the advisor role, assist the organization in the transition by identifying possible new advisors and by meeting with the new advisor and passing on valuable information about the organization.

Removal of Advisor(s) of Organizations - Prior to requesting the removal of an advisor, the organization should endeavor to resolve any issues directly with the advisor. The Vice President for Student Affairs or Associate Vice President for Student Life may remove an advisor of an organization, including a Greek Letter organization, when it is in the best interest of the organization and/or University. Advisors to academically affiliated organizations may only be removed by the dean and/or academic head of the school, college, department or institute.

Supremacy of University Policies, Procedures and Regulations - All organizations, including Greek Letter organizations, must fully comply with the University policies, procedures and regulations, including the procedures and regulations of the department, school, college, or institute if the organization is affiliated with a department, school, college or institute of the University. Any provision of an organization’s by-laws or constitution, whether locally or nationally, which is contrary or inconsistent with a University procedure, regulation or policy (including those of a department, school, college or institute), is superseded by said University procedure, regulation or policy.

Facility and Program Request Approval Requirements for Sponsoring Events and Activities On and Off-Campus - The Facility Request/Approval process allows for a unified collection, review and advertisement (posting) process which produces varied, safe approved events/activities held on and off-campus. The process requires, but is not limited to the following:

a. Brief proposals/agendas (detail description)

b. Building/venue clearance (location/capacity)

c. Registration for student organizations (approval signature of advisor)
d. University/or local telephone number

i. Approval, V.P. Student Affairs or Associate V.P. for Student Life (paid events only)  
j. Approval, University Attorney or Designee (contractual events only)  

**Off-Campus Banking** - The following guidelines must be adhered to for off-campus bank accounts:

1. The club or organization **cannot** use the Florida Agricultural and Mechanical University (FAMU) name.  
2. The club or organization **cannot** use FAMU’s Federal Identification Number (FEIN).  
3. The club or organization **cannot** transfer any university funds into an off-campus account.  

For a more detailed reference on university funds, see Section 1011.42, Florida Statutes – University depositories; deposits and withdrawals from depositories. Also refer to Sections (2) and (3) of said Florida Statute, which state:

“(2) All funds received by a university, from whatever source and for whatever purpose, shall promptly be deposited in a board of trustees approved qualified depository.

(3) The board of trustees shall require an accurate and complete set of accounts to be maintained in the books and records for each fund on deposit in each university depository. Each account shall show the amount subject to withdrawal, the amount deposited, the amount expended, and the balance of the account.”

Failure to adhere to the off-campus banking guidelines may result in the organization being placed on inactive or suspension status.

Family Educational Rights and Privacy Act (FERPA)

The Purpose
The Family Educational Rights and Privacy Act of 1974, most often referred to as “FERPA”, deals specifically with the educational records of students, affording them certain rights with respect to those records. For purposes of definition, education records are those records which are:

1) Directly related to a student and
2) Maintained by an institution or a party acting for the institution.

FERPA gives students who reach the age of 18 or who attend a postsecondary institution the right to inspect and review their own education records. Furthermore, students have other rights, including the right to request amendment of records and to have some control over the disclosure of personally identifiable information from these records.

FERPA applies to the education records of persons who are or have been in attendance in post-secondary institutions, including students in cooperative and correspondence study programs. FERPA does not apply to records of applicants for admission who are denied acceptance or, if accepted, do not attend an institution. Furthermore, rights are not given by FERPA to students enrolled in one component of an institution who seek to be admitted in another component of an institution.

For additional facts, details, and information on FERPA, please refer to the heading, “Student Records Management Procedures” under the section on “Student Consumer Rights and Responsibilities” of the University Catalog, which may be accessed online via www.famu.edu.

(l) The student’s enrollment status will remain unchanged pending the University’s final decision in the matter, except where the President or President’s designee determines that the safety, health, or general welfare of the student, other students, or the University and/or its employees is involved. If a student’s privileges are temporarily revoked as described in this paragraph, but the student is subsequently found not responsible for the violations, the University will:
1. Correct any record of the change in enrollment status in the student’s permanent records and reports in a manner compliant with state and federal laws; and

2. Refund to the student a pro rata portion of any charges for tuition and out-of-state fees, as appropriate, if the temporary revocation or suspension of the student’s ability to attend classes lasts for more than ten (10) business days.

(m) At the conclusion of the appeals process, the decision of the President or the President’s designee shall be final. The final order shall include notice to the student of the right to appeal to an external judicial forum, as appropriate.

(2) Additional due process protections as may be provided by regulation or policy of the Board of Governors shall also be applicable to cases involving academic dishonesty or violations of the Student Code of Conduct as indicated by said regulation. Refer to Board of Governors Regulation 6.0105.

**Student Code of Conduct - Regulation 2.012**

(1) The Student Code of Conduct (“Code”) applies the principles and freedoms found in University Regulation 2.013, Due Process, Other Rights, and Responsibilities, by promoting responsible freedom for all students. This Code seeks to apply the principle of responsible freedom as it guides the conduct of Florida A&M University (“University”) students. The responsibility to know and abide by the Code ultimately lies with the student.

(2) As members of the University community, students enjoy the rights and privileges that accrue to such membership including, but not limited to, academic freedom and participation in the decision-making processes of the University. Additionally, students are subject to the obligations and duties that accompany this membership and are responsible for compliance with the requirements of law and University regulations, policies, and procedures. It is incumbent upon members of the University community to notify the appropriate judicial body or officials of a violation of this Regulation, to encourage all to comply with them, and assist in their enforcement by testifying as witnesses when called upon to do so. Accordingly, all alleged violations of the Code shall be referred to the University Judicial Officer. Students, faculty, and staff, stakeholders, or other individuals with knowledge, may report violations of the Code, in writing, to the Judicial Office.
(3) The University has zero tolerance for violation of any provisions of the Code as well as the Anti-Hazing Regulation 2.028 and Alcoholic Beverages Regulation 3.021. “Zero tolerance” means that given the factual circumstances of the alleged violation the charged student may be removed from University Housing and receive a penalty up to suspension or expulsion from the University.

(4) Due process protections in accordance with University Regulation 2.013 will be appropriately accorded the charged student.

(5) If the Judicial Officer or his/her designee believe after a review of the allegations that the allegations have merit, the student will be issued, in writing, an Administrative Request to Appear at an information briefing before the Judicial Officer or his/her designee. At the information briefing, the Judicial Officer or his /her designee will explain to the student the elements of due process that will be afforded.

(a) University disciplinary proceedings may be instituted against a student charged with a violation of the law that is also a violation of the Code. The University reserves the right to proceed under the Code with a hearing and the possible imposition of a sanction prior to, concurrent with, or subsequent to civil litigation, criminal arrest, and/or criminal prosecution.

(b) Normally, the University will proceed with an alleged violation of the Code prior to any final disposition of the Courts.

(c) Determinations made or sanctions imposed under the Code shall not be subject to change because criminal or civil charges arising out of the same facts giving rise to violation of University rules and regulations were dismissed, reduced, or resolved in favor of or against the charged student.

(d) Any admission of guilt, responsibility or statement against the student’s interest made by a student at off-campus proceedings shall be conclusive for University purposes.

(e) A verdict of guilty, a plea of guilty, a plea of no contest (nolo contendere) or similar plea in a court of law by a charged student will operate as a conclusive finding that the student is “responsible” for the purpose of student conduct proceedings.

(f) Prior to the entry of a Recommended Order, the University may amend its charge(s) based on information obtained through an outside proceeding when that information is relevant to activity adversely affecting the University community.

(g) The University will cooperate fully with law enforcement agencies in any criminal prosecutions to the extent permitted by law.

(6) **Jurisdiction.** Discipline may be imposed for offenses against the Code occurring at any of the following locations or activities:

68
(a) University campus;
(b) University owned or controlled property;
(c) University premises, including, but not limited to, fraternities, sororities, and organizations property;
(d) Activities sponsored by the University wherever they may occur;
(e) Activities officially approved by the University that are conducted by University certified organizations wherever they may occur;
(f) Activities occurring off campus, either university or non-university related.

(7) **Sanctions.** A student found responsible for a violation or violations of the Code shall be subject to sanctions commensurate with the offense with consideration given to any aggravating and mitigating circumstances, including but not limited to, the student’s conduct record. The student will be deemed to have knowledge of his or her record of previous conduct violations and sanctions. If a student does not complete a sanction by the required deadline, a hold may be placed on the student’s record. Sanctions include one or more of the following, unless otherwise expressly provided:

(a) **Expulsion** from the University. The student is permanently deprived of his/her opportunity to continue at the University in any status.

(b) **Suspension** from the University for a period not to exceed five (5) years which may also include restricted access to campus and/or other specified activities. The student must comply with all conditions imposed by the hearing body or University official prior to re-enrolling. Students who are suspended for more than one year will need to apply for re-admission to an ad hoc review board appointed by the President or Vice President for Student Affairs.

(c) **University/Community service.** The student is required to complete a specified number of hours of service to the campus or general community.

(d) **Probation** for a specified period which shall not exceed a total of time needed by the student to complete requirements for graduation. (8) A charged student may request an opportunity to provide testimony to the Judicial Officer against other students who are charged with violations of the Code arising out of the same incident or circumstances, including the student’s own involvement, in exchange for imposition of sanction(s) by the Judicial Officer. Under this provision, the student waives his/her right to a hearing and/or appeal. The provision of testimony against other students will be considered a mitigating factor in determining sanctions.

(9) **Definitions.**

(a) **Expulsion** – A student shall be deprived of his/her opportunity to reenter the University. The student is permanently separated from the University.
(b) **Suspension** – Separation of the student from the University for a definite period of time. Students seeking medical assistance for another person while simultaneously violating the alcohol and/or drug regulation may also be eligible. Students who qualify for Amnesty are required to complete educational measures and pay any incurring costs. It is the expectation that a student uses Amnesty only once. If a student is involved in subsequent alcohol and/or drug abuse incidents, the incident will be reviewed for violation of the Code.

(11) The Judicial Officer may defer or suspend a finding of responsibility pending completion of specific sanctions where circumstances warrant. If a student successfully completes the required sanctions, the student’s conduct record may be sealed. In addition to any other penalties that may be imposed, the individual or student may be denied admission or further registration, and the University may invalidate academic credit for work done by a student and may invalidate or revoke the degree based upon such credit if it is determined that the student has made false, fraudulent, or incomplete statements in the application, residence affidavit, or accompanying documents or statements in connection with, or supplemental to, the application for admission to or graduation from the University.

(v) **Traffic.** Obstruction of the free flow of pedestrian or vehicular traffic on University premises is prohibited.
(w) **Drugs.** Use, possession, manufacture, cultivation, distribution or sale of illegal drugs and/or controlled substances is prohibited. (x) **Alcoholic Beverages.** The violation of alcoholic beverages is defined as noted in FAMU Regulation 3.021.

(y) **Harassment.** Words, conduct or action of a repeated nature being directed at a male or female, that annoys, alarms or causes substantial emotional distress to the male or female is prohibited.

(z) **Extortion.** The act or practice of obtaining something or compelling some action by force, coercion, intimidation or threat is prohibited.

(aa) **Disorderly Conduct** encompasses the act or acts, disorders and neglect which affect the peace, harmony, and well-being of the University community to the prejudice of good order and discipline. Disorderly conduct includes, but is not limited to the use of profanity in public, drunkenness in University buildings and grounds, and the use of insulting or defamatory language.

(13) **Time Limit.** The time limit for filing a charge against a student for violation of the Code should be filed within six months of the date the violation was committed or discovered, whichever is later. The University Judicial Officer may exercise professional discretion when applying the time limit for filing a charge against a student when there are circumstances that warrant a waiver of the six months from the date of discovery. Circumstances that may warrant a waiver include but are not specifically limited to: stalking, sexual misconduct, or relationship violence, in which the delay may be related to issues of victimization; requests from law enforcement not to take action or concern for the safety of witnesses. The written notice of the charge of violation to the charged student should proceed the actual hearing date or information briefing with the charged student by no less than four business days, except in an emergency. A hearing shall normally be scheduled within fifteen business days of the date of the notice of the charge of violation to the charged student, unless the charged student and the Judicial Officer or his/her designee agrees in writing to a later hearing date or unless there are extenuating circumstances. Extenuating circumstances that may warrant a delay of a hearing include, but are not specifically limited to: unavailability of witnesses, illness, death, pending civil or criminal proceedings which might prejudice University findings; an on-going related law enforcement investigation, and written requests for continuance from an attorney secured by the charged student or from the University attorney.

(14) **Summary Suspension/Expulsion.** The University may summarily suspend or expel any student or group of students, pending a hearing at a later date if requested, under the following circumstances:
(a) The continued presence of the student on campus is likely to create interference with the educational process and/or the orderly operation of the University.

(b) The continued presence of the student on campus is likely to endanger the health, safety, morals, welfare or property of the University community.

(c) The offense or conduct committed by the student is of such a serious, heinous or repulsive nature, as to adversely affect the University community and the student’s suitability as a member of the academic community.

(15) Other University Boards.

(b) University Housing Conduct Boards may conduct informal hearings regarding cases arising in University housing where the charged student is a resident of University housing. University Housing Hearing Officers include the Director, Associate and Assistant Directors and designees.

(c) Matters involving a club and/or organization may be referred to the Organization Review Board Committee by the Dean of Students and Director of Judicial Affairs/University Judicial Officer.

(16) Summary Suspension/Expulsion for Criminal Conviction. The President or Vice President for Student Affairs may summarily suspend or expel any student, pending a hearing at a later date if requested, who is convicted of or pleaded guilty to a criminal offense of a kind which interferes with the educational orderly operation of the university, or a kind which, if the student were allowed to remain enrolled, would endanger the health, safety, morals, welfare or property of the members of the academic community.

(17) A student who fails to respond to an Administrative Request to Appear shall be prohibited from attending classes and participating in extra-curricular activities until compliance with the Administrative Request to Appear is effected.

(18) Postponement. A student charged with a violation of the Student Code of Conduct, regardless of which judicial body may hear the matter, may request to have the hearing postponed and such postponement may be granted provided the student requests it in writing and agrees to accept the imposition of probation, suspension or withdraws from the University voluntarily, depending upon the gravity of the offense. Such probation, suspension, or withdrawal will be recommended by the University Judicial Officer to the Vice President for Student Affairs, who shall make a determination. Action taken shall remain in force until such time as the student requesting a hearing appears before the appropriate hearing body and a hearing is held. The student shall be informed whether
he/she would be placed on probation or would be suspended prior to his/her making a decision to postpone the hearing.

(19) Students are required to carry a Florida A&M University picture identification card at all times. Failure to do so, may subject them to reasonable detention by appropriate University authorities.

(20) In addition to the right of University officials to enter a student’s room in University housing pursuant to the terms of the Housing Agreement, officials may enter when an emergency exists, where there is reasonable cause to believe there is a clear and present danger or where there is a reasonable belief that contraband is present which interferes with the educational process of the University, or where the health, safety and morals of the University community are in imminent and apparent danger.

(21) **Informal Disposition.** In the event a student charged with an offense wishes to waive, in writing, his/her right to a hearing and/or an appeal of a hearing to the appropriate official or hearing body, including external judicial or administrative forums, bodies or entities, and the University Judicial Officer wishes to accept jurisdiction, the University Judicial Officer may make a determination of facts and, if the student is found responsible for the offense, make a recommendation of sanction(s). The student’s written waiver shall be obtained after being given an explanation of the charges against him/her and of his/her rights to a hearing and appeal under the Student Code of Conduct. The student shall have two (2) business days from the date of signing the waiver to rescind, in writing, his/her waiver and request a hearing. In the absence of a rescission of waiver, the student shall be informed in writing of the decision of his/her case within ten (10) business days from the date of the waiver. Should the student elect to proceed under this provision and fails to complete the process, a judicial hold may be placed on the student’s account.

(22) **Student Supreme Court.** When a student is charged with a violation, which in the opinion of the University Judicial Officer, if proven, would not warrant a penalty in excess of probation, the University Judicial Officer may channel the case to the Student Government Association Supreme Court.

(23) In the event the offense charged is within the jurisdiction of more than one primary hearing body, the University Judicial Officer shall determine which primary hearing body shall hear the charge.

(24) **Appeals.** Decisions of the Student Supreme Court pursuant to subsection (22) above, Residence Life informal hearing panels and administrative hearing panels are appealed to the Associate Vice President for Student Affairs. At the conclusion of the appeal process, the decision of the President or the Vice President for Student Affairs shall be final, and made known via a final order.

(a) The student has ten (10) business days from the date of the written notification of the decision by the hearing body to make his/her appeal in writing and file same with the Office of the Dean of Students.
(b) The written appeal must specify reason(s) why consideration should be granted and should only deal with matters of record, procedure, testimony and/or evidence.

(c) No student’s final penalty shall begin to run until all University appeals are exhausted or denied, except as specified under subsections (14) and (16) above.

(25) Record. A digital recording of each hearing will be made by the Chairperson and preserved. Retention of the record is subject to the General Records Schedule GS5 for universities and community colleges. Deliberations shall not be recorded. During the appeal period, the charged student, with or without the company of legal counsel, and/or advisor, and/or parent with the written authorization of the charged student will be granted permission to listen to the recorded testimony under arrangements as determined by the University Judicial Officer, with the express understanding that the record is to remain confidential to the extent provided by law. The student may, at his/her own expense, arrange for the making of a full transcript of the recording by employment of a stenographer. Other than the above modes of recording the hearing, other mechanical, electronic devices for recording or broadcasting shall be excluded from the hearing. If the student chooses to appeal, the record shall be made available to the charged student and the President or Vice President for Student Affairs or his/her designee.

(26) Emergency Hearings. The President of the University or Vice President for Student Affairs reserves the right to appoint an ad hoc committee to hear matters regarding, but not specifically limited to, the subject matter of subsections (14) and (16) above. The chairperson of the committee, who may be an academic dean or director, shall be appointed by the President or Vice President for Student Affairs. Unless an ad hoc committee is appointed, the matter shall ordinarily be heard by the hearing body (panel) and chaired by a staff member of the Judicial Affairs Office.

(a) The student shall have five business days from the date of the notice to request in writing an emergency hearing at which the student may show cause why his or her continued presence on the University campus is not a threat pursuant to subsections (14) and/or (16) of the Code.

(b) The emergency hearing shall be held within five business days of receipt of the written request from the student for an emergency hearing. The emergency hearing shall not abrogate the right of the student to request in writing a regular (non-emergency) hearing on the merits of the case, i.e., whether the student committed the alleged offense or offenses under the Code. The written request from the student for a regular (non-emergency) hearing on the merits of the case must also comply with the specified time period for requesting a regular (non-emergency) hearing as stated in the notice to the student which normally is ten (10) business days. Should a student timely request both an emergency and regular hearing, the Judicial Officer may combine the hearings into one proceeding. If the hearings are combined, the timeframes for an emergency hearing shall govern.
(c) If the student fails to timely request in writing a regular (non-emergency) hearing on the merits of the case, the Judicial Officer in his/her sole discretion may accept a written request from the student to proceed with informal disposition. The written request must be submitted within ten (10) business days following the emergency hearing. Should the student fail to submit a timely request for informal disposition, the Judicial Officer shall make a determination of facts and appropriate sanction(s). The student shall not have a right to appeal under this provision.

(27) The hearing body, ad hoc committee or University Judicial Officer shall afford the charged student with due process as, provided by FAMU Regulation 2.013, and/or Board of Governors Regulation 6.0105(c). The regulations or codes implementing the due process provisions as well as other matters referenced in said rules but not included herein shall be printed in the student handbook, the FANG, under the section entitled “Student Rights, Responsibilities and Code of Conduct.”

(28) Notice. Students who have a change of address after registration must file a change of address form at the Office of the University Registrar and/or via the iRattler. All notices, decisions and outcomes of judicial matters connected with the disciplinary process will be mailed to the student’s last known local address as filed with the Registrar’s Office and/or via iRattler or sent via e-mail to the student’s University provided e-mail address or permanent address if no local address is on file. This method shall constitute proper notification to the charged student.

(29) Hearing Guidelines. Disciplinary hearings shall be conducted in accordance with the following guidelines:

(a) All hearings shall be closed to the public unless required by law.

(b) The Complainant, charged student and his/her advisor, if any, shall be allowed to attend the entire portion of the hearing at which information is received, excluding deliberation. No other person shall be permitted to attend.

(c) In judicial hearings involving more than one charged student, the University Judicial Officer or the chairperson, in his or her discretion, may permit the hearing concerning each student to be conducted separately or jointly. Information received during a hearing arising out of the same circumstances may be used.

(d) The Complainant and the charged student have the right to be assisted by an advisor they choose, at their own expense. The advisor may be an attorney. The Complainant and/or the charged student are responsible for presenting his or her own information, therefore advisors are not permitted to speak or participate directly in any hearing before a judicial hearing body. An advisor may not serve as a witness. A student should select an advisor whose schedule allows attendance at the scheduled date and time of the hearing because delays will not normally be allowed due to the scheduling conflicts of an advisor. The student must provide,
in writing, to the University Judicial Officer or the chairperson of the hearing body, the name, mailing or email address, and phone number of his/her advisor at least three business days prior to the hearing date.

(e) The Complainant and the charged student may arrange for witnesses to present pertinent information to the hearing body. The University will try to arrange the attendance of possible witnesses who are members of the University community, if reasonably possible and who are identified by the Complainant and/or the charged student at least three business days prior to the judicial hearing. Witnesses will provide information to and answer questions from the hearing body and the charged student. No witness may be compelled to provide self-incriminating information. Witness statements may be provided to the hearing body and are entitled to be given the same weight by the hearing body as live witness testimony. A written statement is not a violation of the due process rights of the charged student, as the charged student has the opportunity to review and respond to the written statement and may offer evidence to rebut the witness statement and other evidence presented at the hearing.

(f) If the charged student fails to appear at the hearing after being properly notified or fails to cooperate in the hearing process, the hearing body may hear the case on the basis of evidence accumulated as a result of witnesses and shall notify the charged student of the decision. In the absence of the charged student, the plea of not responsible shall be entered on the student’s behalf by the chairperson of the hearing body.

(g) A charged student may request only one postponement of a judicial hearing by contacting in writing the University Judicial Officer at least three business days prior to the hearing. Postponement of the hearing shall be at the discretion of the University Judicial Officer or his/her designee.

(h) Witnesses shall not serve as advisors at any judicial hearing. At the time of the hearing, an automatic postponement shall be granted if the composition requirements of the hearing body are not met.

(i) If any member of the hearing body feels that he or she had previous contact with the case or with the students involved so that a fair judgment cannot be rendered, the member must request that he or she not serve for the hearing. The charged student may request that any member of the hearing body be excused whenever the student can show a bias on the part of the member. The chairperson of the hearing body will decide on such challenges and, if appropriate, ask the member to excuse him or herself. If the chairperson of the hearing body is challenged by the student, the hearing body will decide by a majority vote whether or not the chairperson should be requested to excuse him or herself, notwithstanding that the chairperson does not vote on whether the charged student is responsible or not responsible for violating the Code.

(j) A charged student may be diverted from the disciplinary process or hearing if
prior to or during the disciplinary process or hearing, it is determined by Associate Vice President for Student Affairs/Dean of Students pursuant to Sections (6-13) of University Regulation 2.007, Voluntary and Involuntary Withdrawal, that the charged student has a mental disorder and the objectionable behavior appears to be a result of the mental disorder.

(k) Pertinent records, exhibits, and written statements may be accepted as information for consideration at the discretion of the chairperson of the hearing body.

(l) All procedural questions are subject to the final decision of the chairperson of the hearing body.

(m) After the portion of the judicial hearing concludes in which all pertinent information has been received, the hearing body shall determine by a majority vote whether the charged student is responsible or not responsible for violating each section of the Code which the charged student is charged. The chairperson of the hearing body cannot vote. Prior records of student conduct action and witness/complainant impact statements are considered by the hearing body only in the sanctioning phase of deliberations.

(n) Formal rules of process, procedure, and/or technical rules of evidence, such as are applied in criminal or civil court proceedings, are not used in judicial hearings.

(o) The burden of proof in all judicial hearings shall be on the complainant. A “preponderance of evidence” shall constitute the burden of proof standard in all judicial hearings.

(p) The University Judicial Officer and/or the chairperson of the hearing body, under extraordinary circumstances, may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Complainant, charged student, and/or witnesses during the hearing by providing separate waiting rooms and/or by permitting participation, when feasible, by video conferencing, videotape, audio tape, or other means.

(q) The disciplinary hearing body is comprised of faculty members, staff members, administrators and students. The composition is variable from four to six (4-6) persons, depending upon the nature of the violation. At least one-half of the membership must be students.

(r) The above guidelines for conducting a judicial hearing are not exhaustive. Therefore, the University Judicial Officer may adopt additional guidelines for the conduct of judicial hearings that are not inconsistent with the provisions of this Code. Such procedural guidelines must be approved by the Vice President for Student Affairs or his/her designee and must be in writing and made available to the charged student and all witnesses at least three business days prior to the hearing.
(30) **Victim Rights.** Victim is defined as the person harmed by a violation of the Code by the charged student. Victims of violations of the Code have the following rights in accordance with all federal and state laws:

(a) To have an advisor of the alleged victim’s choice accompany him/her when presenting information to the hearing body and to any other relevant meetings held throughout the disciplinary process.

(b) To submit a victim impact statement to the hearing body. This information may be used only in the sanctioning phase of deliberations, if the charged student is found responsible for the violations/charges. If the charged student appeals the decision on the basis of severity of the sanction imposed, he/she will have the right to view the victim’s impact statement upon written request.

(c) To have unrelated past behavior excluded from the hearing. The University Judicial Officer or chairperson of the hearing body will decide if such information is unrelated.

(d) To submit questions to the Judicial Office at least three business days prior to the hearing. The University Judicial Officer will decide whether the questions are relevant and should be presented at the hearing.

(e) To be present throughout the hearings, or portions thereof, at the discretion of the University Judicial Officer.

(f) To have personal property returned to him/her if in the current possession of the University. The determination of when this property may be returned is left to the University Judicial Officer and/or University Department of Public Safety.

(g) To be notified of the outcome, including both the decisions and the sanctions of the disciplinary process.

(h) For victims of sexual misconduct, refer to additional rights noted under subsection (12) (q) above.

(31) Unless specifically stated otherwise herein, the provisions of this Code should be read and interpreted broadly, and are not intended to define misconduct in exhaustive terms. The Judicial Affairs Office may adopt internal operating procedures which are consistent with this Code. In instances where there may be conflict between the internal procedures and the Code, the Code shall supersede.

(32) **Review of Code.** The Student Code of Conduct shall be reviewed on a biennial basis under the direction of the Director of Judicial Affairs who shall appoint a committee, with student representation, to evaluate the Code and make recommendations, if any, for amendments or revisions.
Alcoholic Beverages – Regulation 3.021

(1) This regulation shall govern the possession, service, sale, consumption or distribution of alcoholic beverages at any and all Florida Agricultural and Mechanical University (FAMU) sponsored activities and events; at any and all facilities or properties operated under the jurisdiction of FAMU; and by any and all trustees, administrators, faculty, staff, students, direct support organizations, vendors and guests attending such FAMU sponsored activities and events. As used in this regulation, the term “alcoholic beverage” includes beer, wine, hard liquor, distilled spirits, mixed drinks, fermented beverages and other beverages containing alcohol.

(2) FAMU recognizes the serious nature and potentially harmful effect of using alcoholic beverages in the workplace and academic settings. Therefore, the manufacture, distribution, dispensation, possession, service, sale, consumption or use of alcoholic beverages in all facilities or upon properties and grounds leased, owned or operated by FAMU is prohibited unless specifically permitted as set forth below.

(3) Upon satisfaction of all legal and regulatory requirements, the possession, service, sale, consumption or distribution of alcoholic beverages at FAMU is restricted as follows:

(a) No alcoholic beverages may be possessed, served, sold, consumed or distributed at the University except the following FAMU Designated Areas: President’s Box (Bragg Stadium); Alumni House; Faculty Club House; Center for Viticultural Sciences & Small Fruit Research Center for Water Quality; and Alfred Lawson Multipurpose Teaching Gymnasium.

(b) No individual under the legal drinking age of 21 may serve, sell, purchase, distribute, consume or possess alcohol on FAMU properties or at FAMU sponsored activities or events except to the extent permitted by law or unless specifically engaged in an approved and supervised academic program that does not involve the actual ingestion of alcohol by an individual under the legal drinking age.

(c) Alcoholic beverages must be served by a licensed and insured third party vendor, who is properly trained regarding Florida’s underage drinking laws and who has appropriate permits. Alcoholic beverages shall not be served to persons under the legal drinking age.

(d) All members of the FAMU community (trustees, administrators, faculty, staff, students, direct support organizations, vendors and guests) must adhere to all applicable federal or state laws, local ordinances and FAMU regulations and contracts related to the possession,
service, sale, consumption or distribution of alcoholic beverages at the FAMU Designated Areas as appropriate. The requisite permit for the sale of alcoholic beverages must be obtained from the Division of Alcoholic Beverages and Tobacco of the State of Florida.

(e) A written document, contract or agreement, facility request form, memorandum or letter describing the type of event, number of attendees and appropriate event controls shall be submitted to the President or President’s designee for approval at least two (2) weeks prior to the scheduled date of the event at the FAMU Designated Areas. Approval may be granted based on demonstrated intent to comply with the requirements set forth in this regulation and proof of appropriate licenses and permits for such events. Any event which will have student attendance also will require the approval of the Vice President for Student Affairs and the Dean of Students.

(f) Individuals or groups who are approved to have an event where alcoholic beverages will be served or consumed at the FAMU Designated Areas will be held responsible for the event. Any announcement or advertisement, including but not limited to a flyer, notice, poster, banner, tee-shirt, promotional item, newspaper and radio advertisement concerning the event shall note the availability of non-alcoholic beverages at the event as prominently as the availability of alcoholic beverages and note that proper identification is required in order to be served or sold alcoholic beverages, and shall not make reference to the amount of alcoholic beverages to be served at the event. Such advertisements or announcements shall not portray the drinking of alcoholic beverages as a solution to personal or academic problems or as necessary to social, professional, political, personal or academic success.

(g) The only alcoholic beverages that may be served, sold, purchased, distributed, consumed or possessed at FAMU are those alcoholic beverages served at the activity or event, and the served alcoholic beverages must be consumed within the facility or space designated.

(h) The FAMU Department of Public Safety (Department) must be notified of any and all events involving the possession, service, sale, consumption or distribution of alcoholic beverages at FAMU. The Department will determine if a uniformed member of, or substitute by the Chief, must be present during the event. In such cases, the Department’s expense must be paid by the sponsoring individual(s) or group(s) unless waived by the President or President’s designee.

(4) Notwithstanding the provisions of this regulation, requests related to the possession, service, sale, consumption or distribution of alcoholic beverages outside of the FAMU Designated Areas must be considered by the FAMU Board of Trustees. Any and all approvals by the FAMU Board of Trustees must be consistent with the requirements set forth in this regulation.

(5) The possession, service, sale, consumption or distribution of alcoholic beverages in the absence of the appropriate approval(s) identified herein is a direct violation of this regulation.

Specific Authority: Article IX, Section 7(c), Florida Constitution, BOG Regulation 1.001. History: New February 10, 2011.

The Millennial FAMUan: Dress Standards*

The dress standards are based on the theory that learning to use socially acceptable manners and selecting attire appropriate to specific occasions and activities are critical factors in the total educational process. Understanding and employing these behaviors not only improves the quality of one's life, but also contributes to optimum morale, as well as embellishes the overall campus image. They also play a major role in instilling a sense of integrity and an appreciation for values and ethics.

The continuous demonstration of appropriate manners and dress insures that the students meet the very minimum standards of quality achievement in the social, physical, moral and educational aspects of their lives - essential areas of development necessary for propelling students toward successful careers. At Florida A&M University, students should dress in a way that shows respect for not only themselves, but all other students. We believe FAMUANS would expect students attending the University to dress in ways that uplift their sense of decency, culture and professionalism. The right of students to include in their wardrobe a broad array of various types, styles, colors, and expressions is fully recognized. All students, however, have a vested interest in the image of Florida A&M University, and certain types of clothing tend to reflect negatively upon the University and tend to disrupt the educational process.

Students will be denied admission to various functions if their manner of dress is inappropriate. Inappropriate shall be defined as anything that may cause a disturbance to the
learning environment. On this premise students at the University are expected to dress neatly at all times.

Examples of inappropriate dress and/or appearance include but are not limited to:

- Pajamas, midriffs or halters, mesh, netted shirts, tube tops, cutoff tee shirts, scarves, caps, pants below waistline revealing undergarments, do-rags and/or hoods in classrooms, dining halls, snack bar, library, student center, and offices. This policy does not apply to headgear considered as a part of religious or cultural dress.

- Bare feet anywhere on campus except inside a residence hall.

- Clothing with derogatory, offensive and/or lewd messages either in words or pictures.

- All of the aforementioned items, including shorts and jeans of any color at major programs such as Musical Arts, Convocations, Commencements, Career Fair, or other programs dictating professional, dressy, or formal attire.

All administrative, faculty and support staff members will be expected to monitor student behavior applicable to this dress standard and report any such disregard or violations to the Dean of Students Office.

*Note: The aforementioned standards contain excerpts from the University of Maryland Eastern Shore and Hampton University.*

*BOT Approved 04/05/12. The dress standards shall be officially enforced at the beginning of Fall Semester 2012 and thereafter.*

**Parental Notification of Alcohol and Drug Violations**

The policies and procedures of the University as related to Alcohol and Drug Use and Disclosure are as follows:

- The unlawful possession, use or distribution of drugs and alcohol by students or employees affiliated with the University are prohibited.

- It is the policy of Florida A&M University to notify the parents of dependent students under the age of 21 who violate laws governing the use of possession of alcohol or other controlled substances. This includes federal, state and local laws, rules and regulations.
