GENERAL INFORMATION

Historical Overview

Florida Agricultural and Mechanical University (FAMU), founded on October 3, 1887, as the State Normal College for Colored Students, began classes with 15 students and two instructors. FAMU’s destiny—to become an institution of higher learning, striving toward even greater heights of academic excellence. Today, Florida A&M University is one of 11 institutions in Florida’s State University System, and excellence—"Excellence with Caring"—remains its goal.

Leading the State Normal College through its infancy were two distinguished citizens and educators. They were Thomas DeSaille Tucker, an outstanding attorney from Pensacola who was selected as the college’s first president, and Thomas Van Rennasaler Gibbs, a state representative from Duval County who was Tucker’s top assistant. In 1891, the college received $7,500 under the Second Morrill Act for agricultural and mechanical arts education; thus, it became Florida’s land grant institution for blacks. The college was moved from Copeland Street (now the site of Florida State University) to its present location, and its name was changed to the State Normal and Industrial College for Colored Students. It was at this new site that President Tucker initiated his plans for institutional growth and development.

In the 1900s, this young institution flourished under the leadership of Nathan B. Young. In 1905, management of the college was transferred from the Board of Education to the Board of Control. This event was significant because it officially designated the college as an institution of higher education. The name was changed in 1909 to Florida Agricultural and Mechanical College for Negroes (FAMC). The following year, with an enrollment of 317 students, the college awarded its first degrees. In spite of a setback caused by a tragic fire that destroyed Duval Hall (the main building which housed the library, administrative offices, cafeteria and other college agencies), progress was made when Andrew Carnegie presented a gift of $10,000 to the University for the erection of a new library facility. This facility held the distinction of being the only Carnegie Library located on a black land-grant college. President Young directed the growth of the college, with limited resources and expectations, to a four-year degree-granting institution, offering the Bachelor of Science degree in education, science, home economics, agriculture, and mechanical arts.

Under the administration of John Robert Edward Lee, Sr., Florida A&M College acquired much of the physical and academic image it has today. Buildings were constructed; more land was purchased; additional faculty were hired; courses were upgraded; and accreditation was received from several state agencies. By 1944, Florida A&M College had constructed 48 buildings, accumulated 396 acres of land, and had 812 students and 122 staff members. In 1949, under the guidance of William H. Gray, Jr., expansion, along with reorganization, continued; the college obtained an Army ROTC unit, and student enrollment had grown to more than 2,000.

Perhaps the greatest achievement under the presidency of Dr. George W. Gore, Jr. [1950-1968], was the elevation of the school to university status. In 1953, the college’s name and status was changed by legislative action from Florida Agricultural and Mechanical College to Florida Agricultural and Mechanical University (FAMU). Obtaining university status meant restructuring existing programs and designing new academic offerings to meet the demands of producing quality
students at the professional and graduate levels. Between 1953 and 1968, the Schools of Pharmacy, Law, Graduate Studies, and Nursing were also created.

During the years 1950-68, the university experienced its most rapid growth. Twenty-three buildings were erected, with construction and renovation costs totaling more than $14 million. These facilities included: the Dairy Barn, Faculty Duplexes, Law Wing of Coleman Library; Gibbs, Tucker, and Truth Halls; Agriculture and Home Economics Building (Perry Paige), Student Union Building, Demonstration School Building and Cafeteria; Health and Physical Education Building, Music and Fine Arts Complex, High School Gymnasium and Stadium. The hospital was completed and operative. The university’s staff was increased by more than 500. At this time, the four-quarter plan was implemented, and the school became the first Negro institution to become a member of the Southern Association of Colleges and Schools. Enrollment increased to more than 3,500.

With Dr. Benjamin L. Perry, Jr., at the helm, the 1970s brought further growth to Florida A&M University. FAMU experienced a decade of rapid transition during a time when federal laws were demanding a desegregated unitary system. His administration is credited with the preservation of FAMU’s autonomy. In 1971, FAMU was recognized as a full partner in the nine-university, public higher education system of Florida. The program and academic areas within the institution were extended to include the Black Archives Research Center and Museum, established as a state repository for black history and culture; the Division of Sponsored Research; the program in medical sciences, in conjunction with FSU and the University of Florida; the development of the School of Architecture; a Naval ROTC unit; establishment of the cooperative programs in agriculture; and a degree-granting program in Afro-American Studies. Enrollment at FAMU increased from 3,944 (1969) to 5,024 (1970). The university was reorganized into academic areas instead of departments. The physical plants were improved by the construction of the Women’s Complex (apartment type dormitory), Clifton Dyson Pharmacy Building, new poultry building and dairy cattle resting shed and renovation of University Commons, Coleman Library, Tucker Hall and the FAMU Hospital into the presently named, Foote-Hilyer Administration Center (FHAC).

The 1980s served as a model for productive development at Florida A&M University. Under the administration of Dr. Walter L. Smith, the university grew to eleven schools and colleges, and a division of graduate studies, research, and continuing education. In 1984, the university was granted the authority to offer its first Doctor of Philosophy degree, the Ph.D. in Pharmacology. The ’80s also saw the expansion of the Gaither Athletic Center, which includes the construction of a new Women’s Athletic Complex equipped with a track, an Olympic pool, men’s and women’s weight training rooms, and softball and baseball fields. Bragg Memorial Stadium was renovated and expanded to provide seating for some 25,500 spectators, and a modern field house was erected. The old laundry was converted into the Industrial Education Classroom-Laboratory. New facilities were constructed to house the Schools of Allied Health Sciences, Architecture, Business and Industry, and Nursing. Construction and renovation projects amounted to more than $34 million. Under the leadership of Dr. Smith, the university launched the Centennial Celebration Fund for establishment of a university endowment.

In 1985, construction of a new corridor of history begun as Dr. Frederick S. Humphries became the eighth president of Florida A&M University. Under his leadership, FAMU experienced significant growth and unsurpassed accomplishments. President Humphries had the distinction of presiding over the University’s Centennial Celebration: October 2, 1986-December
31, 1987. This commemorative event, which centered upon the theme, “A Legacy to Preserve-A Future to Design,” was initiated with the president’s inauguration, highlighted with many activities (lectures, concerts, convocations, etc.) and honors, and culminated with the burial of a time capsule.

Dr. Humphries’ unique administrative initiatives heightened the appeal for FAMU to high school students, parents, and other members of the public. Some of the achievements made during President Humphries’ administration include the following: Florida A&M University received national recognition for record-breaking enrollment. In 1985, enrollment was 5,100. By 1992 these statistics showed total enrollment had nearly doubled with at 9,551. The enrollment for the 1998/99 academic year reached approximately 12,000.

In addition to increased enrollment, the University consistently ranked nationally among the top five colleges and universities for enrolling National Achievement finalists. Due to an aggressive and competitive campaign to attract more talented students, FAMU climbed steadily from fourth place in 1989 to first place (1992, 1995, and 1997), and second place (1993 and 1994), surpassing institutions such as Harvard, Yale, and Stanford. Black Issues in Higher Education also cited FAMU, in 1999, for awarding more baccalaureates to African Americans than any institution in the nation.

FAMU successfully completed requirements for establishing eight Eminent Scholars Chairs through the State Major Gifts Program: the Warner-Lambert Chair in the College of Pharmacy and Pharmaceutical Sciences; the Garth Reeves and the Knight Foundation Chairs in the School of Journalism and Graphic Communication; the Anheuser-Busch, Centennial and Financial Services Chairs in the School of Business and Industry; the Carrie Meek Chair in the College of Education and the Foster Edmonds Chair in the College of Arts and Sciences.

At the 1989 Spring Commencement Exercises, the University awarded its first Ph.D. degree to Hyacinth Chi Akunne in the College of Pharmacy and Pharmaceutical Sciences. The University presented its second doctor of philosophy degree to Fred Foreman (FAMU-FSU College of Engineering) during the 1995 Spring Commencement Exercises. Presently, the University has 11 programs that offer the doctoral degree. They are: pharmaceutical sciences; physics; biomedical, chemical, mechanical, civil, industrial and electrical engineering; educational leadership; environmental science; and entomology - a cooperative program with the University of Florida.

The FAMU Marching “100” Band, under the direction of Dr. William P. Foster, Director of Bands, was invited by the French government to participate in the Bastille Day Parade as the official representative from the United States. This event was held in celebration of the Bicentennial of the French Revolution. The Marching “100” continues to perfect its legacy of excellence, which has resulted in it being labeled as the “Best Marching Band in the Nation” by Sports Illustrated (August, 1992). The band received national recognition, in January 1993, when it performed in the 52nd Inauguration Parade in Washington, D.C., by invitation of President-Elect William “Bill” Clinton.

Tremendous efforts have been made to upgrade facilities and construct new buildings during the past decade. Completed projects include construction of the Benjamin L. Perry General Classroom and Science Research Building; expansion of the School of Business and Industry’s
east and west wings; the FAMU/FSU College of Engineering; the new College of Pharmacy and Pharmaceutical Sciences building; expansion of the School of Allied Health Sciences; a new Student Services Center; a 400-car parking garage; a 360-bed expansion at Palmetto Housing; remodeling and expansion of the Foster-Tanner Complex; and construction of the Frederick S. Humphries Science Research Center. Recently completed projects include the new School of Journaling and Graphic Communication’s building and the Campus Recreation Center. Projects currently under construction include the FAMU Developmental Research School (FAMU-DRS), the Multipurpose Gymnasium and the renovation of the Commons Building.

Most significantly, during the celebration of its 110th Anniversary, TIME Magazine-Princeton Review selected Florida A&M University as the 1997-98 College of the Year. FAMU was selected as the winner from among six finalist including: DePaul University, Chicago; DePauw University, Greencastle, Indiana; the University of Iowa, Iowa City, Iowa; University of California, Los Angeles; Trinity College, Hartford, Connecticut; and the University of California State System. FAMU was the first institution in the country to receive this honor from this magazine.

January 2002, Henry Lewis III, Pharm. D., Dean of the College of Pharmacy and Pharmaceutical Sciences, was appointed interim president by the Board of Trustees.

May 17, 2002, the Board of Trustees named Fred Gainous, Ed. D., an alumnus, the ninth president of FAMU. Prior to his presidency, Dr. Gainous was the chancellor of the State Community College System in Alabama.

December 14, 2004, the Florida A&M University Board of Trustees named Castell Vaughn Bryant, Ed. D., interim president.

February 2007, Dr. James Ammons, chancellor of North Carolina Central University in Durham, N.C., was named the 10th president of Florida A&M University. Dr. Ammons served as provost and vice president for Academic Affairs for Florida A&M University from October 1995 until becoming chancellor of North Carolina Central University in 2001. Dr. Ammons commenced his presidency at Florida A&M University on July 2, 2007.

July 2012, Larry Robinson, Ph.D., was appointed interim president by the University Board of Trustees. Dr. Robinson served as provost and vice president for academic affairs from 2003 to 2005. In 2007, he served briefly as chief operating officer for the University and subsequently as vice president for Research from 2007-2010. Dr. Robinson took a leave of absence from the University to serve as assistant secretary for Commerce for Conservation and Management at the National Oceanic and Atmospheric Administration, where he supported and managed NOAA’s coastal and marine programs, including marine sanctuaries for preserving areas of special national significance, fisheries management to sustain economic prosperity, and nautical charts for safe navigation. He returned to FAMU in November 2011.

President Elmira Mangum, Ph.D. began her tenure as the 11th president of Florida Agricultural and Mechanical University (FAMU) on April 1, 2014.
A seasoned administrator, Dr. Mangum has served at the executive level of nationally recognized institutions of higher learning for more than 28 years. From 2010 until her arrival at FAMU, President Mangum served as vice president for planning and budget at Cornell University.

While at Cornell, Dr. Mangum was the senior administrator charged with managing the university's resources and annual budgeting process. As a change agent, Dr. Mangum was credited with leading a dynamic overhaul that helped the university overcome a structural deficit that stemmed from the economic downturn.

Prior to her successful tenure at Cornell, President Mangum served in various administrative capacities for nine years at the University of North Carolina – Chapel Hill, including serving as senior associate provost. Dr. Mangum’s extraordinary career in higher education leadership began at the University of Wisconsin Extension, Geological and Natural History Survey as an operations specialist. She also held leading positions at the University at Buffalo (SUNY), where she served as an assistant dean, associate provost for resource management, and vice provost.

Dr. Mangum received a bachelor’s degree in geography and education from North Carolina Central University and graduated with honors from the University of Wisconsin-Madison with two-master degrees, one in public policy and public administration and another in urban and regional planning. She received her Ph.D. in educational leadership and policy from the University at Buffalo, where she received distinction for her work on leadership in higher education. Dr. Mangum completed postgraduate training at the Center for Creative Leadership in North Carolina, the Millennium Leadership Institute, the Harvard Graduate School of Education Management Development Program, and Cornell’s Administrative Management Institute.

President Mangum has served on numerous boards where she has made a profound impact in both local and statewide community organizations, including: the HERS Board of Directors, NCCU Creating the Vision Board of Directors, and the Board of Directors of the Network for Change and Continuous Improvement (NCCI). She previously served as chair of the American Association of University Women.

Dr. Mangum is a life member of the National Council of Negro Women and Zeta Phi Beta Sorority, Inc.

FAMU can credit much of its present academic stature to the leadership of its distinguished presidents: Thomas DeSaille Tucker (1887-1901); Nathan B. Young (1901-1923); John Robert Edward Lee, Sr. (1924-1944); William H. Gray, Jr. (1944-1949); George W. Gore, Jr. (1950-1968); Benjamin L. Perry, Jr. (1968-1977); Walter L. All University official academic calendars may be viewed on-line. Go to the FAMU Home Page at www.famu.edu and click on the link for Academics and choose the link for Registrar.

Academic Advising
Seeking academic advising is crucial to a student’s success in selecting an appropriate academic major, making timely progress through the required curriculum, and graduating. Every student is provided advisement assistance by an academic advisor. Students who have not declared a major will be advised through the School of General Studies.

Academic Grievances
The purpose of an academic grievance is to give students a fair review and an opportunity to be heard. Students are normally expected to follow the procedures established by the college, school and/or academic unit in which they are pursuing a course of study; however, academic grievances regarding a course grade must be filed with the college, school and/or academic unit in which the course is offered.

Each college, school and/or academic unit within the University has internal procedures for addressing student grievances pertaining to academic matters. Academic grievance procedures are available in the Office of the Dean of the respective college or school, and in the office of the appropriate officer in charge of an academic unit.

Office of University Assessment
The Office of University Assessment (OUA) is dedicated to supporting continuous improvement at Florida A&M University. The mission of the office is “to promote a culture of evidence-gathering at FAMU through the implementation of a manageable and sustainable assessment process that leads to quality improvement.” This means gathering information about what the
University does to promote the educational success of students, analyzing that information, and looking for ways to continually improve. There are four main goals for the OUA:

1. Academic Improvement – To assess the provision of a distinctive quality undergraduate and graduate educational experience.

2. Service and Support Improvement - To assess the effectiveness of administrative processes and support services.

3. Accountability - To facilitate the implementation of assessment activities in compliance with the accountability goals and measures established by the Board of Trustees and accreditation bodies.

4. Enhanced Communication on Assessment - To promote communication including training, related to student learning outcomes among administrators, faculty, staff and students.

The University recognizes the importance of university-wide assessment activities in continuous improvement and institutional effectiveness. Thus, on June 12, 2008, the Board of Trustees adopted the “FAMU Assessment Policy”. This policy applies to all academic programs, including the general education program and to all administrative and educational support services and operations that support the academic programs. A major goal of assessment at FAMU is to support the University’s mission of “Excellence with Caring” and accountability to internal and external stakeholders by emphasizing the importance of systematic assessment planning, implementation, data collection and analysis, documentation, and reflection on the results to improve student outcomes and support services effectiveness.

FAMU is committed to providing students with a caring and supportive environment as well as the resources necessary to ensure their success and competitiveness in the world of work and further education. To this end, students may be required to participate in a number of university-wide assessment activities. Such activities may include standardized tests (e.g. MAPP), surveys (e.g. NSSE, Exit, Leavers and Alumni), focus groups and interviews, and portfolio reviews. Each of these assessment activities enables us to determine the extent to which FAMU’s programs and services meet the needs of students while maintaining high levels of quality support services.

Additionally, the OUA is the repository for all Academic Learning Compacts (ALCs) and assessment plans/reports in the University. Academic Learning Compacts are structured plans to account for student achievement in specified domains in baccalaureate degree programs in the State University System. Since fall 2005, FAMU has continued to make these ALCs available to the entering freshman class and prospective students.

Each academic program within the University is responsible for providing all of its prospective and current students with clearly defined ALCs, which are written in a user-friendly format. Academic programs distribute their ALCs to students through the University website and course syllabi.
**University Catalog**

The FAMU Catalog provides information about the programs of study, course descriptions, degree requirements, admissions and related matters, registration and general regulations, financial information, academic affairs, student services, and much more. The catalog is the primary source of information crucial to your academic success. The catalog can be found on the FAMU Home Page under the OUR STUDENTS link. Click the link, then click Course Catalog under Current Students.

**University Honors Program**

The mission of the Florida Agricultural and Mechanical University Honors Program is to provide a series of challenging courses and academic enhancement experiences for undergraduate students who excel. Enhancement of academic performance in critical thinking skills, in essence, will lead to consummate intellectual engagement and strong research orientation as a launch to both graduate and professional schools, as well as career paths. The center stresses four major areas of concentration: academic achievement, development of leadership potential, community service and cultural enrichment.

**Honors Program Vision**

The University Honors Center envisions a transformation into an Honors College to better serve the needs of its students and to attain national acclaim. As an Honors College, it endeavors to become the flagship of the University, providing a premier learning environment for students through a commitment to excellence in education.

**Honors Program Objectives**

1. To create an environment where academically talented students can develop and thrive
2. To provide mentoring, nurturing and academic support to assist student in achieving their full potentials.
3. To promote students' interest in international education.

The Office of International Education and Development

The Office of International Education and Development (OIED), a component of Academic Affairs, coordinates the University’s international service functions in three areas: Education Abroad & Exchange Programs; International Student & Scholar Services; and International Research & Development. It serves as the official liaison between FAMU international students and scholars with the U.S. Department of Homeland Security, U.S. Citizenship and Immigration Services, and the U.S. Department of State to insure institutional and individual compliance with established immigration policies related to non-U.S. citizen enrollment and employment.

In its role to increase awareness about world affairs and the importance of learning about other countries, OIED sponsors two major events each year. Held in November, International Education Week was established by the U.S. Department of State and Department of Education to celebrate and promote international education and exchange. In the spring semester, OIED’s International Awareness Week celebrates the benefits of international education and appreciation for campus cultural diversity in preparing students for a global environment.

OIED staff members provide advising to the FAMU Chapter of the Model United Nations Association. In collaboration with designated professors in the Department of Political Science, History, Geography and African-American Studies, MUNA provides global leadership training and insight into the workings of the United Nations. Members engage in local and national MUNA competitions.

OIED goals and objectives, supporting the university’s Strategic Plan international initiatives, are met through the following units:

International Students and Scholars Services

This unit has official responsibility for advising international students and preparing employment documents of scholars hired in academic departments through the following support services:

- Academic advisement
- Referrals to university and community services
- Issuing and providing extensions of immigration forms I-20 (Certificate of Eligibility for Nonimmigrant Student, known as F-1) and DS-2019 (Certificate of Eligibility for Exchange Visitor Status, known as the J-1)
- Advising on practical training experiences, employment policies and filing of U.S. taxes
- Issues related to obtaining social security numbers
- Advising on compliance related to obtaining and maintaining required insurance coverage
- Processing changes related to immigration status and reinstatement

OIED also provides advising services to the International Student Union (ISU), an organization allowing non-U.S. FAMU students to have a collective voice in student government activities and
campus life. It sponsors cultural events that not only introduce international students to the diversity of American communities and social activities in Tallahassee, but to the diverse cultures represented within the organization. Members can participate in the annual Florida International Leadership Conference in Altoona, Florida with student delegations from other Florida public institutions’ focus on team building skills and increasing international student participation in home campus activities. ISU members also participate in community activities, such as the annual Tallahassee Reception for International Students, with international student organizations from other area campuses. ISU’s annual Cultural Fusion is held during International Awareness Week.

**Education Abroad and Exchanges**

Education abroad coordinators advise students on enrollment and participation in meaningful international education experiences designed for learning foreign languages and acquiring knowledge about other countries and their diverse cultures. Education abroad consists of semester or year-long study abroad, short-term faculty-led service-learning and cultural excursion programs, and international internships. The staff also advises faculty on best practices to internationalize curricula that prepares FAMU students to meet the needs of multicultural communities and for careers requiring foreign language and regional or country specific expertise.

Information on international education programs, study abroad scholarships and fellowships, and U.S. Department of State internships is disseminated through campus media to include: the *FAMUAN*, campus newspaper; FAMU INFO, famu.edu announcements; the TV station, Cable TV-20; 90.5 radio station; and Office of International Education and Development’s (OIED) newsletter, *Global Networks*. One of the most popular and affordable short-term programs is the annual *Spring Break Abroad*, a cultural immersion experience for students and a curriculum development project for faculty.

**International Research and Development**

This unit has the primary responsibility for assisting colleges, schools, and institutes in the development, funding and implementation of international research projects and the expansion of education abroad programs through linkages with international universities and governments. It promotes the development of interdisciplinary projects that increase the international involvement of faculty in research, teaching exchanges, professional development, and capacity building in developing countries. OIED’s assistant vice president works with the General Counsel’s office to facilitate the development of international initiatives through the formation of official university *Memoranda of Agreements* or *Memoranda of Understanding* proposed by the college, school, or institute administrators. OIED serves as the designated university custodian of all international agreements.

This unit has the responsibility for screening and processing all non-immigrant employment petitions for foreign nationals on the H-1B temporary specialty employment visa or the J-1 exchange visa to promote educational and cultural exchanges. This unit facilitates and promotes compliance of foreign employment policies for non-immigrant and immigrant visa holders.

**Diplomat-In-Residence Program**
OIED hosts the Diplomat-In-Residence (DIR), a senior Foreign Service Officer who is appointed and funded by the U. S. Department of State. This person is responsible for increasing awareness of employment opportunities related to the U.S. Department of State; recruiting students for internships, fellowships and foreign service careers; and for serving as a resource person on foreign affairs in classrooms throughout North and Central Florida and Southern Georgia.

Traditionally, the DIR has collaborated with the OIED staff in coordinating U.S. Department of State facilitated videoconferences on relevant world issues; providing technical assistance to students and professionals preparing for the Department's Foreign Service Officer Test or applying for lucrative Department fellowships or summer internships; serving as a resource person to the Model United Nations Association chapter and Education Abroad Pre-Departure Orientations; and supporting academic departments and organizations as a guest lecturer.

Testing and Evaluation

The general purpose of the Test Service Bureau is to facilitate service, and student support in relation to testing and evaluation activities.

FAMU is a leading institution for administering national tests through National Testing Programs: such as, the Allied Health Professions Admission Test (AHPAT), the American College Test (ACT), the Graduate Record Examinations (GRE), the Pharmacy College Admission Test (PCAT), the Scholastic Assessment Test (SAT), and various academic skills assessments of the PRAXIS Series. These tests are used for admission at either the undergraduate or graduate levels. The ACT and SAT National Tests are used for general admission purposes. The Bureau serves the tri-state area of Florida, Georgia and Alabama for professional and licensure testing.

Among the many integrated services of the Bureau, there are five opportunities to reduce the length of time it takes to complete a degree program by obtaining credit via examination, through programs such as:

- **The Advanced Placement Programs (AP)** - sponsored by the College Board, provides students with the opportunity to complete college-level studies during secondary school.

- **DANTES (Military Exam)** - published by the American Council on Education (the use of college level credits based on military experience). DANTES exams are not given on campus.
- **Dual Enrollment** - this program allows high school students to earn college level credits at the university.

Another responsibility of the Test Service Bureau is the Course and Teacher Evaluation of Faculty by students. These evaluations are conducted annually during the Fall and Spring semesters. The basic purpose of the evaluations is to reflect the relationship between faculty and students in a formal teaching environment. However, testing for student placement, student advancement and scoring examinations given by professors in the classroom remain the overriding function of the Test Service Bureau. Tips for Students  
(Nine Steps to Getting Good Grades in College)

Step 1 – Attend Every Class. If you want to get good grades in college, you must attend every class—not almost every class—every class.

Step 2 – Be Organized. Save all computer files on disk or jump drive. Keep all returned papers, quizzes, and tests. Get phone numbers of fellow rattler classmates.  “We are what we repeatedly do. Excellence, then, is not an act, but a habit.” – Aristotle

Step 3 – Manage Your Time Well. Do not overextend yourself, plan ahead, be organized, make efficient use of your time, and do not become a professional extracurricular student.

Step 4 – Be Successful in the Classroom. Learn how to adapt to different instructors. Be prepared and on time for each class. Sit in front of the class whenever possible.

Step 5 – Take good notes. Be an active listener. Take notes that are easy to read. Go over notes as soon as possible.

Step 6 – Know How to Read a Textbook. Scan by reading subtitles, words in bold and italic print, summaries, charts, and review questions. Read with purpose and review by scanning the material to check your comprehension.

Step 7 – Study Smart. Find a good place to study. Organize your study time and know your learning style. Know how to memorize and remember information.

Step 8 – Reduce Test Anxiety. While a little anxiety before a test improves concentration and alertness, excessive worry, or test anxiety, can lower one’s test scores.

Step 9 – Use Available Services. Computer Labs, Academic Advisor, Career Center, Counseling Center, Disability Services, Honors Programs, Library, etc.

STUDENT RECORDS MANAGEMENT PROCEDURES

Family Educational Rights and Privacy Act (FERPA)

The Purpose
The Family Educational Rights and Privacy Act of 1974, most often referred to as “FERPA”, deals specifically with the educational records of students, affording them certain rights with respect to those records. For purposes of definition, education records are those records which are:

1) Directly related to a student and
2) Maintained by an institution or a party acting for the institution.

FERPA gives students, who reach the age of 18 or who attend a postsecondary institution, the right to inspect and review their own education records. Furthermore, students have other rights, including the right to request amendment of records and to have some control over the disclosure of personally identifiable information from these records.

FERPA applies to the education records of persons who are or have been in attendance in postsecondary institutions, including students in cooperative and correspondence study programs. FERPA does not apply to records of applicants for admission who are denied acceptance or, if accepted, do not attend an institution. Furthermore, rights are not given by FERPA to students enrolled in one component of an institution who seek to be admitted in another component of an institution.

For additional facts, details, and information on FERPA, please refer to the heading, “Student Records Management Procedures” under the section on “Student Consumer Rights and Responsibilities” of the University Catalog, which may be accessed online via www.famu.edu.

Due Process, Other Rights, and Responsibilities – Regulation 2.013

(1) The due process requirements contained below shall be applicable in all cases involving academic dishonesty and alleged violations of the Student Code of Conduct. Applicable definitions are found in Florida A&M University (“University”) Regulation 2.012, Student Code of Conduct. All definitions not included herein or in Regulation 2.012, are in accordance with definitions found in the Merriam-Webster's dictionary located in the Office of Judicial Affairs. Due process as applied by the University and its schools, institutes, and colleges shall include, as a minimum, the following:

(a) The student shall be provided with written notice of the violations against him/her in sufficient detail and in sufficient time to prepare for a hearing or meeting before an appropriate committee, hearing body, or designated University official;

(b) The University shall establish a minimum number of days in advance of the hearing or meeting to present the written notice of violations, but in no case will this notice be less than five (5) business days, except in cases of emergency hearings as specified below;

(c) The student shall be entitled to a prompt hearing or meeting before an appropriate committee or hearing body, as established by the University or the student shall have the option to request resolution of the matter by an appropriate official designated by the University. The hearing shall normally be scheduled within fifteen (15) business days from receipt of a written, signed request by the student, except in cases of emergency hearings;

(d) The student and his/her advisor may inspect all of the information that will be presented against the student at least three (3) business days before the student disciplinary hearing or meeting, except in cases of emergency hearings where the student may inspect the information at least one (1) business day prior to the hearing. Failure of the student to request the information in sufficient time for the University
to comply with the three (3) business day timeframe shall constitute a waiver of the time requirement. The University shall also have the right to inspect any information the student intends to use at least three (3) business days before the student disciplinary hearing or meeting, except in cases of emergency hearings where the University may inspect the information at least one (1) business day prior to the hearing;

(e) The student may present information on his/her own behalf during the student disciplinary hearing or meeting;

(f) The student may hear and question adverse witnesses who testify at the hearing or meeting;

(g) The student shall not be forced to present testimony which would be self-incriminating; however, the University is not required to postpone the proceedings pending the outcome of a criminal or other outside proceeding. The University disciplinary proceeding is designed to address student behavior; therefore, alleged academic dishonesty or violations of the Student Code of Conduct will be addressed independently of any penalty imposed by a judicial or administrative body;

(h) The student may, at his/her own expense and initiative, have an advisor of the student’s choice present during the student conduct process who may be an attorney. It is the student’s responsibility to make appropriate arrangements for the advisor to attend the student conduct proceedings and the proceedings will not be delayed due to scheduling conflicts of the chosen advisor. The student is responsible for presenting his or her own information; therefore advisors are not permitted to speak or participate directly in any proceeding and an advisor may not act as a witness. An advisor’s attempt to participate in a proceeding by speaking, presenting information or otherwise intervening in the proceeding is grounds for the advisor being required to leave. In such event, the proceeding will continue without the advisor present and the advisor’s absence shall not require a delay or affect the validity of the proceedings;

(i) The decision of Responsible or Not Responsible shall be based solely on the information presented during the proceedings;

(j) The decisions of any committee, hearing body, or designated University official, shall be presented to the student in writing and within fourteen (14) business days following the proceeding;

(k) The student may appeal the decision of any committee, hearing body, or designated University official, within ten (10) business days to the Dean of Students, or other designated University official, as appropriate;

(l) The student’s enrollment status will remain unchanged pending the University’s final decision in the matter, except where the Vice President for Student Affairs determines that the safety, health, or general welfare of the student, other students, or the University and/or its employees is involved. If a student’s privileges are temporarily
revoked as described in this paragraph, but the student is subsequently found not responsible for the violations, the University will:

1. Correct any record of the change in enrollment status in the student’s permanent records and reports in a manner compliant with state and federal laws; and
2. Refund to the student a pro rata portion of any charges for tuition and out-of-state fees, as appropriate, if the temporary revocation or suspension of the student’s ability to attend classes lasts for more than ten (10) business days;

(m) At the conclusion of the appeals process regarding violations of the Student Code of Conduct, the decision of the Dean of Students shall be final and the student’s disciplinary matter shall be disposed through a final order signed by the Vice President for Student Affairs. The final order shall include notice to the student of the right to appeal to an external judicial forum, as appropriate.

(2) Additional due process protections as may be provided by regulation or policy of the Board of Governors shall also be applicable to cases involving academic dishonesty or violations of the Student Code of Conduct as indicated by said regulation. Refer to Board of Governors Regulation 6.0105.

(3) The Student Code of Conduct supersedes all other means of disciplining or removing students for behaviors prohibited by the University.

(4) Victim Rights. Victim is defined as the person harmed by a violation of the Student Code of Conduct committed by the charged student. Victims have the following rights:

(a) To have an advisor of the alleged victim’s choice accompany him/her when presenting information to the hearing body and to any other relevant meetings held throughout the disciplinary process;

(b) To submit a victim impact statement to the hearing body. This information may be used only in the sanctioning phase of deliberations, if the charged student is found Responsible for the violations. If the charged student appeals the decision on the basis of severity of the sanction imposed, he/she will have the right to view the victim’s impact statement upon written request;

(c) To have unrelated past behavior excluded from the hearing. The University Judicial Officer or chairperson of the hearing body will decide if such information is unrelated;

(d) To submit questions to the Judicial Office at least three (3) business days prior to the hearing. The University Judicial Officer will decide whether the questions are relevant and should be presented at the hearing;

(e) To have personal property returned to him/her if in the current possession of the University. The determination of when this property may be returned is left to the University Judicial Officer and/or University Department of Public Safety;
(f) To be notified of the hearing panel’s decision after the Vice President for Student Affairs has issued a final order. This will not include the sanctions the charged student is required to complete; and

(g) For victims of sexual misconduct violations please refer to additional rights noted in Regulation 2.012(8) (u).

(5) All students enrolled at the University shall be accorded the basic rights as set forth below:

(6) The University encourages its students to help maintain a healthy academic climate where students can intellectually grow and develop as mature and responsible individuals. Concomitant with student rights are student responsibilities. These responsibilities include but are not limited to the following:

(a) The responsibility of making the most of their educational opportunities by attending classes and laboratory periods on a regular basis and by completing all academic
requirements, in a satisfactory manner, as stated in each course syllabus while taking advantage of the many opportunities provided in a University environment for all around personal growth, development, and maturation;

The EOP Officer shall inform prospective complainants of the formal and informal options by which his/her concern can be addressed and resolved. Issues handled informally will not normally invoke the investigatory procedures set forth in this Regulation. Issues
handled formally, shall include the full range of processes and reviews that are necessary to ascertain the facts.

If disciplinary action is warranted, the EOP Officer shall prepare written notices to both parties (complainant and person against whom the complaint was filed). The written notice shall include the proposed disciplinary action, the reasons for the disciplinary actions, and the right of the person against whom the complaint has been filed to request, within ten (10) University business days of receipt of the proposed disciplinary action, an investigatory interview before a University hearing board.

(b) Retaliation complaints shall be handled in the same manner and utilizing the same procedures set forth above in Section 5 of this Regulation.
(8) **Election of Remedies.**

(a) The doctrine of election of remedies shall apply to complaints filed pursuant to this Regulation. Should a Complainant elect to pursue an available alternative remedy, including the filing of a grievance pursuant to the collective bargaining agreement, the filing of any such grievance shall operate as a waiver of the Complainant’s right to file a complaint and avail the Complainant of the procedures available under this Regulation. Should a grievance be filed pursuant to an alternative remedy and subsequent to the filing of a complaint under this Regulation but before proceedings under this Regulation have been completed, the filing of any such grievance nonetheless will act as a waiver, and proceedings pursuant to this Regulation shall be terminated.

(b) The doctrine of election of remedies shall also apply to appeals filed by persons against whom a complaint has been filed. The filing of an appeal pursuant to an alternative remedy by a person against whom a complaint has been filed, including the filing of a grievance under the collective bargaining agreement or the filing of a petition for a hearing pursuant to Section 120.569, F.S., shall operate as a waiver of the right to appeal to the President or President’s designee pursuant to this Regulation.

Student Code of Conduct - Regulation 2.012

(1) The Student Code of Conduct (“Code”) applies the principles and freedoms found in University Regulation 2.013, Due Process, Other Rights, and Responsibilities, by promoting responsible freedom for all students. This Code seeks to apply the principle of responsible freedom as it guides the conduct of Florida A&M University (“University”) students. The responsibility to know and abide by the Code ultimately lies with the student. The Student Code of Conduct supersedes all other means of disciplining or removing students for behaviors prohibited by the University.

(2) As members of the University community, students enjoy the rights and privileges that accrue to such membership including, but not limited to, academic freedom and participation in the decision-making processes of the University. Additionally, students are subject to the obligations and duties that accompany this membership and are responsible for compliance with the requirements of law and University regulations, policies, and procedures. It is incumbent upon members of the University community to notify the appropriate judicial body or officials of a violation of this Regulation, to encourage all to comply with them, and assist in their enforcement by testifying as witnesses when called upon to do so. Accordingly, all alleged violations of the Code shall be referred to the University Judicial Officer (Director of Judicial Affairs). Students, faculty, and staff, stakeholders, or other individuals with knowledge, may report violations of the Code, in writing, to the Office of Judicial Affairs.

(3) The University has zero tolerance for violation of any provisions of the Code as well as the Anti-Hazing Regulation 2.028 and Alcoholic Beverages Regulation 3.021. “Zero tolerance” means that given the factual circumstances of the alleged violation the charged student may be removed from University Housing and receive a penalty up to suspension or expulsion from the University.

(4) Due process protections in accordance with University Regulation 2.013 will be appropriately accorded the charged student.

(5) If the Judicial Officer or his/her designee believe after a review of the allegations that the allegations have merit, the student will be issued, in writing, an Administrative Request to Appear at an information briefing before the Judicial Officer or his/her designee. At the information briefing, the Judicial Officer or his /her designee will explain to the student the elements of due process that will be afforded.

(a) University disciplinary proceedings may be instituted against a student charged with a violation of the law that is also a violation of the Code. The University reserves the right to proceed under the Code with a hearing and the possible imposition of a sanction prior to, concurrent with, or subsequent to civil litigation, criminal arrest, and/or criminal prosecution.

(b) Normally, the University will proceed with an alleged violation of the Code prior to any final disposition of the Courts.
Determineds made or sanctions imposed under the Code shall not be subject to change because criminal or civil charges arising out of the same facts giving rise to violation of University rules and regulations were dismissed, reduced, or resolved in favor of or against the charged student.

Any admission of guilt, responsibility or statement against the student’s interest made by a student at off-campus proceedings shall be conclusive for University purposes.

A verdict of guilty, a plea of guilty, a plea of no contest (nolo contendere) or similar plea in a court of law by a charged student will operate as a conclusive finding that the student is “Responsible” for the purpose of student conduct proceedings.

Prior to the issuance of the outcome letter, the University may amend its violation(s) based on information obtained through an outside proceeding when that information is relevant to activity adversely affecting the University community.

The University will cooperate fully with law enforcement agencies in any criminal prosecutions to the extent permitted by law.

This method shall constitute proper notification to the charged student.

(12) **Time Limit.** The time limit for issuing a violation against a student should be done within six (6) months of the date the violation was committed or discovered, whichever is later. The University Judicial Officer may exercise professional discretion when applying the time limit for issuing a violation against a student when there are circumstances that
warrant a waiver of the six (6) months’ time limit. Circumstances that may warrant a waiver include but are not specifically limited to: stalking, sexual misconduct, or relationship violence; requests from law enforcement not to take action; or concern for the safety of students, University employees or other witnesses. The written notice of the violation(s) to the charged student should proceed the actual hearing date or information briefing with the charged student by no less than five (5) business days, except in an emergency. A hearing shall normally be scheduled within fifteen (15) business days from receipt of the student’s written, signed request for such, unless the charged student and the Judicial Officer or his/her designee agrees in writing to a later hearing date or there are extenuating circumstances. (14) A charged student may request an opportunity to provide information to the Judicial Officer against other students who are charged with violations of the Code arising out of the same incident or circumstances, including the student’s own involvement, in exchange for imposition of sanction(s) by the Judicial Officer. Under this provision, the student waives his/her right to a hearing. The provision of information against other students will be considered a mitigating factor in determining sanctions.

(15) The Judicial Officer may defer or suspend a finding of Responsibility pending completion of specific sanctions where circumstances warrant. If a student successfully completes the required sanctions, the student’s conduct record may be sealed. This means that the record sealed will not appear on a student disciplinary/background check; however, the record may be considered by a hearing body or the Judicial Officer should the student commit a subsequent violation of the Code.

(16) **Amnesty.** In serious or life-threatening situations, particularly where alcohol poisoning or drug overdose is suspected or where other medical treatment is reasonably believed to be appropriate, students are asked to call 911 (or FAMU Police Department at 850-599-3256 if on campus); stay with the person needing assistance until help arrives; and be prepared to give emergency medical personnel as much information as possible including the amount and type of alcohol or substances consumed. Students who receive medical attention as a result of alcohol and/or drug use are eligible for Amnesty and may not face formal action under the Code. Students seeking medical assistance for another person while simultaneously violating the alcohol and/or drug regulation may also be eligible. Students who qualify for Amnesty are required to complete educational measures and pay any incurring costs. It is the expectation that a student uses Amnesty only once. If a student
is involved in subsequent alcohol and/or drug abuse incidents, the incident will be reviewed for violation(s) of the Code.

(17) **Postponement.** A student charged with a violation of the Student Code of Conduct, regardless of which judicial body may hear the matter, may request to have the hearing postponed for no more than sixty (60) business days and such postponement may be granted provided the student requests it in writing and agrees to accept the imposition of probation, suspension or withdraws from the University voluntarily, depending upon the gravity of the offense. Such probation, suspension, or withdrawal will be recommended by the University Judicial Officer to the Vice President for Student Affairs, who shall make a determination. Action taken shall remain in force until such time as the student requesting a hearing appears before the appropriate hearing body and a hearing is held. The student shall be informed whether he/she would be placed on probation or would be suspended prior to his/her making a decision to postpone the hearing.

(18) **Summary Suspension/Expulsion.** The University may summarily suspend or expel any student or group of students, pending a hearing at a later date if requested, under the following circumstances:

(a) The continued presence of the student on campus is likely to create interference with the educational process and/or the orderly operation of the University.

(b) The continued presence of the student on campus is likely to endanger the health, safety, morals, welfare or property of the University community.

(c) The offense or conduct committed by the student is of such a serious, heinous or repulsive nature, as to adversely affect the University community and the student’s suitability as a member of the academic community.

(19) **Summary Suspension/Expulsion for Criminal Conviction.** The Vice President for Student Affairs may summarily suspend or expel any student, pending a hearing at a later date if requested, who is convicted of or pleaded guilty to a criminal offense of a kind which interferes with the educational orderly operation of the university, or a kind which, if the student were allowed to remain enrolled, would endanger the health, safety, morals, welfare or property of the members of the academic community.

(20) In addition to the right of University officials to enter a student’s room in University housing pursuant to the terms of the Housing Agreement, officials may enter when an emergency exists, where there is reasonable cause to believe there is a clear and present danger, or where there is a reasonable belief that contraband is present which interferes with the educational process of the University, or where the health, safety and morals of the University community are in imminent and apparent danger.

(21) **Emergency Hearings.** The Vice President for Student Affairs reserves the right to appoint an ad hoc committee to hear matters regarding, but not specifically limited to, the subject matter of subsections (18) and (19) above. The chairperson of the committee, who may be an academic dean or director, shall be appointed by the Vice President for Student Affairs. Unless an ad hoc committee is appointed, the matter shall ordinarily be heard by the hearing body (panel) and chaired by a staff member of the Judicial Affairs Office.
(a) The student shall have five (5) business days from the date of the notice to request in writing an emergency hearing at which the student may show cause why his or her continued presence on the University campus is not a threat pursuant to subsections (18) and/or (19) of the Code.

(b) The emergency hearing shall be held within five (5) business days of receipt of the written, signed request from the student for an emergency hearing. The emergency hearing shall not abrogate the right of the student to request in writing an Administrative (non-emergency) hearing on the merits of the case, i.e., whether the student committed the alleged offense or offenses under the Code. The written request from the student for a regular (non-emergency) hearing on the merits of the case must also comply with the specified time period for requesting an Administrative (non-emergency) hearing as stated in the notice to the student which normally is ten (10) business days. Should a student timely request both an emergency and regular hearing, the Judicial Officer may combine the hearings into one proceeding. If the hearings are combined, the timeframes for an emergency hearing shall govern.

(c) If the student fails to timely request in writing an Administrative (non-emergency) hearing on the merits of the case, the Judicial Officer in his/her sole discretion may accept a written request from the student to proceed with informal disposition. The written request must be submitted within ten (10) business days following the emergency hearing. Should the student fail to submit a timely request for informal disposition, the Judicial Officer shall make a determination of facts and appropriate sanction(s). The student shall not have a right to appeal under this provision.

(22) Informal Disposition. In the event a student charged with an offense wishes to waive, in writing, his/her right to a hearing and the University Judicial Officer wishes to accept jurisdiction, the University Judicial Officer may make a determination of facts and, if the student is found Responsible for the offense, make a determination of sanction(s). The student’s written waiver shall be obtained after being given an explanation of the violations against him/her and of his/her rights to a hearing under the Student Code of Conduct. The student shall have two (2) business days from the date of signing the waiver to rescind, in writing, his/her waiver and request a hearing. In the absence of a rescission of waiver, the student shall be informed in writing of the decision of his/her case within fourteen (14) business days from the date of the waiver. Should the student elect to proceed under this provision and fails to complete the process, a judicial hold may be placed on the student’s account.

(23) Other University Boards.

(a) Violation of residence hall policies and procedures are punishable under the Code. Violation of the Visitation Policy as found in the Residence Life Handbook shall carry either an arrest for trespassing, suspension or probation and removal from residing in University housing facilities.

(b) Matters involving incidents arising in University Housing and Residential Life may be referred to the University Housing Judicial Appeal Committee by the Dean of Students or University Judicial Officer where the charged student is a resident of
University Housing. Appeal Committee members may include the Director, Associate and Assistant Directors or designees.

(c) Matters involving a club and/or organization may be referred to the Clubs and Organization Review Board by the Dean of Students or Director of Judicial Affairs/University Judicial Officer.

(d) Student Supreme Court. When a student is charged with a violation, which in the opinion of the University Judicial Officer would not warrant a penalty in excess of probation, the University Judicial Officer may refer the case to the Student Government Association Supreme Court.

(e) In the event the violation is within the jurisdiction of more than one primary hearing body, the University Judicial Officer shall determine which primary hearing body shall hear the violation.

(24) **Appeals.** Decisions of the Student Supreme Court pursuant to subsection (23)(d) above, Residence Life conduct boards, Clubs and Organizations Review Board, University Judicial Officer and administrative hearing panels are appealed to the Dean of Students. At the conclusion of the appeals process, the decision of the Dean of Students shall be final, and the student’s disciplinary matter shall be disposed through a final order signed by the Vice President for Student Affairs.

(a) The student has ten (10) business days from the date of the written notification of the decision by the hearing body to make his/her appeal in writing and file same with the Office of the Dean of Students.

(b) The written appeal must specify reason(s) why consideration should be granted and should only deal with matters of record, procedure, testimony and/or information presented during the hearing.

(c) No student’s final penalty shall begin to run until all University appeals are exhausted or denied, except as specified under subsections (18) and (19) above.

(25) **Record.** A digital recording of each hearing will be made by the Chairperson and preserved. Retention of the record is subject to the General Records Schedule GS5 for universities and community colleges. Deliberations shall not be recorded. During the appeal period, the charged student, with or without the company of legal counsel, and/or advisor, and/or parent with the written authorization of the charged student will be granted permission to listen to the recorded testimony under arrangements as determined by the University Judicial Officer, with the express understanding that the record is to remain confidential to the extent provided by law. The student may, at his/her own expense, arrange for the making of a full transcript of the recording by employment of a certified court reporting agency. The recording will be provided by the University directly to the court reporting agency, who will be required to return the recording directly to the University. Other than the above modes of recording the hearing, other mechanical, electronic devices for recording or broadcasting shall be excluded from the hearing. If the student chooses to appeal, the recording shall be made available to the charged student and the Dean of Students.
The hearing body, ad hoc committee or University Judicial Officer shall afford the charged student with due process as, provided by FAMU Regulation 2.013, and/or Board of Governors Regulation 6.0105(c). The regulations implementing the due process provisions as well as other matters referenced in said rules but not included herein shall be printed in the student handbook, the FANG, under the section entitled “Student Rights, Responsibilities and Code of Conduct.”

Hearing Guidelines. Disciplinary hearings shall be conducted in accordance with the following guidelines:

(a) All hearings shall be closed to the public unless required by law.

(b) The Complainant, charged student and his/her advisor, if any, shall be allowed to attend the entire portion of the hearing at which information is received, excluding deliberation. No other person shall be permitted to attend.

(c) In judicial hearings involving more than one charged student, the University Judicial Officer or the chairperson, in his or her discretion, may permit the hearing concerning each student to be conducted separately or jointly. Information received during a hearing arising out of the same circumstances may be used.

(d) The Complainant and the charged student have the right to be assisted by an advisor they choose, at their own expense. The advisor may be an attorney. The Complainant and/or the charged student are responsible for presenting his or her own information, therefore advisors are not permitted to speak or participate directly in any hearing before a judicial hearing body. An advisor may not serve as a witness. A student should select an advisor whose schedule allows attendance at the scheduled date and time of the hearing because delays will not normally be allowed due to the scheduling conflicts of an advisor. The student must provide, in writing, to the University Judicial Officer or the chairperson of the hearing body, the name, mailing or email address, and phone number of his/her advisor at least three (3) business days prior to the hearing date.

(e) The Complainant and the charged student may arrange for witnesses to present pertinent information to the hearing body. The University will try to arrange the attendance of possible witnesses who are members of the University community, if reasonably possible and who are identified by the Complainant and/or the charged student at least three (3) business days prior to the judicial hearing. Witnesses will provide information to and answer questions from the hearing body and the charged student. No witness may be compelled to provide self-incriminating information. Witness statements may be provided to the hearing body and are entitled to be given the same weight by the hearing body as live witness testimony. A written statement is not a violation of the due process rights of the charged student, as the charged student has the opportunity to review and respond to the written statement and may offer information to rebut the witness statement and other information presented at the hearing.

(f) If the charged student fails to appear at the hearing after being properly notified or
fails to cooperate in the hearing process, the hearing body may hear the case on the basis of information accumulated as a result of witnesses and shall notify the charged student of the decision. In the absence of the charged student, the plea of Not Responsible shall be entered on the student’s behalf by the chairperson of the hearing body.

(g) A charged student may request only one postponement of a judicial hearing by contacting in writing the University Judicial Officer at least three (3) business days prior to the hearing. Postponement of the hearing shall be at the discretion of the University Judicial Officer or his/her designee.

(h) Witnesses shall not serve as advisors at any judicial hearing.

(i) At the time of the hearing, an automatic postponement shall be granted if the composition requirements of the hearing body are not met.

(j) If any member of the hearing body feels that he or she had previous contact with the case or with the students involved so that a fair judgment cannot be rendered, the member must request that he or she not serve for the hearing. The charged student may request that any member of the hearing body be excused whenever the student can show a bias on the part of the member. The chairperson of the hearing body will decide on such challenges and, if appropriate, ask the member to excuse him or herself. If the chairperson of the hearing body is challenged by the student, the hearing body will decide by a majority vote whether or not the chairperson should be requested to excuse him or herself, notwithstanding that the chairperson does not vote on whether the charged student is Responsible or Not Responsible for violating the Code.

(k) A charged student may be diverted from the disciplinary process or hearing if prior to or during the disciplinary process or hearing, it is determined by the Dean of Students pursuant to University Regulation 2.007, Voluntary and Involuntary Withdrawal, that the charged student has a mental disorder and the objectionable behavior appears to be a result of the mental disorder.

(l) Pertinent records, exhibits, and written statements may be accepted as information for consideration at the discretion of the chairperson of the hearing body.

(m) All procedural questions are subject to the final decision of the chairperson of the hearing body.

(n) After the portion of the judicial hearing concludes in which all pertinent information has been received, the hearing body shall determine by a majority vote whether the charged student is Responsible or Not Responsible for violating each section of the Code which the charged student is charged. The chairperson of the hearing body cannot vote. Prior records of student conduct action and witness/complainant impact statements are considered by the hearing body only in the sanctioning phase of deliberations.

(o) Formal rules of process, procedure, and/or technical rules of evidence, such as are
applied in criminal or civil court proceedings, are not used in judicial hearings.

(p) The burden of proof in all judicial hearings shall be on the complainant. A “preponderance of evidence” shall constitute the burden of proof standard in all judicial hearings.

(q) The University Judicial Officer and/or the chairperson of the hearing body, under extraordinary circumstances, may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Complainant, charged student, and/or witnesses during the hearing by providing separate waiting rooms and/or by permitting participation, when feasible, by video conferencing, videotape, audio tape, or other means.

(r) The disciplinary hearing body is comprised of faculty members, staff members, administrators and students. The composition is variable from four to six (4-6) persons, depending upon the nature of the violation. At least one-half of the membership must be students.

(s) The above guidelines for conducting a judicial hearing are not exhaustive. Therefore, the University Judicial Officer may adopt additional guidelines for the conduct of judicial hearings that are not inconsistent with the provisions of this Code. Such procedural guidelines must be approved by the Vice President for Student Affairs or his/her designee and must be in writing and made available to the charged student and all witnesses at least three (3) business days prior to the hearing.

(28) Unless specifically stated otherwise herein, the provisions of this Code should be read and interpreted broadly, and are not intended to define misconduct in exhaustive terms. The Judicial Affairs Office may adopt internal operating procedures which are consistent with this Code. In instances where there may be conflict between the internal procedures and the Code, the Code shall supersede.

(29) Review of Code. The Student Code of Conduct shall be reviewed on a biennial basis under the direction of the Director of Judicial Affairs who shall appoint a committee, with student representation, to evaluate the Code and make recommendations, if any, for amendments or revisions.

Alcoholic Beverages – Regulation 3.021

(1) This regulation shall govern the possession, service, sale, consumption or distribution of alcoholic beverages at any and all Florida Agricultural and Mechanical University (FAMU) sponsored activities and events; at any and all facilities or properties operated under the
jurisdiction of FAMU; and by any and all trustees, administrators, faculty, staff, students, direct support organizations, vendors and guests attending such FAMU sponsored activities and events. As used in this regulation, the term “alcoholic beverage” includes beer, wine, hard liquor, distilled spirits, mixed drinks, fermented beverages and other beverages containing alcohol.

(2) FAMU recognizes the serious nature and potentially harmful effect of using alcoholic beverages in the workplace and academic settings. Therefore, the manufacture, distribution, dispensation, possession, service, sale, consumption or use of alcoholic beverages in all facilities or upon properties and grounds leased, owned or operated by FAMU is prohibited unless specifically permitted as set forth below.

(3) Upon satisfaction of all legal and regulatory requirements, the possession, service, sale, consumption or distribution of alcoholic beverages at FAMU is restricted as follows:

(a) No alcoholic beverages may be possessed, served, sold, consumed or distributed at the University except the following FAMU Designated Areas: President’s Box (Bragg Stadium); Alumni House; Faculty Club House; Center for Viticultural Sciences & Small Fruit Research Center for Water Quality; Alfred Lawson Multipurpose Teaching Gymnasium, Grand Ballroom/Student Union; Black Archives; President’s Club (located at the northern end zone of the stadium during football games and other stadium events); Bragg Stadium; and the College of Law.

(b) No individual under the legal drinking age of 21 may serve, sell, purchase, distribute, consume or possess alcohol on FAMU properties or at FAMU sponsored activities or events except to the extent permitted by law or unless specifically engaged in an approved and supervised academic program that does not involve the actual ingestion of alcohol by an individual under the legal drinking age.

(c) Alcoholic beverages must be served by a licensed and insured third party vendor, who is properly trained regarding Florida’s underage drinking laws and who has appropriate permits. Alcoholic beverages shall not be served to persons under the legal drinking age.

(d) All members of the FAMU community (trustees, administrators, faculty, staff, students, direct support organizations, vendors and guests) must adhere to all applicable federal or state laws, local ordinances and FAMU regulations and contracts related to the possession, service, sale, consumption or distribution of alcoholic beverages at the FAMU Designated Areas as appropriate. The requisite permit for the sale of alcoholic beverages must be obtained from the Division of Alcoholic Beverages and Tobacco of the State of Florida.

(e) A written document, contract or agreement, facility request form, memorandum or letter describing the type of event, number of attendees and appropriate event controls shall be submitted to the President or President’s designee for approval at least two (2) weeks prior to the scheduled date of the event at the FAMU Designated Areas. Approval may be granted based on demonstrated intent to comply with the
requirements set forth in this regulation and proof of appropriate licenses and permits for such events. Any event which will have student attendance also will require the approval of the Vice President for Student Affairs and the Dean of Students.

(f) Individuals or groups who are approved to have an event where alcoholic beverages will be served or consumed at the FAMU Designated Areas will be held responsible for the event. Any announcement or advertisement, including but not limited to a flyer, notice, poster, banner, tee-shirt, promotional item, newspaper and radio advertisement concerning the event shall note the availability of non-alcoholic beverages at the event as prominently as the availability of alcoholic beverages and note that proper identification is required in order to be served or sold alcoholic beverages, and shall not make reference to the amount of alcoholic beverages to be served at the event. Such advertisements or announcements shall not portray the drinking of alcoholic beverages as a solution to personal or academic problems or as necessary to social, professional, political, personal or academic success.

(g) The only alcoholic beverages that may be served, sold, purchased, distributed, consumed or possessed at FAMU are those alcoholic beverages served at the activity or event, and the served alcoholic beverages must be consumed within the facility or space designated.

(h) The FAMU Department of Public Safety (Department) must be notified of any and all events involving the possession, service, sale, consumption or distribution of alcoholic beverages at FAMU. The Department will determine if a uniformed member of, or substitute by the Chief, must be present during the event. In such cases, the Department’s expense must be paid by the sponsoring individual(s) or group(s) unless waived by the President or President’s designee.

(4) Notwithstanding the provisions of this regulation, requests related to the possession, service, sale, consumption or distribution of alcoholic beverages outside of the FAMU Designated Areas must be considered by the FAMU Board of Trustees. Any and all approvals by the FAMU Board of Trustees must be consistent with the requirements set forth in this regulation.

(5) The possession, service, sale, consumption or distribution of alcoholic beverages in the absence of the appropriate approval(s) identified herein is a direct violation of this regulation.

Specific Authority: Article IX, Section 7(c), Florida Constitution, BOG Regulation 1.001.

The University assumes no responsibility for the supervision of the children of students. Students may not bring to class or leave children unattended on the University campus. Students may enroll their children, ages three months to five years, at the FAMU-ERCCD. FAMU-ERCCD provides quality childcare services for the FAMU community and can be reached at (850) 599-3267. Any FAMU employee determined to have violated this policy shall be subject to disciplinary action including, but not limited to termination, evaluation/treatment for a drug and/or alcohol use disorder, or other appropriate action in accordance with applicable collective bargaining agreements or FAMU Board of Trustees regulations, policies, and procedures. Disciplinary action by FAMU does not preclude the possibility of criminal charges against the employee. Similarly, the filing of criminal charges does not preclude action by the University.

Federal law requires an employee to notify their immediate supervisor of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction. The Division of Research must notify any federal contracting agency within ten (10) days of having received notice that an employee engaged in the performance of such contract or grant has had a criminal drug statute conviction for a violation occurring in the workplace.

The Millennial FAMUan: Dress Standards*

The dress standards are based on the theory that learning to use socially acceptable manners and selecting attire appropriate to specific occasions and activities are critical factors in the total educational process. Understanding and employing these behaviors not only improves the quality of one's life, but also contributes to optimum morale, as well as embellishes the overall campus image. They also play a major role in instilling a sense of integrity and an appreciation for values and ethics.

The continuous demonstration of appropriate manners and dress insures that the students meet the very minimum standards of quality achievement in the social, physical, moral and educational aspects of their lives - essential areas of development necessary for propelling students toward successful careers. At Florida A&M University, students should dress in a way that shows respect for not only themselves, but all other students. We believe FAMUANS would expect students attending the University to dress in ways that uplift their sense of decency, culture and professionalism. The right of students to include in their wardrobe a broad array of various types, styles, colors, and expressions is fully recognized. All students, however, have a vested interest in the image of Florida A&M University, and certain types of clothing tend to reflect negatively upon the University and tend to disrupt the educational process.
**Students will be denied admission to various functions if their manner of dress is inappropriate.**

Inappropriate shall be defined as anything that may cause a disturbance to the learning environment. On this premise students at the University are expected to dress neatly at all times.

Examples of inappropriate dress and/or appearance include but are not limited to:

- Pajamas, midriffs or halters, mesh, netted shirts, tube tops, cutoff tee shirts, scarves, caps, pants below waistline revealing undergarments, do-rags and/or hoods in classrooms, dining halls, snack bar, library, student center, and offices. This policy does not apply to headgear considered as a part of religious or cultural dress.

- Bare feet anywhere on campus except inside a residence hall.

- Clothing with derogatory, offensive and/or lewd messages either in words or pictures.

- All of the aforementioned items, including shorts and jeans of any color at major programs such as Musical Arts, Convocations, Commencements, Career Fair, or other programs dictating professional, dressy, or formal attire.

All administrative, faculty and support staff members will be expected to monitor student behavior applicable to this dress standard and report any such disregard or violations to the Dean of Students Office.

*Excerpts from the University of Maryland Eastern Shore and Hampton University.*

*BOT Approved 04/05/12. The dress standards shall be officially enforced at the beginning of Fall Semester 2012 and thereafter.*

**Parental Notification of Alcohol and Drug Violations**

The policies and procedures of the University as related to Alcohol and Drug Use and Disclosure are as follows:

- The unlawful possession, use or distribution of drugs and alcohol by students or employees affiliated with the University are prohibited.

- It is the policy of Florida A&M University to notify the parents of dependent students under the age of 21 who violate laws governing the use of possession of alcohol or other controlled substances. This includes federal, state and local laws, rules and regulations.

- The parents of any dependent student under the age of 21 violating the alcohol and drug policy will be notified by the Associate Vice President for Student Affairs or his designee(s). The notification of parents is an intervention that is based upon assisting students in making safe and healthy lifestyle choices.
Pets and Other Animals on Campus

For safety and health reasons, all pets—including, but not specifically limited to dogs, cats, birds, snakes/reptiles, horses and other animals, are not allowed on the campus of Florida A&M University, except in accordance with BOT Regulation 2.001(4). Any individual failing to comply with this policy shall be requested to leave the campus until off-campus accommodation for the pet(s) and animals can be arranged. Pets and other animals may be allowed on campus when the University determines it is in its best interests, i.e., to meet the requirements of an instructional program and/or as a federal land grant institution; to comply with local, state and federal requirements concerning disabled or physically challenged individuals who require seeing eye dogs, etc.; and to allow certain officially approved events/activities on campus wherein the use of animals is integrated into the events/activities, e.g., a circus, dog/kennel club show, etc.

Policy on Observance of Religious Holy Days by Students

All University students shall be allowed to observe holy days of their religious faith. The University shall reasonably accommodate the religious observance, practice and belief of individual students in regard to admissions, class attendance, and the scheduling of examinations and work assignments.

Accordingly, the University requires:

1. A student who wishes to observe a religious holy day of his or her religious faith shall notify, in writing, all of his or her instructors and the appropriate academic dean, in order to be excused from class to observe the religious holy day. This written notice should be provided at the beginning of each semester but no later than 10 days prior to the observed religious holy day.

2. The student shall be held responsible for any material covered during the excused absence, but shall be permitted a reasonable amount of time to make up any work missed.

3. Students who are absent from academic or social activities because of religious observances shall not be penalized by his or her instructors and/or university administrators.

4. Any student who feels that he or she has been unreasonably denied educational benefits because of his or her religious belief or practice may informally seek redress by presenting, in writing, the nature of his or her grievance to the Provost and Vice President for Academic Affairs or the Vice President for Student Affairs who will investigate and document each occurrence (grievance) and ensure that appropriate corrective action is taken to assure compliance with this policy.

5. If the matter is not resolved satisfactorily at step 4, the student may file a complaint pursuant to Regulation 10.103, with the Office of Equal Opportunity Programs.

6. This Policy shall be included in the student handbook, and/or other similar documents regularly provided to the faculty and students.
**Use of Cellular Phones, Pagers and Other Electronic Devices**

Cellular phones, pagers and other electronic devices are important means to communicate. These electronic devices, however, can be disruptive for the user and others when activated in classrooms, laboratories, libraries, business offices, convocations, forums and assemblies. Therefore, electronic devices should be not be activated or operated in classrooms, laboratories, libraries, business offices, convocations and assemblies unless express written permission to activate or operate the devices have been authorized by the classroom instructor or the University administrator and/or supervisor in charge of the facility/area in question.

**Use of Tobacco Products**

The use of tobacco and tobacco-related products is prohibited in all facilities owned or operated by Florida A&M University.

**FAMU Hoverboard Notice**

*(effective January 22, 2016)*

The health, safety, and mitigation of risks are of critical importance to Florida A&M University. Due to the significant fire hazards posed by these devices, hoverboards or related self-balancing scooter boards, two-wheeled scooters, and electric skateboards are not allowed on the University’s main campus or any of its satellite or branch campuses.
