

Congratulations to History Education Major Devin Mitchell for being accepted into the Richards Center Emerging Scholars Summer Mentoring Program at Pennsylvania State University. This program is a one-week summer residential program (June 25 - June 30, 2017) that will educate participants about the academic profession. He will participate in a simulated doctoral seminar and attend workshops on a variety of topics, including writing, digital research, and graduate student life. Penn State's Richards Center, the Department of History, and the Department of African American Studies sponsor the program in a collaborative effort to attract and enroll students from underrepresented populations.
