A SMART Experience

Your child has been participating in a Project Based Learning (PBL) Experience this semester. The students have been gaining experience and knowledge regarding Crime Scene Investigations. Each grade level from first through eighth grade has been involved in one phase of the PBL.

The kindergarten students have been working with their mentors on homework, phonics and language developments. They have viewed films and discussed, on a small scale, some elementary cartoons on investigations with the I Spy videos.

Please note that we can only devote 45 minutes to an hour on homework.

Also note that it is very important for your child to remain in SMART for at least an hour each day to get the full benefit of attendance.

Please make sure that the person picking up your child(ren) are listed on your application!!

Parents please make every effort to have someone on campus no later than 6:00 each SMART day to sign your child(ren) out.

Please remind your child(ren) that electronics and toys are not allowed in the SMART Academy. We are not responsible for lost or stolen items.
