WELCOME TO UNIVERSITY HOUSING

Congratulations! You have made a great decision by choosing to live on campus at Florida Agricultural and Mechanical University (FAMU). For over a century, many successful military leaders, business executives, educators, religious leaders, internationally known athletes, famous musicians, politicians, and leaders of many other professions resided in our residential facilities. We welcome you to this illustrious line of graduates and we will assist you through this transition.

We, the members of the University Housing Staff, are delighted you have chosen to live with us, and we hope you will remember that we firmly believe that you…

“CAN’T HIDE THAT RATTLER PRIDE”

In Rattler Pride and Tradition,

Dr. Jennifer Wilder
Director
University Housing

MISSION STATEMENT

The mission of University Housing is to promote a safe, clean, service-oriented, efficiently managed, nurturing living and learning environment that are conducive to students’ academic pursuits and personal growth while fostering a sense of community, civic responsibility, and an appreciation of diversity.

The University’s residential facilities are designed to complement the philosophy and purposes of the University, and provide an interesting and challenging atmosphere in which to live. The primary purpose of the residential facilities staff is to provide educational programs and well-maintained facilities to assist in achieving educational goals.
The emphasis in the residential facilities is on “Education.” We support education as it refers to the academic purpose of the University. Additionally, we promote the personal educational process that takes place during each resident’s development.

To assist in developing an atmosphere that is conducive to studying, residents are to observe all the guidelines for all university residential facilities for the protection of the residents’ health, welfare, and property. These guidelines are enforced to maintain an atmosphere that will enhance the growth and development of each resident in the residential environment.

The Residence Life component consists of full-time professionals and student staff, and is responsible for the residential facilities functions including students’ well-being, facility maintenance, programs, policy formation, enforcement, and hall association advising.

**Coordinator, Student Affairs-Resident Director (RDs)**
The Coordinators (RDs) are full-time professional staff members who are responsible for the daily operation of their respective residential facility. RDs supervise the Resident Assistant (RA) staff, enforce student conduct issues, and address maintenance and housekeeping concerns. They also ensure that adequate educational and social programs are provided. RDs assist students with their success at the University through community building and academic and personal counseling.

**Graduate Assistants**
The Office of University Housing offers limited graduate positions. The Graduate Assistants work under the direction of the RD for 20 hours per week. This is a live-in position and may co-supervise the RA staff, enforce student conduct issues, and address maintenance and housekeeping concerns. They also ensure that adequate educational and social programs are provided. RDs assist students with their success at the University through community building and academic and personal counseling.
Resident Assistants
Resident Assistants (RAs) are selected and trained to be a vital resource to students in all of the residential facilities. They are responsible for designated floors or areas of their facility and are supervised by the RD. Also, RAs are responsible for sponsoring programs, performing administrative tasks, upholding University Housing policies, and assisting residents in making the most of their residence life experiences.

Student Affairs Associates/ Clerks
Student Affairs Associates/Clerks assist in maintaining daily office hours and with overnight supervision in the residence halls. Their primary responsibility includes responding to emergencies, performing rounds, administrative functions, answering telephones, lockouts, and assisting residents.

Work Study Student
Work Study students are undergraduate students that serve as desk staff any time between 8 a.m. and 11:59 p.m. Their responsibilities include performing administrative functions, answering telephones, and assisting residents, other customers and reporting emergency situations.

RESIDENCE LIFE SUPPORT STAFF

Custodial Staff
The custodial staff is responsible for normal cleaning duties in public areas (hallways, lounges, stairwells, etc.), in the residential facilities. The custodians clean and sanitize the bathrooms in the traditional residence halls. Each resident is responsible for cleaning his/her own room and/or apartment, including taking trash to dumpsters on a daily basis. Residents who fail to take their trash to the dumpsters/compactors will be assessed a fine.

Maintenance Staff
The maintenance staff is responsible for repairs in the residential facilities. Maintenance issues should be reported to the facility staff immediately.

Note: Do not call the Maintenance Department directly for repairs. Residents should never attempt to make room repairs themselves.
GETTING INVOLVED

Residence Hall Association (RHA)
The RHA is the campus-wide organization that works to become the voice for all students living on campus. All students residing on-campus are automatically members of the RHA and are encouraged to get involved. The purpose of the RHA is to promote unity and community among residents, and to provide quality educational and social programming. RHA meetings will occur on a weekly basis (day and time to be determined) and are led by an elected executive board (president, vice president, secretary, treasurer, and sergeant of arms).

Residence Hall Government
Each residence hall and apartment area will have a Residence Hall Government (president, vice president, secretary, and treasurer). Each hall government will serve as the governing board of their respective facility and will contribute in the decision-making process of recommendations for improvements, determining group billings, etc., as well as conduct fundraisers, sponsor programs and activities, and send representatives to RHA meetings.

Programs, Activities, and Hall Meetings
All residence halls and apartment areas will conduct a variety of programs and activities throughout the year. Residents are encouraged to take part in all that is offered. Please see forthcoming information regarding various programs that will take place throughout the year (i.e., Intramurals, Housing Pageant, and Battle of the Halls etc.). Minimally, there will be at least one mandatory program meeting that residents are required to attend each month for informational and educational purposes. Scheduling conflicts should be discussed with the respective RD in advance. Failure to attend mandatory meetings will result in a fine.

Housing Court
Residents are encouraged to run for the Housing Court. In each facility, there are various ways that residents are selected as king and queen. The king and queen of each facility compete in a housing pageant. The winners serve as Mister and Miss Housing, and all of the representatives of each facility are members of the Housing Court. The king, queen, and
the court serve throughout the year in a variety of ways, such as homecoming parade, programming, and community service.

**Resident Assistant Recruitment and Selection Process**
Residents are encouraged to apply for the Resident Assistant (RA) position. Throughout the year, the residence life professional staff will actively seek out residents to assume leadership positions. The RAs serves as leaders within each community. They are supervised by their resident director to provide programs and services. The selection process takes place in the fall and spring semesters. Dates are announced via message boards and postings within each facility.

**HOUSING ASSIGNMENTS, PROCESSES, AND INFORMATION**

**LIVING COMMUNITIES**

**Traditional Style Living**
Traditional living communities consist of single to quadruple occupancy, bedroom living arrangements between residents of the same sex. Residents share a community style bathroom with other residents who reside in the facility. One or more lobby/common area(s) are present in the facility. The lobby/common area(s) may be for resident life programming and other residential events.

**Suite Style Living**
Suite style living communities consist of a single occupant bedroom and a shared bathroom with an adjoining suitemate of the same sex. Suite occupants enjoy the privacy of a single bedroom adjoined by a bathroom in one unit. The residents of the unit are responsible for the daily cleaning of the shared bathroom facility.

**Living-Learning Communities**
Living-Learning Communities (LLCs) give students a unique, inclusive residential learning experience that takes education outside of the classroom and allows residents to learn “where they live” alongside students with similar academic interests. Generally, students are housed according to factors such as classification, area of study, scholarship, leadership, campus, and community involvement. At this time, FAMU’s
LLCs will only be offered to new/incoming freshmen students grouped by selected academic majors/interests.

**Apartment Style Living**
Apartment style living communities consist of single to double occupancy bedroom living arrangements between residents of the same sex. The residents will share a bathroom with occupants of one to three adjoining bedrooms that will also be of the same sex. Each apartment also consists of a community kitchen and living room area that all residents of the apartment unit will share collectively. These residents are responsible for the daily cleaning of the shared bathroom, kitchen, and living room areas.

**Residence Life Assignments - Check-In**
Please check the University calendar for each semester’s published dates. Students are asked to check-in based on the first letter of their last name. Please do not attempt to check-in before the scheduled time.

When a resident arrives at his/her assigned residence hall, he/she will be required to complete several forms and receive information relevant to living on campus. A Room Condition Form is required to be completed to note the condition of each room. If there are any problems with his/her room, please report them to the resident director immediately. Throughout the semester, students are to report to his/her resident director any damages that occur. Residents are financially responsible for all damages that they or their guest may cause in the room during occupancy.

**Room Changes and Facility Changes**
Changes can be made only after receiving approval from the assignment staff located in the Office of University Housing. Students with a request to move from one residence hall to another should speak with their assigned RD prior to contacting assignment staff. All hall transfers (check-in and checkout) must be completed within a 24-hour period after the new assignment has been given. Students who make unauthorized room/hall changes will be subject to disciplinary actions and/or fine.

Housing Checkout Procedures are listed below:

1. Report to the Office of University Housing to complete a withdrawal and/or cancellation form (if leaving prior to the end of the Housing Agreement). **Note: It becomes the responsibility of the student/resident to notify the Registrars’ Office** if the resident chooses to withdraw from the University.

2. Complete appropriate checkout paperwork with the RD.

3. Remove all personal belongings from assigned room.

4. Make sure that the room is clean, orderly, and all furniture in its place.

5. Make an appointment with the residence hall staff to conduct a proper facility check out.

6. Staff will accept the room key and access card. Staff will also pick up the resident’s Room Condition Form, and inspect the room with resident present.

7. Any damages and/or missing furniture, access card, or lost keys will be notated on the resident’s Room Condition or Registration Form.

8. After resident and a residence hall staff member signs the Room Condition Form and Residence Hall Registration Form, the resident will be given a copy of his/her forms, and this will complete the checkout.
9. Residents who fail to follow the above steps for proper checkout will have their rooms inspected in their absence, and will be charged for any damages, assessed for improper checkout, and charged additional fees if the room key and/or electronic access card is not returned. All charges will post on the resident’s student account.

**Housing Closure**
Traditional residential facilities will close at the end of each semester and all residents of those facilities must vacate. Apartment facilities will remain open during the break between the fall and spring semesters.

**Consolidation**
University Housing reserves the right to consolidate vacancies by closing rooms, apartments, floors, or facilities. Residents in double accommodations with no roommate or apartment mate(s) may be consolidated at the discretion of the housing staff. Accommodations regarding private room, selected roommate, and other particular requests, will be granted in accordance with the above statement. Residents who fail to follow written directions concerning consolidation are subject to private room charges and/or disciplinary action.

**Double Rooms with Only One Occupant**
Residents who have no roommate, but who are assigned to a double room but are not paying the rental rate for a single room are prohibited from occupying both sides of the room. The vacant side of the room must be ready to accept a roommate at any time. Those who occupy both sides of the room will be charged an additional daily rate and/or be subject to disciplinary action.

**Contract Release Request**
Housing Agreements are binding for two semesters if the first semester of occupancy starts in the fall semester. Requests to terminate the contract may be considered, but must be submitted in a written form. Please do not make other housing arrangements until you receive official notification that your request has been approved. For more specific details, contact the Housing Office or consult your copy of the housing contract, Sections 7–10.
Admission Requirements
Residents must be “admitted” to the University and enrolled as a full-time student to be eligible to live in University Housing. Any exceptions to this requirement must be approved by the Director of Housing or his/her designee.

Private Rooms
When available space permits, residents may request a private room (single) by payment of additional fees applicable to the particular semester upon approval. Payment of a private room guarantees you that no other person will be assigned for the specific semester. It does not entitle resident to make the extra set of furnishings (where applicable) available to another student or guest. All furnishings are to remain in the room unless removed by housing staff members.

Re-Application Process
The re-application process affords residents the opportunity to apply for housing online for subsequent years. Re-application information is available on the Housing website: available at www.famu.edu/index.cfm?Housing.

Re-Assignments
An assignment guarantees space, not specific rooms within the residence hall. University Housing reserves the right to re-assign residents to other spaces, rooms, or halls in the best interest of individuals or groups of students, or when it is determined that a student is not actually residing in his/her assigned space. Private rooms, selected roommates, and particular requests are accommodated as much as possible in keeping with the above statements.

Room Charges
Room charges will post on the residents’ Student Account and are payable to the University Financial Services according to the published deadlines.

Summer Session Housing
Housing is available for all summer sessions. Students requiring summer housing must complete a summer option form.
Withdrawal
Residents who are withdrawing from the University during the semester must (1) contact the Counseling and Assessment Center; (2) contact the Main Housing Office staff; (3) request in writing the termination of the Housing Contract; and (4) complete check-out at the residence hall where they reside. Residents have 48 hours to move out from the time of withdrawal.

Rights of Resident Students
In a community living situation, such as in the residence halls, it is necessary to impose certain standards for conduct and behavior to ensure that there is some order to the environment. Each resident living in the residential facilities is entitled to certain rights:

1. The right to sleep.
2. The right to one’s personal belongings.
3. The right to free access to one’s room/suite facilities/apartment.
4. The right to a clean environment in which to live.
5. The right to read and study free from undue interference in one’s room.
6. The right to voice concerns and be heard.
7. The right to personal privacy.
8. The right to be free from verbal and/or written abuse, threats, intimidation or violence.

Responsibilities of Residents
Residents are expected to respond appropriately to the reasonable requests of other residents and all university staff. Residents will respect the rights of other residents. Each resident is responsible and held accountable for his or her behavior, as well as for the behavior of his/her guest(s). Procedures in all residence halls will be consistently and strictly enforced by University officials at all times. Violation of any of the procedures may result in disciplinary action.

SAFETY TIPS
When Walking On- & Off-Campus
FAMU Department of Public Safety Crime Prevention Unit

Walking can be great fun, but it can also be potentially dangerous. Here are a few tips to help keep you safe while you enjoy walking both on and off campus.

• Don’t take chances with your safety when walking.
• Don’t walk alone (especially at night).
• Use public walkways.
• Be alert! Be aware of your surroundings.
• Walk facing traffic. Walk confidently. Notice who passes you and who is behind you.
• Pay attention to people/cars around you and be aware of any suspicious situations/people.
• Display proper body language to show you are aware of things happening around you.
• Walk in well-lighted areas. Do not walk near bushes, alleys, etc.
• Wear clothing and shoes that give you freedom of movement and reflect light.
• Do not overburden yourself with bags or packages that might make running difficult.
• If someone in a car stops you to ask for directions/information, always reply from a safe distance—never getting too close to the vehicle.
• If an auto driver persists in bothering you, cross the street and walk/run in the opposite direction.
• If you feel someone is following you, turn around and check. Proceed to the nearest lighted house or place of business.
• If you feel you are in danger, do not be afraid to yell and run.
• Carry as little cash as possible. Hold your purse tightly, close to your body. Keep your wallet in a front pocket, button hip pocket or inside coat pocket.
• Always hide your valuables; and do not leave personal information on display.
• Have your keys in hand, and be ready to enter the vehicle.
• Avoid hitchhiking.
• Park in well-lit areas.
• Avoid parking close to large vehicles; it decreases your ability to see the area around you.
• Keep your car doors locked--while you are in the vehicle, and when you leave your vehicle.

Anyone having information regarding criminal activity on campus is asked to call the

Residence Hall Security
Security in the residential facilities is a joint responsibility of the residents and the University. University Housing and the Police Department provide residential students with security resources, which include on-going educational programs, safety-related policies, sanctions for policy violations, and staff assistance for dealing with security issues and emergencies. However, the safety and security of our community is all of our responsibility. You are the most important part of our cooperative effort to provide a safe and secure community. Please do your part to keep your room and facility safe and secure through the following: locking your room door at all times, utilizing the peep hole, not keeping large amounts of money in your room, storing valuables in a safe place; making sure exterior doors are locked, maintaining possession of your key/access card, reporting stolen or damaged key/access cards to the office staff, and lastly, reporting unaccompanied visitors in your building.

All facilities are closed to guests and deliveries from midnight to 10 a.m., daily.

- FAMU Police Department will provide free engraving services for personal valuable items.
- The University is not responsible for lost, stolen, or damaged property.
- Information concerning personal property insurance is available in your facility or in the Main Housing Office.
- If you have a car, keep it locked. Do not leave valuables visible.

Residence Hall Entry
Residents/Students entering the residence halls will be asked to present their university issued identification card to the staff member before proceeding into the building. If a resident does not have her/his ID card, he/she will need to be verified as a resident by a staff member before being allowed to proceed into the building. Residents who habitually fail to present their ID card may face disciplinary action. Those who do not live in the facility will be asked to sign in. See visitor sign-in policy below.

Visitation Hours
- Daily from 10 a.m. – 12 a.m. midnight, Sundays through Wednesdays. Extended hours are 10 a.m. – 2 a.m., Thursdays through Saturdays.

**Guest & Visitation Policy**

Any individual who is not assigned to reside in a specific residential facility room/or apartment area is defined as a guest. All guests to any residence hall, including those who are visiting the lobby, will need to have a photo identification card to sign in (i.e., FAMU ID, driver’s license, passport, military ID, etc.). Residents will be held responsible for the actions of their guests. Visitors who are found in the building that have not signed-in upon entering the building will be asked to leave and will be subject to disciplinary action.

In each residential facility, there is a designated section of rooms/apartments, which does not allow for inter-room visitation. In this section, the resident will only be allowed to have guests of the same gender. Persons found violating this rule will be subject to disciplinary action and/or fine.

**Residence Hall Doors**

An electronic access system has been installed on select doors of various residential facilities. Residents living in those facilities can gain access to their facility at any time by utilizing their electronic access card on the appropriate door(s). Misuse or destruction of an electronic access device can result in residents being charged for repairs or replacement. In addition, the violators will be referred to law enforcement, Student Conduct and Conflict Resolution, and even possibly evicted. Additionally, residential facilities’ entry doors are NEVER to be propped open, and residents should abide by the time regulations regarding their use.

Residence halls should only be entered or exited by way of an entry door (except in cases of emergency). Individuals are prohibited from entering or exiting through windows, climbing up or down the side of the breezeway system, fire escapes, or basement hatchways.

**Outside Disturbance**

In the event of a disturbance around the residential facilities, all residents should follow these procedures:
1. Return to assigned room;
2. Call FAMU Police and the office staff;
3. Close all windows, blinds and stay away from the windows;
4. Do not throw items, lean out of, or yell from windows.
5. Do not become a participant in any disturbance.

**Commercial Solicitation and Fund Raising**

Students, faculty, and other University personnel, are prohibited from entering University grounds and buildings, to include housing facilities, for the purpose of transacting or soliciting business with students, faculty, or other University personnel, unless they have been issued a permit for these purposes by the University President’s designated representative(s). Please refer to Regulations 2.030(17) and (18), and 3.011.

**PERSONAL SAFETY**

**FAMU Police Department**
The FAMU Police Department is an enforcement agency that serves the University community by offering traffic, parking, crime prevention and safety services, and is deeply invested in the safety and well-being of students, faculty, staff, and visitors. To help foster a safe learning environment, the Police Department conducts numerous safety programs such as rape awareness, bicycle safety, alcohol awareness, crime prevention, safety inspection, property identification, etc. The Police Department also maintains a daily crime log in order to better inform the University community of current crime trends. For additional information on crime statistics, please contact the Police Department at (850) 599-3256, which is located in the Physical Plant Operation Center, Suite A132.

**CRISIS RESPONSE**

**Fire Alarm Procedures**

If you discover a fire:

1. Evacuate the building by way of the nearest exit. As you evacuate, close the door to the room where the fire is located.
2. Activate the building fire alarm by using the pull station if someone has not already done so, and leave the building immediately.

3. DO NOT USE THE ELEVATOR.

4. Notify the staff at your residence hall or call from a safe location.

5. DO NOT RE-ENTER THE BUILDING.

The local emergency number is ‘911” or dial “0” from a campus line to connect to the campus operator, or call (850) 599-3256 to connect to FAMU PD. Once connected provide your name, exact location and nature of the emergency.

Do not attempt to enter the building until a staff member or police officer has given permission. Failure to cooperate with evacuation procedures, police or staff will result in disciplinary actions.

**Evacuation Procedures**

When the fire alarm sounds…

1. React promptly.

2. Proceed to the door of your room and check it for heat with the back of your hand. If COOL, open the door slowly and check for smoke in the hall.

3. If no smoke is present, exit and close the door. Take only essential items such as keys, access card, medication, identification etc., and proceed to the nearest exit through the stairwell or ground floor exit and evacuate the building.

**DO NOT USE THE ELEVATOR.**

4. If your door handle is HOT, or if there is SMOKE present DO NOT open the door.
5. Stay in the room and dial 599-3256. When dialing 911 provide your location and they will dispatch you to FAMU PD.

6. Pack wet towels or blankets under the door.

7. Wave a brightly colored item out the window for ease of recognition.
   Do not enter the building until the officers and staff have given the ALL CLEAR sound.

Fire Drills
The University endeavors to provide its faculty, staff and students with the assurance that the environment in which they work, study and live is safe from fire emergencies by assuring that if such emergency should develop, they have the knowledge to protect themselves and remain safe. When conducting drills, emphasis shall be placed on an orderly evacuation rather than on speed. Residents should become familiar with evacuation maps and routes in their facility.

Fire drills are required in each occupied building on campus and are conducted as required. Drills will be held at expected and unexpected times and under varying conditions to simulate the conditions that can occur in an actual emergency. There are two drills scheduled for each residence hall per semester, and one drill for each education and general building per year.

Fire drills are very vital and essential for emergency preparedness training. Drills shall include suitable procedures to assure all persons subject to the drill participate. All occupants shall take part in the fire drill and evacuate the building immediately. Residents not leaving the residence hall in a reasonable amount of time during a fire drill will be fined and receive disciplinary actions.

False Alarm of Fire
Florida Statutes 806.101 prohibits the act of a false alarm of fire as follows:

   Whoever, without reasonable cause, by outcry or the ringing of bells, or otherwise, makes or circulates, or cause to be made or circulated, a false alarm of fire, shall
for the first conviction be guilty of a misdemeanor of the first degree, punishable as provided in s.775.082 or s. 775.083. A second or subsequent conviction under this section shall constitute a felony of the third degree, punishable a provided in s. 775.082, s. 775.083, or 775.084.

This act will be reported whenever anyone is seen committing it. Such acts cause occupants to become complacent and refuse to leave the building whenever the fire alarms are activated, even in a real fire emergency. This could be potentially tragic. Such act is a cause for response from the Tallahassee Fire Department, which is a waste of valuable time and resources. Further, this causes disruption of normal operation in the affected facility. If a pattern of false alarms can be traced to a particular floor, and it cannot be determined which resident(s) is responsible, all residents residing on that floor are subject to a fine for those false alarms.

**Portable Fire Extinguishers**

Portable fire extinguishers are located in all buildings on campus in various locations. These fire extinguishers are provided for extinguishing fires when necessary. It is against the law to tamper with or remove fire extinguishers. They should only be used in an emergency. In the event that there is a malfunctioning extinguisher, please report it to the facility main office. If anyone is seen tampering with a fire extinguisher, this should be reported immediately.

**Gender-Based Misconduct**

The University is committed to providing an educational atmosphere in which students can achieve their goals and maximize their potential. When students experience sexual violence such as rape or dating violence, their sense of safety and trust are violated. Gender-Based misconduct is a serious violent offense, and is a flagrant violation of the University’s standards of conduct. In addition, gender-based misconduct includes, but is not limited to, sexual harassment; non-consensual sexual contact, sexual exploitation, and relationship violence (refer to 2.012 Student Code of Conduct). Students who experience gender-based misconduct, or are in violent relationships, have a variety of resources and courses of action available to them. If you have experienced gender-based misconduct, please do the following:
1. Report the incident to the FAMU Police and Housing staff immediately. Seek medical assistance by contacting either the Student Health Center at (850) 599-3777, Tallahassee Memorial Hospital at (850) 431-1155, or Capital Regional Medical Center (850) 325-5093. In the instance of rape, avoid showering or changing clothes until medical assistance is provided in case a rape kit needs to be administered. This will be administered at a hospital emergency room.

2. Seek emotional support and victim advocacy through the University Counseling Center, located on 101 Sunshine Manor, (850) 599-3145.

3. Contact Mrs. Carrie Gavin, Title IX Coordinator, located at 674 Gamble Street, (850) 599-3076, or carrie.gavin@famu.edu regarding resources available, including Title IX protections.

4. Residence Life staff is also available for support.

**Emergency Alert System**
The Emergency Alert System is a self-service, web-based, mass notification system that empowers a school to send instant alerts to all subscribers such as students, faculty, and staff’s cell phones, emails, and the web page automatically from one easy-to-use interface. The Emergency Alert System also allows a school administrator(s) to send a message to ten or tens of thousands of people within minutes without having to call anyone at the Emergency Alert System. Messages can be initiated from anywhere via the web or net-connected phone. Subscribers can self-manage their accounts to register or deactivate the service, update phone numbers or email addresses, and join available groups. To subscribe, go to www.famu.edu and scroll down to the bottom of the screen; on the right side of the page there is a button titled: “Blackboard Connect Emergency Alert System,” click on that button to begin your subscription. On the screen that follows, click “Sign Me Up,” and follow the steps from there.

**Accident and Illness**
If a resident becomes ill or has an accident while living in the residential facilities, contact the facility staff and the Health Service Center at (850) 599-3777. Health Services is located on the first floor of the Foote-
Hilyer Administration Building. Health Services is open from 8 a.m. to 5 p.m., Monday through Friday. Should a resident sustain an injury or become ill at a time when Health Services is closed, there are two hospitals located in Tallahassee. The hospitals are Capital Regional Medical Center, (850) 325-5093 and Tallahassee Memorial Regional Medical Center, (850) 431-0748.

Should anyone need the services of an ambulance, dial 911 or call the FAMU Police Department at (850) 599-3256 or (850) 599-3607. Please keep your insurance card with you at all times.

Residents with pre-existing medical conditions are encouraged to inform Health Services and University Housing. Also, we recommend that residents inform the Residence Hall Director of any pre-existing medical conditions.

**Weather**
The Tallahassee area is subject to severe weather, which includes thunderstorms, tornadoes, and hurricanes. For that reason, residents are not to have any type of antenna or electrical appliance in your room windows. Local radio and television stations announce severe weather watches and warnings when the weather conditions dictate.

In the event that a hurricane or tornado should come into the Gulf of Mexico and turn toward the Florida Big Bend area, your residence hall staff will distribute specific hurricane preparation information to you.

The residential facilities on campus are not designated as emergency shelters. Should a severe weather report dictate a hurricane, tornado, or storm warning, the following procedures are to be followed:

1. Go to the lowest floor possible. If you cannot reach a lower floor, stay away from all windows and go to an interior hallway or bathroom.

2. Sit on the floor with your back to the stairwell or in the central portions of your room away from windows.

3. If a storm strikes, duck your head between your knees and cover the back of your head with your hands for protection.
4. Try to remain calm.

5. Do not move from shelter until the severe weather is well out of the area or instructed by a staff member.

**Smoke Detectors**
Smoke detectors are provided throughout the Residential Facilities for the safety and protection of everyone living in the building. It is against policy to tamper with, dismantle, or cover any smoke detector in any way. If the smoke detector in the room needs to be replaced which is indicated by a beep every few minutes, please alert the Residence Hall staff. Do not attempt to replace, remove, or tamper with a smoke detector. Rooms with dismantled smoke detectors are in violation and assigned resident(s) will be fined, referred to FAMU PD, and the Student Conduct and Conflict Resolution staff for tampering with fire safety equipment.

**Sprinkler Heads**
Sprinkler heads are located in the residential halls and in the apartments. The hanging of any materials from the sprinkler heads can activate the system and cause damage to the device and facility. In this instance, water profusely discharges in the building causing severe water damage to the immediate room and to other surrounding areas. Nothing should be hung on any sprinkler head at any time. Also, care must be taken to avoid accidental damage to the sprinkler heads. Violators will be fined and shall pay the cost of damages to the equipment and property of other residents, and the University.

No charge will be assessed for repairs resulting from normal wear and tear. Any damages in the room prior to check-in should be marked on the Room/Apartment Condition Form. Please review the form to ensure that any damages are noted. If, during the course of any given semester, damages occur within the room, residents must immediately report these damages to the staff. If a request has not been attended to in three days, the RA for the floor should be contacted and they will work with the RD to further assist with
the issue. Damages that are caused by the resident or the resident’s guest(s) through negligence or willful intent will be placed on a work order with an attached damage statement for billing the resident of such repairs.

The University has a pest control service that sprays each room and the buildings periodically. If there is a problem with bugs, body lice or any other pests, notify the residence hall staff immediately.
Renter’s Insurance
Residents desiring insurance protection must make their own arrangements for the necessary coverage. The University does not carry insurance covering the loss and damage (due to water leak, theft, fire, etc.) to residents’ personal property nor liable for such loss. Students or their parents are encouraged to carry appropriate insurance to cover such losses. Cyber Stalking (Bullying)
It is the policy of Florida Agricultural and Mechanical University that any student(s), groups of students, or student organization(s) affiliated with the Florida Agricultural and Mechanical University are prohibited from engaging in any form(s) of cyber stalking and bullying activities. All alleged violations will be reported to FAMU PD. Section 784.048(1)(d), Florida Statutes, defines cyber stalking as:

“Cyber stalking” means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

Section 784.048(2)–(5), Florida Statutes further provides in part:
1. Any person who willfully, maliciously, and repeatedly follows, harasses, or cyber stalks another person commits the offense of stalking.

2. Any person who willfully, maliciously, and repeatedly follows, harasses, or cyber stalks another person, and makes a credible threat with the intent to place that person in reasonable fear of death or bodily injury of the person, or the person’s child, sibling, spouse, parent, or dependent, commits the offense of aggravated stalking.

3. Any person who, after an injunction for protection against repeat violence, sexual violence, or dating violence, or an injunction for protection against domestic violence, or after any other court-imposed prohibition of conduct toward the subject person or that person’s property, knowingly, willfully, maliciously, and repeatedly follows, harasses, or cyber stalks another person commits the offense of aggravated stalking.

4. Any person, who willfully, maliciously, and repeatedly follows, harasses, or cyber stalks a minor under 16 years of age commits the offense of aggravated stalking.

**How to Avoid Someone Cyber Stalking You**

1. Keep your personal information just that—personal. Should you use forums and chat rooms, there is no reason for the use of your real name. Others do not have a need to know your name, gender, the city or even the state in which you live, or anything else that they could use to identify you. Do not make your gender obvious through your usernames or profiles. Use passwords that are difficult for other people to determine your gender and change the password frequently.

2. Ask websites and search engines that offer free information about people, such as phone numbers and home addresses, to delete your entries. In addition, ask your telephone company not to include your home address in the phone book.

3. Make sure that any website that you use to transmit personal information, such as credit card numbers, begins with "https" and not "http." A website that begins with "https" is secure.
4. For additional information, please visit: http://www.famu.edu/index.cfm?CyberBullying&Whattodo.

Decorations
Decorations are encouraged as long as they do not create health or fire hazards or damage to the room. No decorations may hinder the use of or restrict access to hallways, doorways, stairs, corridors, or fire related equipment. Do not attach anything to or tamper with light fixtures, sprinkler system or exit signs. These restrictions apply to student rooms, common living area and public areas. Tension rods may be used to hang curtains for windows and closets only. Thumbtacks and pushpins are allowed for hanging purposes on walls, but not on doors. No nails may be used, and wall mounted shelves and/or curtain rods are not permitted. Christmas tree lights may only be used for two weeks prior to the end of the fall semester and only small bulbs may be used. Single strand lights with small bulbs may be used during the regular year but more than one strand may not be connected together at any time. Painter’s tape is the only adhesive allowed for decorating purposes. Do not use double-sided tape on any surface in the halls. This tape will damage the wall and/or not come completely off the walls. (For more information, you can visit: http://www.3m.com/3M/en_US/consumer-us/?WT.mc_id=www.3m.com/3M/en_US/country-us/all-products/home-leisure/) Please contact a residential facility staff person for further details.

To comply with regulations from the Fire Marshal, both sides of room doors may not be decorated with anything other than message boards. See Dry Erase Boards Section. Decorations violating this regulation will be removed by the hall staff. Damages will be assessed and billed to the resident.

Defacing/Destruction of University Property
Damaging/vandalizing or defacing property belonging to an individual or to the University is strictly prohibited. Those responsible for damaging or defacing property can be fined, required to pay restitution, and be evicted from the housing facility. RESIDENCE HALLS DISCIPLINARY SYSTEM
In Accordance with Regulation 2.012 Student Code of Conduct

I. Jurisdiction

The Associate Vice President for Student Life has jurisdiction over all cases involving violation of residential rules, regulations, and policies. Rules, regulations, and policies are published in the Terms and Conditions of the Housing Contract Agreement, the Residence Life Handbook, and/or written notices duly posted. It is the students’ responsibility to read the published material and govern their selves accordingly. Matters involving conduct in the residential system will be subject to investigation and disposition by the University Housing Director and his or her designees (Assistant Director and Resident Director). The University Housing Director reserves the right to alter the representative made to be his or her designee.

II. Procedures

A. Preliminary Investigation

Upon receipt of an allegation of a violation of the residential rules, regulations, and policies, the Resident Director will attempt a preliminary investigation to determine whether an infraction has occurred, investigate the circumstances and facts of an alleged violation, and determine the identity of individuals with knowledge concerning the matter. This investigation may include discussion with staff or students.

B. Notice

If, as a result of preliminary investigation, the Resident Director determines that disciplinary action should be initiated, the charged student will receive proper notice that the scheduling of a disciplinary meeting is required to be set within the next five (5) business days.

Notice will include the following:
1. Specific charge including date, location, and details of the alleged violation;
2. A request that the student arrange a convenient meeting time within a specified time period;
3. Notice will be sent to the student’s FAMU email address.

C. Initial Student Meeting

The RD explains the process of violations and allows the students to determine if he/she wants a hearing by the Housing judicial board or administrator/Resident Director.

D. Evidence, Testimony, and Witnesses

The charged student has the right to present evidence, testimony, and witnesses; to provide a written statement on his or her behalf; to know the nature and source of the evidence and testimony presented against him or her; and to rebut such evidence and testimony at the judicial board hearing or the administrator adjudication.

E. Decision

If the meeting indicated that the evidence is sufficient to warrant disciplinary action, the appropriate Resident Director or the Housing Judicial Board will make a finding and issue sanctions.

F. Judicial Hearing

If the preliminary investigation results in a student being charged with a violation, the charged student has two options:

1. The charged student may take responsibility for the violation and agree in writing through signing the “Housing Right to Judicial Hearing Waiver” form to the sanctions levied against him or her. Possible sanctions are listed in 2.012(9) of the Student Code of Conduct and the University Housing Residence Life Handbook.

2. The charged student may invoke the right to a judicial hearing and request such a hearing take place in order to defend against any charges. This request must be done in writing by completing the “Housing Right to Judicial Hearing Acceptance” form.
If the charged student waives the right to a formal hearing, the appropriate sanction will be issued. If the charged student requests a hearing, the proper paperwork will be forwarded the Assistant Housing Director. The Assistant Housing Director will work with the Office of Student Conduct and Conflict Resolution to arrange the hearing date and time.

The University Housing Department will endeavor to reach a decision regarding the allegation(s) within 30-45 days of its receipt of an allegation of a violation of the Student Code of Conduct Regulation 2.012(8), residential rules or policies. The student will receive, in writing, the decision of the designated housing administrator. However, if the violation is determined to be an infraction of the Student Code of Code Regulation 2.012(8), the case will be deferred to the University Conduct Officer for disposition.

G. Appeals

If the violation, is not deemed to be an infraction of the Student Code of Conduct University Regulation 2.012(8), but a traditional University Housing violation as listed in the University Housing Residence Life Handbook, the charged student may request a Housing Appeals Meeting in writing by completing a “Housing Judicial Sanction Appeals” form and submitting to the Assistant Director of Housing. The form must be received within ten (10) days of the date the student receives the written notification from the Resident Director or other housing administration.

The form should set forth the grounds on which the appeal is sought. After a careful review of the evidence, procedures, appeal request, and any additional information presented by the student, the appeals officer will decide whether an appeal will be granted. Appeals should be based on the following circumstances:
1. A procedural error was pre-judicial to the rights of the student;
2. The sanction is inappropriate; or
3. New information is available which was not available at the time of the disciplinary meeting, and which would have substantially affected the decision.

H. Disposition of Appeals
The housing appeals officer, as designated by the University Housing Director, may direct that the case be reheard. If the case is reheard, the rehearing committee will consist of three Housing Administrators (either of whom is not connected with the student, his residence, or the first disciplinary meeting) and three students. Decisions for all appeals will be completed within 14 business days of the receipt of the filing of the appeal. The decision will be communicated to the student in writing.

**III. Disciplinary Action**

The action, which may be taken as a consequence of violating the University Housing policies, ranges from imposition of a traditional sanction to the development of a creative way to assist the student in learning from the experience. Any combination of the following actions may be taken as deemed appropriate by the hearing officer:

A. Residential separation involves removal from the University residential community for conduct, which clearly demonstrates unwillingness or inability to function appropriately in the residential living situation. Such separation may be permanent or for a specified number of semesters. The student will remain fee liable.

B. Residential reassignment involves a mandatory change of residential assignment within the University’s residential community for inappropriate behavior in the residential living situation. Further inappropriate behavior will normally result in separation from the residential system.

C. Deferred separation is the deferred imposition of a disciplinary separation from the residence system. The deferment is conditional upon the student’s not committing an offense against residential regulations during the period of deferment; the commission of such an offense would result in summary imposition of the separation.

D. Residential probation is a status that may be imposed for behavior that indicates unwillingness or inability to accommodate the regular demands of residence living. Periodic contact with a Residence Life staff member may be required so that conduct may be reviewed. Failure to comply with the terms and conditions of the probation, or additional behavior in violation of residential standards during the
probationary period, will result in more serious disciplinary action.

E. Residential warning involves written notice to the student indicating that specific behavior or activity is not compatible with the demands of residence living. The student is officially warned in writing that further unacceptable behavior will result in more serious disciplinary action.

F. Suspension of visitation privileges. The student is barred from entering one or all residential facilities for an indefinite or stated period of time.

G. Revocation of guest/visitor sign-in privileges. The student loses the privilege of signing in guests and visitors for a specific or indefinite period of time.

H. Reimbursement for actual damage to, destruction of, or misappropriation of University property, or the property of any person, while in University residences.

I. Imposition of fine. A fine is the mandatory payment of a specific sum of money imposed as punishment for an offense. Imposition of this sanction shall be with due regard to the reasonableness of the sanction in a given case.

J. Assigned work projects. In specific circumstances, a student may be assigned to a community work project or task, which defines the length of time of the work projects.

K. Suspension of eligibility to hold office, within University Housing organizations, results in prohibition of a student from holding a position as president, vice president, secretary, treasurer, committee chairperson, or other office in University Housing organizations for a period of no less than one year. Any student placed on residential probation, deferred suspension, or residential separation is ineligible to seek or to hold elected office in University Housing organizations for the duration of the sanction.

L. Impounding of prohibited contraband, materials, or equipment. The University may impound materials specifically prohibited by law or
the rules and regulations of the University. The University may impound equipment used in a dangerous manner or in violation of the rules and regulations of the University. The sanction may provide that once the aforementioned items are impounded, the student will lose all further privileges of use or possession of prohibited contraband, materials, or equipment on University property, permanently or for a stated period of time.

M. Referral to an agency specializing in the assessment of drug and alcohol abuse may be required as a condition of any of the sanctions listed above.

N. Referral to an agency specializing in the assessment and evaluation of behavior involving issues of domestic violence and abuse illegal drug use and/or possession, and alcohol possession and use may be required as a condition of any of the sanctions listed above.

FAMU HOUSING FINES APPEALS PROCESS

Step 1
• The appropriate form is obtained, appeal written including a Student Account Charge Summary (Print out of fines/fees) and turned into the Housing Department no later than 10 business days after fine has been applied to student account.
• A written appeal is reviewed by the University Housing Appeals Committee.
• A decision is rendered on if the fine will be upheld, reduced, or dismissed.

Step 2
• A written letter and/or e-mail will be sent out to all appellants informing them of the decision and the appellant’s responsibility to pay or not pay the fee/fine.

Definitions of Appeals Actions

UPHELD (FULL FINE) – means that the bill has been upheld as a valid charge and payment is due.

REDUCED FINE – means that the committee agrees there was damage or a necessary charge, but that mitigating circumstances presented in your appeal warrants a reduction in the fine.
DISMISSED (NO FINE) - means that the appeal process was approved and the fine/charge is waived.

Fees/Fines Appeal Process
Fees/Fines are issued for abandoned items in residential facilities, damages to the facilities, restitution, extended stays, early arrivals and violation of university policies.

An appeal should be based on the premise that the Fees/Fines are inconsistent with Florida A&M University Residence Life policies and procedures as detailed in the Residence Life Handbook, or that the fee/fine is inaccurate or issued in error.

An appeal must be filed no later than 10 business days after the fine has been applied to student account.

Appealed fees/fines are placed on hold until the appellant is mailed or e-mailed notice of the decision. Payment is not required unless the bill is upheld (at full or reduced fine).

A notice that a fee/fine is dismissed requires no further action on the part of the appellant. The process may uphold a fee/fine at either the current monetary level or at a reduced level.

You may file an appeal by dropping a copy of the Student Account Charge Summary and the written appeal off at the University Housing Department. In all cases your appeal must be received in the Housing Department no later than 10 business days after fine has been applied to student account. The following information must be included with the appeal.

Appeals must contain the following:
1. Attach a copy of the Student Account Charge Summary
2. Name
3. Hall and Room Number
4. Statement explaining why the bill should be waived

Appeals that are not submitted within 10 business days after the fine has been applied to the student account will automatically be denied.
Selection of Committee Members
Committee members consist of the three Housing Administrators and three students.

**NOTE:**

1) Once a “Housing Right to Appeal Waiver” has been completed, the student no longer can appeal a charge.

2) Evictions, Community Fines & Failed Room Inspections cannot be appealed through the Housing Appeals Committee Process.
