

Certification for Serious Injury or Illness of a Veteran for Military Caregiver Leave Family and Medical Leave Act (FMLA)

Purpose of Form: The employee named below has requested a leave of absence to care for a covered service member with a serious injury or illness which may qualify as a protected leave under the FMLA. This medical certification form will provide Time & Labor Administration with information needed to determine if the employee’s requested leave is for a qualifying reason under the FMLA.

This form should be returned within fifteen (15) calendar days of the request for this information. If additional time is needed to complete and return the form, please contact the Office of Human Resources at (850) 599-3611 to speak with a representative in Time & Labor Administration. You will need to provide a reason for the delay and the date when the certification will be provided. You may return the form in person, by mail, or by fax. The fax number is (850) 412-5566. If sending by fax, please include a fax cover sheet marked “CONFIDENTIAL” and address the fax to Time & Labor Administration.

Instructions to the Employee and/or Veteran: Please complete and sign Section I of this form before having the health care provider complete Section II. You are required to submit a timely, complete, and sufficient certification to support a request for FMLA leave due to a serious injury or illness of a covered veteran. Your response is required to obtain or retain the benefit of FMLA protected leave. Failure to provide a complete and sufficient medical certification may result in a denial of your FMLA request.

SECTION II – HEALTH CARE PROVIDER INFORMATION

For Completion by a U.S. Dept. of Defense (DOD) health care provider or a health care provider who is either: (1) a U.S. Dept. of Veterans Affairs (VA) health care provider; (2) a DOD TRICARE network authorized private health care provider; or (3) a DOD non-network TRICARE authorized private health care provider; or (4) a health care provider as defined in 29 CFR 825.125. Please ensure that the sections above have been completed before completing this section.

Instructions to the Health Care Provider: The employee listed above has requested leave under the military caregiver leave provision of the FMLA to care for a family member who is a veteran. For purposes of FMLA military caregiver leave, a serious injury or illness means an injury or illness incurred by the service member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the service member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and manifested itself before or after the service member became a veteran.

A complete and sufficient certification to support a request for FMLA military caregiver leave due to a covered veteran’s serious injury or illness includes written documentation confirming that the veteran’s injury or illness was incurred in the line of duty on active duty or existed before the beginning of the veteran’s active duty and was aggravated by service in the line of duty on active duty, and that the veteran is undergoing treatment, recuperation, or therapy for such injury or illness by a health care provider listed above. Please complete all applicable sections. Several questions seek a response as to the frequency or duration of a condition, treatment, etc. Your answer should be your best estimate based upon your medical knowledge, experience, and examination of the patient. Be as specific as you can; terms such as “lifetime,” “unknown,” or “indeterminate” may not be sufficient to determine FMLA military caregiver leave coverage. Limit your responses to the veteran’s condition for which the employee is seeking leave.

PART A: MEDICAL STATUS

1. If you are unable to make certain of the military-related determinations contained below, you are permitted to rely upon determinations from an authorized DOD representative (such as a DOD recovery care coordinator). The veteran's medical condition is:

- A continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the service member unable to perform the duties of the service member's office, grade, rank or rating.
- A physical or mental condition for which the covered veteran has received U.S. Department of Veterans Affairs Service Related Disability Rating (VASRD) of 50 percent or greater, and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave
- A physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment.
- An injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans' Affairs Program of Comprehensive Assistance for Family Caregivers.
- NONE OF THE ABOVE** (Note to Employee: If this box is checked, you may still be eligible to take leave to care for a covered family member with a "serious health condition" under FMLA. If such leave is requested, you may be required to complete an employer-provided form seeking the same information.)

2. Is the veteran being treated for a condition which incurred in the line of duty on active duty or existed before the beginning of the active duty and was aggravated by service in the line of duty on active duty in the Armed Forces? Yes No
