DATABASES

African American Biographical Database
Brings together in one resource the biographies of thousands of African Americans, many not to be found in any other reference source. Contains extended narratives of African American activists, business people, former slaves, performing artists, educators, lawyers, physicians, writers, church leaders, homemakers, religious workers, government workers, athletes, farmers, scientists, factory workers, and more--both the famous and the everyday person. Their stories are pivotal to an understanding of the Black American experience over the last two centuries.

Book Review Digest Plus
Book Review Digest Plus brings together the rich data of Book Review Digest, which includes descriptive summaries of books as well as excerpts of book reviews, with all the book review citations and full text of book reviews from eleven other H. W. Wilson indexes.

Contemporary Women's Issues
Provides full text access to global information on women. Journals, newsletters, research reports from non-profit groups, government and international agencies, along with fact sheets are easily accessed through CWI. Information on women in various countries is compiled in a single collection bringing together such disciplines as sociology, psychology, health, education and human rights.

Current Index to Journals in Education
CIJE is a monthly guide to current periodical literature in education, covering articles published in major educational and education-related journals.

Education Full Text

Education Journals
Indexes and abstracts of standard and professional education journals full text. Also includes AIDS education, human development, child abuse, and developmental psychology.

ERIC (Cambridge Scientific)
The ERIC (Educational Resources Information Center) database is sponsored by the U.S. Department of Education to provide extensive access to educational-related literature. The ERIC database corresponds to two printed journals: Resources in Education and Current Index to Journals in Education.
**Eric (U.S. Dept. of Education)**
The bibliographic database of the Education Resources Information Center (ERIC), sponsored by the Institute of Education Sciences of the U.S. Department of Education.

**ERIC Digest**
Short reports targeted specifically for teachers, administrators, policy makers, and other practitioners, but generally useful to the broad educational community. Provides an overview of a given topic, plus references to items providing more detailed information.

**OmniFile Full Text**

**Petersons.com**
Petersons.com provides information about educational opportunities at all levels, and gives individuals the ability to search Peterson's databases, as well as to request more information, apply to a school or program, and interact in other ways with faculty and administrators at educational institutions.

**Physical Education Index**
Records are indexed and classified from peer-reviewed journals, report literature, conference proceedings, trade magazines, patents, articles from the popular press, and many other publications. Abstracts feature a wide variety of content, ranging from physical education curricula, to sports medicine, to dance.

**ProQuest Education Journals**
Contains titles on education--including primary, secondary, and university-level topics--with nearly 300 in full text. Includes the indexing and abstracts from H. W. Wilson's highly regarded Education Abstracts, plus many additional titles.

**PsycINFO**
PsycINFO, from the American Psychological Association, contains over a million citations and summaries of articles from journals, books, book chapters, dissertations, and technical reports in psychology and related fields.

**Readers' Guide Full Text**
Indexing and abstracting of the most popular general-interest periodicals published in the United States and Canada, plus the full text of selected periodicals.

**Wilson OmniFile Full Text**
Wilson OmniFile Full Text, Mega Edition is a multi-disciplinary database providing the complete content - indexing, abstracts, and full text - from six of Wilson's full-text databases:
