**Education Journals**
Indexes and abstracts 550 standard and professional education journals, 300 in full text. Also includes AIDS education, human development, child abuse, and developmental psychology. Coverage is from 1986-present.

**ERIC (Cambridge Scientific)**
The ERIC (Educational Resources Information Center) database is sponsored by the U.S. Department of Education to provide extensive access to educational-related literature. The ERIC database corresponds to two printed journals: Resources in Education (RIE) and Current Index to Journals in Education (CIJE). Both journals provide access to some 14,000 documents and over 20,000 journal articles per year.

**ERIC (FirstSearch)**
Educational Resources Information Center has represented the most complete bibliography of educational materials available since 1966. The ERIC database is a guide to published and unpublished sources on thousands of educational topics, with information from RIE (Resources in Education) and CIJE (Current Index to Journals in Education).

**Eric (U.S. Dept. of Education)**
The bibliographic database of the Education Resources Information Center (ERIC), sponsored by the Institute of Education Sciences (IES) of the U.S. Department of Education, contains more than 1.1 million citations of journal and non-journal education literature going back to 1966. It contains more than 107,000 full-text non-journal documents issued 1993-2004.

**ERIC Digest**
Short reports (1,000 - 1,500 words) on topics of prime current interest in education. Targeted specifically for teachers, administrators, policy makers, and other practitioners, but generally useful to the broad educational community. Provides an overview of a given topic, plus references to items providing more detailed information. Produced by the 16 subject specialized ERIC Clearinghouses, and reviewed by experts and content specialists in the field. Funded by the Office of Educational Research and Improvement (OERI), of the U.S. Department of Education (ED). Updated quarterly.

**Library and Information Science**
A bibliographic database that indexes articles and book reviews in more than 234 key library and information science periodicals published in the United States and elsewhere. Full-text coverage for selected periodicals is also included. Books, chapters in collected works such as conference proceedings, library school theses, and pamphlets are also
