**DATABASES**

**Business & Industry Database**
Facts, figures, events and market information about companies, industries, products and markets. Covers all industries and is international in scope. Draws content from over 1000 trade and industry publications, regional, national and international newspapers, business dailies and newsletters.

**Center for Research Libraries Catalog**
The Center for Research Libraries (CRL) is an international not for profit consortium of colleges, universities and libraries that makes available scholarly research resources to
users everywhere. CRL is governed by the major research libraries of North America and is funded by fees, grants and contributions.

Chicano Database
The most comprehensive bibliographic resource for information about Mexican American topics and the only specialized database or Chicano reference.

Conference Papers Index
Conference Papers provides citations to papers and poster sessions presented at major scientific meetings around the world. Subject emphasis since 1995 has been in the life sciences, environmental sciences and the aquatic sciences, while older material also covers physics, engineering and materials science.

Congressional
Lexis Nexis Congressional gives researchers access to vast and varied information published by and about Congress. In addition to the indexing and abstracting of the CIS/Index to Publications of the U.S. Congress from 1970, Lexis Nexis Congressional provides the tools for: searching the Congressional Record, tracking proposed legislation by keyword and sponsor, searching the Federal Register, searching congressional committee schedules, finding members of Congress, and searching the National Journal.

Contemporary Women's Issues
Provides full text access to global information on women. Journals, newsletters, research reports from non-profit groups, government and international agencies, along with fact sheets are easily accessed through CWI. Information on women in over 150 countries is compiled in a single collection bringing together such disciplines as sociology, psychology, health, education and human rights.

CQ Public Affairs Collection
The CQ Public Affairs Collection, a storehouse of public policy content organized by 22 key topics, pulls together CQ's wealth of historic documents and primary source materials, statistical overviews, directory contact information, and the very best in-depth reporting on current affairs to create a one-stop source for public policy content.

Criminal Law Report
Reports on significant developments, trends, and emerging patterns in criminal law. Coverage of federal and state court decisions, federal legislative activities, and administrative developments in criminal law.

Criminal Justice Periodical Index
Provides cover-to-cover access for 45 criminal justice journals, plus complete abstracts for over 100 additional titles. Publications in CJPI focus primarily on practical issues in crime prevention and deterrence, juvenile delinquency, police issues, and courtroom procedures, but includes a number of highly respected theoretical journals as well.
**Dissertations & Theses**  
The ProQuest Dissertations & Theses database (PQDT) is the world’s most comprehensive collection of dissertations and theses. It is the database of record for graduate research, with over 2.3 million dissertations and theses included from around the world.

**Education Full Text**  
Indexes and abstracts articles of at least one column in length from English-language periodicals and yearbooks published in the United States and elsewhere. English-language books relating to education published in 1995 or later are also indexed. Abstracting coverage begins with January 1994.

**Education Journals**  
Indexes and abstracts 550 standard and professional education journals, 300 in fulltext. Also includes AIDS education, human development, child abuse, and developmental psychology. Coverage is from 1986-present.

**EIS: Digests of Environmental Impact Statements**  
The federal government issues hundreds of environmental impact statements each year - and this one resource provides detailed abstracts of all of those statements, also indexing them for easy reference. Each entry includes a clear description of the project, sections on positive impact and negative consequences, and legal mandates.

**eMedicine**  
This iMedicine Clinical Knowledge base provides access to more than 7,500 articles on every known disease and disorder, covers 62 specialties and subspecialties, is updated constantly, and peer-reviewed by four physicians and one Pharm.D. Other features are 30,000 high resolution images suitable for teaching and presentations, eTools, and discrete image and drug searches.

**Encyclopedia of Astronomy and Astrophysics**  
Covers the entire field of astronomy and astrophysics and includes the full text of over 2,750 articles, plus sophisticated search and retrieval functionality and links to the primary literature.

**Environmental RouteNet**  
Environmental RouteNet (ERN) is an encyclopedic reference guide to all aspects of environmental information via the Internet. This database provides daily summaries of non-partisan briefings on environmental politics and business from more than 100 news sources. Accessible through 29 environmental subject areas, ERN includes research, statistics, standards, legislation, regulations, news, site-specific information, publications, information on education, and grants and funding.
**Eric (U.S. Dept. of Education)**
The bibliographic database of the Education Resources Information Center (ERIC), sponsored by the Institute of Education Sciences (IES) of the U.S. Department of Education, contains more than 1.1 million citations of journal and non-journal education literature going back to 1966. It contains more than 107,000 full-text non-journal documents issued 1993-2004.

**Ethnic NewsWatch**
An interdisciplinary, bilingual (English and Spanish), full-text collection of newspapers, magazines and journals of the ethnic, minority and native press. A rich collection of articles, editorials, columns, reviews, etc. provide a broad diversity of perspectives and viewpoints -- the other sides of the stories.

**Expanded Academic ASAP (Gale Group)**
Access full text articles and images from scholarly journals, news magazines, and newspapers in the arts, humanities, social sciences, science and technology. Abstracts are included for some articles.

**FactSearch**
Based on the printed publication, citation bibliographic A Matter of Fact. Each record contains a record for an item, an abstract containing facts and statistics with a reference to their original source, and library holdings. The information comes from over 300 publications--including newspapers, periodicals, the congressional hearings.

**Findex**
The Findex database is an expanded, electronic version of the printed reference work FINDEX: The Worldwide Directory of Market Research Reports, Studies and Surveys, which is a guide to published, commercially available market and business research.

**Florida Heritage Collection**
The Florida Heritage Collection is an ongoing cooperative SUS project to digitize and provide web access to materials broadly representing Florida's history, culture, arts, literature, sciences and social sciences. Significant materials have been selected from libraries, archives and special collections departments of the SUS institutions.

**Francis**
Contains records from more than 3,000 journals, books, dissertations, and other American and European sources covering the humanities, social sciences, and economics.

**GenderWatch**
A full-text collection of unique and diverse publications including scholarly journals, magazines, newspapers, newsletters, regional publications, books, and NGO, government and special reports that focus on how gender impacts a broad spectrum of subject areas. Subjects covered include family, childbirth, birth control, daycare, domestic abuse, work and the workplace, sexual harassment, aging, aging parents, body image, eating disorders and social and societal roles.
General BusinessFile ASAP
Analyze company performance and activity, industry events and trends as well as the latest in management, economics and politics. Access to a combination of broker research reports, trade publications, newspapers, journals and company directory listings with full text and images available.

Handbook of Latin American Studies
Contains records describing books, book chapters, articles, and conference papers published in the field of Latin American studies and edited by the Hispanic Division of the Library of Congress.

Health & Safety Sciences Abstracts
Published in association with the University of Southern California's Institute of Safety and Systems Management, this database provides a comprehensive, timely survey of recent work relating to public health, safety, and industrial hygiene. Cited studies are geared to help individuals identify, evaluate, and eliminate or control risks and hazards across the spectrum of environmental and occupational situations.

Health Reference Center - Academic
Use this database to find articles on: Fitness, Pregnancy, Medicine, Nutrition, Diseases, Public Health, Occupational Health & Safety, Alcohol and Drug abuse, HMOs, Prescription Drugs, etc. Provides bibliographic references, abstracts and full text information, a medical dictionary; excerpts from reference books; contact information for support groups, hotlines of research centers; and pamphlets issued by leading health organizations.

InfoTrac
Access to the following databases: Business and Company Resource Center, Custom Newspapers, Expanded Academic ASAP, General BusinessFile ASAP, Health Reference Center, Informe!, InfoTrac OneFile, Investext Select, and Legal Trac. Links and descriptions for each of these databases are listed alphabetically on this list.

InfoTrac OneFile
Search humanities, education, business, science, current events, art, politics, economics, social science, law, health care, computers, technology, environmental issues, and general interest topics.

Ingenta
An online periodical article delivery service and a current awareness alerting service. Indexes nearly 26,000 English language periodicals.

ISI Web of Knowledge
Access to products essential to research in academic, corporate, government, and non-profit organizations. Search individual products such as Web of Science or Current Contents Connect, or search multiple products simultaneously through CrossSearch.
**Web of Science**
Articles, abstracts, and citations from Citation Index, Social Science Citation Index, and Arts & Humanities Citation Index.

**Journals@Ovid**
Access to the full text of **Your Journals@Ovid**, journals to which FAMU has subscribed, plus all of the bibliographic citations, references, and abstracts in the **Journals@Ovid** database, an aggregate of hundreds of scientific, technical, and medical journals from over 50 publishers and societies.

**JSTOR**
Full text of 100+ core research journals in many subject areas. Coverage starts at the beginning year of publication and includes all but the most recent years (as required by the publisher). Each year an additional year of currently published titles is made available. More subject areas and additional titles are being added regularly.

**Kluwer Journals Online**
Full text of 600+ of Kluwer's research journals (most since 1997) covering a wide range of scientific disciplines, including mathematics, information science, economics, and business.

**Lexis Nexis Academic**
Lexis-Nexis Universe provides more than 9.5 million documents from over 18,300 sources. Lexis-Nexis Universe provides access to company profiles and financial reports, government transcripts, trade journals and academic and legal databases. Their files are updated with full-text documents from general interest wire services, newspapers, and magazines from around the world.

**Lexis Nexis Congressional**
Lexis Nexis Congressional gives researchers access to vast and varied information published by and about Congress. In addition to the indexing and abstracting of the CIS/Index to Publications of the U.S. Congress from 1970, Lexis Nexis Congressional provides the tools for: searching the Congressional Record, tracking proposed legislation by keyword and sponsor, searching the Federal Register, searching congressional committee schedules, finding members of Congress, and searching the National Journal. Lexis Nexis Congressional has full text of almost all Committee Reports from 1990 forward and Congressional testimony from 1988 forward.

**Marine Biotechnology Abstracts**
In marine biotechnology, molecular biology and molecular genetics are applied specifically to marine and aquatic organisms. The field holds great promise - in increased production of seafood, in the development of new therapeutic drugs, in the engineering of microbes that digest and remove environmental and marine pollutants, and in launching myriad ventures having immense economic benefit.
Materials Business File focuses on industry news, international trade data, government regulations and management issues related to the metals and materials industries. Citations for this database are pulled from 2,000 journals, plus patents, dissertations, government reports, conference proceedings, and books indexed by expert editors from Materials Information.

Mechanical Engineering & Transportation Abstracts
Provides citations, abstracts, and indexing of the serials literature in mechanical and transportation engineering and their complementary fields, including forensic engineering, management and marketing of engineering services, engineering education, theoretical mechanics and dynamics, and mathematics and computation.

Medical & Pharmaceutical Biotechnology
With the annual growth rate for biopharmaceutical sales currently projected at 42%, and the world market for genetically-engineered drug delivery systems expected to top 11 billion dollars by 1996, medical biotechnology - particularly in the area of new drug development and drug delivery - has become the fastest - growing segment of science..

MEDLINE (In Cambridge Scientific Abstracts)
MEDLINE on this service contains over 4 million citations and abstracts, providing unparalleled access to worldwide biomedical literature. The database contains a broad range of medical topics relating to research, clinical practice, administration, policy issues, and health care services. Produced by the U.S. National Library of Medicine.

MEDLINEplus
Health information from the National Library of Medicine and the National Institutes of Health. Includes information on over 600 diseases and conditions, a lists of hospitals and physicians, a medical encyclopedia and a medical dictionary, health information in Spanish, extensive information on prescription and nonprescription drugs, health information from the media, and links to thousands of clinical trials.

MICROMEDEX
Provides summaries and detailed monographs for drugs, alternative medicine, toxicological managements, reproductive risks, and acute/emergency care.

National Criminal Justice Reference Service Abstracts
The database has abstracts related to the field of criminal justice.

National Newspapers

NetLibrary
Catalog library, electronic books.
A free account must be opened by each user before viewing or using licensed e-books.
**Newsbank (Florida Newspapers)**
Complete full-text content of local and regional news from selected Florida Newspapers, including community events, schools, politics, government policies, cultural activities, local companies, state industries, and people in the community.

**OmniFile Full Text Mega Edition**

**Ovid**
Access to the full text of Your Journals@Ovid, journals to which FAMU has subscribed, plus all of the bibliographic citations, references, and abstracts in the Journals@Ovid database, an aggregate of hundreds of scientific, technical, and medical journals from over 50 publishers and societies. Journals@Ovid offers coverage from 1996 to the present for many journals, and the coverage of some journals dates back as far as 1993.

**Oxford Journals Online**
Online fulltext access to journals published by the Oxford University Press. The library may not subscribe to all journal titles offered through this site.

**Physical Education Index**
Records are indexed and classified from peer-reviewed journals, report literature, conference proceedings, trade magazines, patents, articles from the popular press, and many other publications. Abstracts feature a wide variety of content, ranging from physical education curricula, to sports medicine, to dance.

**Plant Science**
Plant Science is a bibliographic database containing citations and abstracts of scientific literature on plant science, focusing on all plant scientific aspects, especially on pathology, symbiosis, biochemistry, genetics, biotechnology, techniques and environmental biology.

**Pollution Abstracts**
This database provides fast access to the environmental information necessary to resolve day-to-day problems, ensure ongoing compliance, and handle emergency situations more effectively. Pollution Abstracts combines information on scientific research and government policies in a single resource.

**PROMT®**
Provides comprehensive, reliable, and global coverage of companies, products, markets, and technologies. Features a wide selection of abstracts and full-text from international trade and business journals, industry newsletters, and newspapers. This database is integrated with Business and Company Resource Center.
**Proquest**
Simultaneously search all of the following Proquest databases: ABI/INFORM Archive Complete, ABI/INFORM Dateline, ABI/INFORM Global, ABI/INFORM Trade & Industry, Criminal Justice Periodicals, Hoovers Company Information, Hoovers Company Capsules, Hoovers Company Profiles, ProQuest Education Complete, and ProQuest Newspapers, or click Collections and select a database from the menu.

**ProQuest Education Journals**
Contains more than 550 titles on education—including primary, secondary, and university-level topics—with nearly 300 in full text. Includes the indexing and abstracts from H. W. Wilson's highly regarded Education Abstracts, plus many additional titles.

**ProQuest Newspapers**

**PsycINFO**
PsycINFO® from the American Psychological Association, contains over a million citations and summaries of articles from journals, books, book chapters, dissertations, and technical reports in psychology and related fields.

**PubMed (NLM)**
PubMed, a service of the National Library of Medicine, includes over 14 million citations for biomedical articles back to the 1950's. These citations are from MEDLINE and additional life science journals. PubMed includes links to many sites providing full text articles and other related resources.

**Readers' Guide Full Text**
Indexing and abstracting of the most popular general-interest periodicals published in the United States and Canada, plus the full text of selected periodicals. Full-text coverage begins in January 1994 for most titles.

**Risk Abstracts**
Risk Abstracts encompasses risk arising from industrial, technological, environmental, and other sources, with an emphasis on assessment and management of risk. The journal includes occasional articles on topics of significant interest. The broad, multidisciplinary coverage of risk-related concerns ranges from public and environmental health to social issues and psychological aspects.

**Safety Science & Risk Abstracts**
Published in association with the University of Southern California and the University of Waterloo, this database provides comprehensive, timely information across the fields of public health, safety, and industrial hygiene. Cited studies are geared to help researchers identify, evaluate, and eliminate or control risks and hazards from environmental and occupational situations.
Science Complete
Simultaneously search Applied Science Full Text, Biological & Agricultural Index Plus, and General Science Full Text. Descriptions for each of these databases are listed alphabetically on this list.

ScienceDirect
The Elsevier Science Journals Database is the electronic full text version of approximately 650 of Elsevier's traditional research journals. These journals are primarily in the scientific, technical, and medical disciplines. The journals published by Elsevier Science are among the most authoritative in their respective subject areas.

Social Sciences Full Text
Indexes and abstracts articles of at least one column in length from English-language periodicals published in the United States and elsewhere plus the full text of selected periodicals. Coverage includes a wide range of interdisciplinary fields covered in a broad array of social sciences journals. Abstracting coverage begins with periodicals published in January 1994. Abstracts range from 50 to 300 words and describe the content and scope of the source articles.

Social Services Abstracts
CSA Social Services Abstracts provide bibliographic coverage of current research focused on social work, human services, and related areas, including social welfare, social policy, and community development.

Sociological Abstracts
CSA Sociological Abstracts Database is a primary resource for accessing the latest research sponsored in sociology and related disciplines in the social and behavioral sciences. The database draws information from an international selection of over 2,600 journals and other serials publications, plus conference papers, books, and dissertations.

Standard & Poor's NetAdvantage

Statistical
CIS® Statistical provides comprehensive access to statistical information from Congressional Information Service, Inc. The service allows users to search summaries of statistical publications, then link to the full-text of selected publications on Lexis Nexis Statistical and government Web sites.

Tax Management Portfolios
Tax planning and compliance information. Extensive analysis provided by more than 1,000 authors and Advisory Board members across the entire spectrum of U.S., State, and International Taxation.
Toxicology Abstracts
Toxicology Abstracts is specifically focused to meet the needs of toxicologists. It covers issues from social poisons and substance abuse to natural toxins, from legislation and recommended standards to environmental issues. Surveying the literature for toxicology studies of industrial and agricultural chemicals, household products, pharmaceuticals, and myriad other substances, each issue publishes information concerning the in vivo effects of toxic substances.

TOXLINE
Access to information in all areas of toxicology, including chemicals and pharmaceuticals, pesticides, environmental pollutants, and mutagens and teratogens. Provides bibliographic citations and abstracts from journal articles, monographs, technical reports, theses, letters, meeting abstracts, papers and reports.

Universe
LEXIS®-NEXIS® Academic Universe provides access to a wide range of news, business, legal, and reference information.

U.S. Law Week
Significant cases and key legislative, regulatory, and pre-decisional developments, across the country, across all areas of the law.

Value Line Investment Survey
A comprehensive source of information and advice on approximately 1,700 stocks, more than 90 industries, the stock market, and the economy.

Virology & AIDS Abstracts
Virology and AIDS Abstracts provides a month-by-month summary of the myriad findings in this information-intensive research race. Comprehensive coverage of the world literature on every aspect of virology in humans, animals, and plants is featured, with topics ranging from replication cycles to oncology.

Wall Street Journal
Business news and information on financial markets worldwide. In-depth indexing, covering complete bibliographic information, subjects, companies, people, products, and geographic areas.

Washington Post
Coverage of national, international, and local news from 1987 to date. The Washington Post is renowned for its political reporting, editorials and columnists.

Web of Science
Articles, abstracts, and citations from Citation Index, Social Science Citation Index, and Arts & Humanities Citation Index.
**Wiley Interscience Journals**  
Full text of over 300 leading scientific, technical, medical, and professional journals, plus major reference works and the acclaimed Current Protocols laboratory manuals.

**Wilson Business Fulltext**  
Provides complete, accurate access to 345 of today's leading English language business magazines. Topics include accounting, personnel, and small business. Abstracts are included.

**Wilson OmniFile Full Text Mega Edition**  

**Wilson Science Complete**  
Simultaneously search Applied Science & Technology Full Text, Biological & Agricultural Index Plus, and General Science Full Text. Descriptions for each of these databases are listed alphabetically on this list.

**Women's Studies Encyclopedia**  
A wealth of scholarship in the field of women's studies including more than 700 alphabetically listed entries prepared by 425 scholars from all disciplines. Thorough analysis of women and society throughout history and around the world.

**WorldCat**  
The world's most comprehensive bibliography, with 36 million bibliographic records representing 370 languages and covering information from 4,000 years of knowledge.

**WorldScope**  
In-depth financial information on public companies worldwide. Includes information from a variety of sources and documents from corporations all over the world. Displays full documents information as full-text option. Subjects: business descriptions, key ratios, financial information, officers.

---

**GOVERNMENT DOCUMENTS**

Office of Management and Budget. **Analytical Perspectives Budget of the U.S. Government Fiscal Year 2008.** [Federal Documents PREX 2.8/5:2008]
