STRATEGIC PLANNING PROCESS

In Fall 2008, President James H. Ammons appointed a university-wide committee to conduct a comprehensive review of the 2004-05 to 2013-14 Strategic Plan. Several subcommittees worked to complete this process in the following areas:

- Mission, Vision and Core Values Subcommittee
- Survey Development Subcommittee
- Strategic Initiative Sub-committees (four subcommittees)

This work entailed a comprehensive review of the current strategic plan. Specifically, the SWOT analysis included a review of Board of Governors and Board of Trustees’ goals, Southern Association Colleges and Schools, Commission on Colleges (SACS-COC) standards, and other relevant internal and external factors. In addition, the SWOT analysis included feedback from an online survey of faculty, staff, administrators, students, alumni, and corporate partners as well as a review of the accomplishments of the current plan. The plan accounted for but was not stifled by the current conditions of the state, national, and global economies and budget reductions that are presenting the University with significant challenges.

Courageous visioning and actions have been and will continue to be keys to FAMU’s success. As such, this strategic plan is yet another courageous step toward FAMU 2020.

Strategic Initiative 4: Enable Excellence in University Relations and Development

Situational Context: As stated in the situational context for Strategic Initiative 3, the attainment of necessary financial resources is critical to FAMU’s continued growth, improvement, and outstanding performance in the years to come. Sustained lobbying efforts at the state and national levels can facilitate FAMU’s acquisition of new and recurring public funds. In light of the successive permanent reductions to the University’s budget and the severe recession of 2007-09, the University must increase its funding from private sources. An increase in private funding will complement state funding, and enable FAMU to engage in innovations to help students, faculty, staff, the local community and other stakeholders.

Goal 4.1: Enhance Institutional Fundraising

Strategy 4.1.1: Institute the University’s Capital Campaign.
Strategy 4.1.2: Enhance the relationships and involvement with the Industry Cluster Partners.

Strategic Initiative 5: Enhance and sustain an academic and social environment that promotes internationalism, diversity, and inclusiveness

**Situational Context:** Both the land-grant mission of the University and the BOG Strategic Goals require that the University meets the needs of the community and fulfills its unique institutional responsibilities. From the perspective of the State University System, the BOG expects the percentage of minority graduates to equal their representation in the total population. The University considers racial, religious, ethnic, cultural, socioeconomic, geographic and ideological diversity as central to its global mission and vital to developing a vibrant and productive faculty, staff and student body. It intends to sustain an academic and social environment that promotes diversity and inclusiveness. The University will promote international research and training programs, and robust globally-orientated student opportunities including international study abroad and internship programs.

Additionally, internationalization and diversity are paramount in the 21st Century collegiate experience and the global economy. International and domestic diversity and inclusion are comprehensive in that they include race, religion, ethnicity, geographic and individual perspectives, world views, learning styles, socioeconomics, cultural differences, etc. An understanding and appreciation of international and diversity dynamics are fundamental aspects of a successful education.

**Goal 5.1: Produce diverse and culturally astute graduates for the global workforce.**

**Strategy 5.1.1:** Maintain FAMU’s position as a top producer of African American baccalaureate degree recipients.

**Strategy 5.1.2:** Become a top producer of African Americans with graduate and professional degrees in the Science, Technology, Engineering and Mathematics (STEM), law and health.

**Strategy 5.1.3:** Promote diversity and inclusion among faculty, staff and students.

**Goal 5.2: Enhance International Initiatives and Programs**

**Strategy 5.2.1:** Enhance the international dimension of academic and research programs at FAMU.

**Strategy 5.2.2:** Keep FAMU’s brand highly visible throughout the international community.
