Section VI - Graduation Rate - Transfers/exclusions - all other sports

- In the columns below, report the status of the subcohort in Col 60, who did not complete a program as of August 31, 2003.
- Report transfers-out who did not complete a program in Col 80. If the mission of your institution includes providing substantial preparation for students to enroll in another eligible institution WITHOUT having completed their programs, you must report transfer-out data in column 80. A school is required to report only on those students that the school knows have transferred to another school. A school must document that the student actually transferred. If it is not part of your mission, you may report transfer-out data if you wish.

- Report exclusions from the cohort in Col 95. The ONLY allowable categories for this column are:
students who died or became permanently disabled
students who left school to serve in the armed forces
students who left school to serve with a foreign aid service of the Federal Government
students who left school to serve on an official church mission
- Col 99 [non-completers (still enrolled + not enrolled) and completers > 150% of normal time] will be calculated for you
- If you do not have any values to enter in either column 80 or 95, you must enter at least one zero in a field on this screen
