2.026 Student Meal Plan.

All students residing in University residence halls will participate in the student meal plan. Each meal plan offers a variety of meal options satisfying varied dietary requirements, personal tastes and individual schedules. Each plan provides at least 15 meals per week and provides unlimited seconds for all meal plans eaten in the resident dining facility. The following meal plan options are available: The fifteen (15) or nineteen (19) meal plan and the fifteen (15) or nineteen (19) equivalency meal plan. The equivalency meal plans may change from year to year. The specific meals to be offered in each option and the cost for each option will be furnished to all students at the time they request housing information. The information is also available in the Rattler Card Office in the Student Services Center and in other locations throughout the campus. Each student requesting housing in a traditional residence hall must select the fifteen or nineteen meal per week option at the time the student receives his/her Rattler Card (Official University Identification Card). Non-residential students may also participate in the Student Meal Plan.
