FULL TEXT OF THE PROPOSED REGULATION: The full text of the proposed amended regulation follows:
3.009 Payment of Fees.

(1) Students are required to pay tuition and related fees in accordance with procedures prescribed herein. (See also Board of Governors Regulations 6C-7.001, 6C-7.002 and 6C-7.003)

(a) A student’s course schedule shall be cancelled if payment of tuition, or appropriate arrangements for payment, has not occurred by the end of the first week of classes. The President or the President’s designee may extend the deadline for fee payment when payment by the student is delayed due to University actions. However, the President may choose to temporarily suspend further academic progress in lieu of cancelling a student’s course schedule in those cases where the student has partially paid the student’s tuition. Suspension of academic progress shall preclude a student from receiving grades, a transcript, or a diploma and shall deny registration for future terms until the student’s account has been settled in full. Registration shall be defined as consisting of two components:

1. Formal selection of one or more courses approved and scheduled by the University, and
2. Tuition payment, partial or otherwise, or other appropriate arrangements for tuition payment (deferment or third party billing) for the course(s) in which the student is enrolled as of the end of the drop/add period.

(b) Tuition liability shall be defined as the liability for the payment of tuition incurred at the point at which the student has completed registration, as defined above.

(c) A student whose course schedule has been cancelled under paragraph (1)(a) above may be reinstated. To be reinstated, a student shall, by the end of the fourth week of classes, apply for reinstatement and pay 100% of tuition and the late
payment fee, make appropriate arrangements for 100% payment of tuition and the late payment fee, or, through a combination of the above, cover 100% of tuition and the late payment fee.

(d) A student who is registered for six or more semester hours of credit, except for state employees utilizing waivers who are taking six credit hours or less, shall pay a health fee each term which provides for health care service.

(e) The University shall assess a late registration fee of $100.00 to students who fail to initiate registration during the regular registration period.

(f) The University shall assess a late payment fee of $100.00 to students who fail to make tuition payment or appropriate arrangements for tuition payment (deferment or third-party billing) by the end of the first week of classes.

(g) All or any part of the tuition and late fees may be waived by the University when deemed appropriate provided that provisions for such waivers are included in the rules and regulations of the Board of Governors.

(2) A student is allowed to pay charges for room and board in installments. However, the student is expected to use all available financial aid upon receipt to fully pay such obligations. A student who is paying in installments is required to pay a deposit in the amount of $350.00 prior to the initial housing assignment for the academic year and by the end of the first week of classes for the succeeding term. Fifty percent (50%) of the remaining room and board charges shall be paid no later than the end of the fourth week of classes. The balance of room and board charges shall be paid no later than the end of the first half of the academic term; otherwise, a student shall be precluded from receiving grades, a transcript, or a diploma and shall be denied registration for future terms until the student’s account is settled in full.

(3) The President or the President’s designee may approve deferred payment for a student, upon application, on grounds of: formal arrangements made with the University for payment by an acceptable third party; or eligibility for deferral guaranteed to students receiving veteran’s educational assistance benefits or other benefits from Federal and State assistance programs. It is the policy of the University to disburse financial aid after the end of the drop/add period. All students who have been awarded sufficient eligible financial aid to cover 100% of their tuition by the end of the first week of classes are
considered to have applied for deferment and are granted deferred payment status. This shall be based on the student’s residency classification and an average of 15 semester hours for undergraduate students for the Fall and Spring semesters; 12 semester hours for graduate students for the Fall and Spring semesters; 12 semester hours for undergraduate students for the Summer session; and 9 semester hours for graduate students for the Summer session. Students whose financial aid award does not cover 100% of their tuition shall pay the difference by the end of the first week of classes in order to be granted deferred payment status.

(4) If a student’s fee account is in arrears due to errors committed in calculating tuition fees or for other valid and acceptable reasons, the student’s academic progress will be suspended. Suspension of academic progress shall preclude a student from receiving grades, a transcript, or a diploma and shall deny registration for future terms until the student’s account has been settled in full.

(5) Tuition Refunds: Tuition refunds are calculated on a course by course (per credit hour) basis. Students who are enrolled and then withdraw may not receive a refund. Refunds will be computed based on the actual withdrawal date certified by the Office of the Registrar. Refunds will not be made to students who do not attend class and have not completed the required withdrawal procedure. Terms in the student housing contract will determine the refund of room rent; whereas board will be prorated based on the approved date of cancellation. Refunds processing is approximately two to four weeks.

(a) Students who officially withdraw prior to the end of the drop/add period and have completed the required withdrawal procedure will be entitled to 100\% of the tuition assessed or adjustment for waivers.

(b) Students who officially withdraw prior to the end of the fourth week of classes and have completed the required withdrawal procedure will be entitled to 25\% of the tuition assessed or adjustment for waivers, less building and capital improvement fees.

(c) Students who officially withdraw at an appropriate time as designated by the University for Summer sessions and have completed the required withdrawal procedure will be entitled to 25\% of the tuition assessed or adjustment for waivers, less building and capital improvement fees.
(d) Exceptions to the refund policy are made only in rare instances. Written application for an exception must be filed with the Office of Student Accounts and addressed to the Refund/Waiver Appeals Committee. If a student withdraws or drops one or more credit courses due to circumstances determined by the University to be exceptional and beyond the control of the student, the student will be entitled to **100%** to **75%** of the tuition assessed or adjustment for waivers. Exceptions include but are not limited to:

1. Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude the completion of the course(s);
2. Death of the student or death in the immediate family (parent, step-parent, spouse, child, sibling, or grandparent);
3. Involuntary call to active military duty; or
4. A situation in which the University is in error. The amount of a payment in excess of the adjusted assessment will be refunded.

(e) A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to which the refund or other appeal action is applicable.

(f) Pursuant to Public Law 102-325, the Higher Education Amendments of 1992, and notwithstanding the provisions of subsection (5) and paragraph (5)(a) above, for the first term in which students are enrolled at the University for the first time, a pro-rata refund of tuition, fees, room and board, and other charges shall be made as required by Public Law 102-325.
