Welcome

The College of Engineering Sciences, Technology and Agriculture (CESTA) is the land-grant arm at Florida A&M University. CESTA offers unique opportunities for students to grow professionally and build on their dreams for the future.

For more than 100 years, CESTA continues a rich legacy of "Excellence with Caring" through its tripartite land-grant mission to provide collegiate teaching, research, extension and outreach that is global in scope and recognized both nationally and internationally.

Congratulations CESTA Honor Scholars

CESTA Honor Students Reception - March 25, 2008
