SUBJECT: Appointment to the University’s Budget Planning Council

I am pleased to inform you of your appointment to the University Budget Planning Council (UBPC). The formation of the UBPC is a continuation of the University’s efforts to integrate the University’s planning, budgeting, and evaluation functions.

The UBPC will assist me in the effective allocation of the University’s resources and facilitate in accomplishing the Strategic Plan that was approved in 2004 (see attached documents). The UBPC, through its university-wide representation, will provide recommendations for the strategic utilization of resources. Through routine meetings, budget planning, monitoring and recommendations for reallocation when necessary we will succeed in linking planning and budgeting.
Over the past few months I have carefully deliberated on comments from the Board of Trustees, the Board of Governor's Task Force on Finance and Operations, the President's Transition Team, the Leadership Team meetings and other meetings with the FAMU community. Based upon these comments and the University's Strategic Plan, I have determined that the following will be our Strategic Priorities for FY 07-08:

- **Strategic Initiative 1: Enhance the processes of Access, Recruitment, Enrollment, Retention, Progression, and Graduation at the Undergraduate and Graduate Levels**
  - **Goal 1.3: Academic enhancement and improvement**
    - Strategy: Obtain Southern Association of Colleges and Schools (SACS) Reaffirmation
    - Strategy: Seek and obtain specialized accreditation of appropriate programs
    - Strategy: Enhance student retention, progression and graduation

- **Strategic Initiative 2: Improve the Effectiveness of University Processes**
  - **Goal 2.1: Improve administrative processes throughout the University (for this goal our FY 07-08 focus will be on the financial reporting and accounting processes)**
    - Strategy: Implement the Enterprise Resources Planning (ERP) System
    - Strategy: Develop university-wide policies and procedures
    - Strategy: Continually train and upgrade University employees

An operating budget for the 2007-08 fiscal year has already been distributed. However, I would like the UBPC to begin its work immediately by reviewing this budget and making appropriate recommendations to improve its congruency with the strategic priorities established for this fiscal year. The UBPC should use the goals identified above as a basis for making recommendations for reallocation. Please submit your recommendations to me prior to August 28, 2007.

A draft “Institutional Effectiveness Plan” was prepared by the SACS Institutional Effectiveness Committee. I would like the UBPC to immediately review and revise the draft “Institutional Effectiveness Plan” and make appropriate recommendations to me for its implementation. Please submit your recommendations to me by August 28, 2007.

Ms. Teresa Hardee, Interim CFO and Vice President of Administrative and Financial Services will serve as Chairperson of the UBPC and will convene a meeting to activate the UPBC very shortly.

Thank you very much for your willingness to serve the University in this capacity. I look forward to your special contributions to facilitate the efficient and effective integration of our planning, budgeting, and resource allocation processes.
FLORIDA A&M UNIVERSITY
