AGREEMENT

This agreement (the "Agreement") is entered into by and between Target Stores, a division of Target Corporation ("Target") and Florida Agricultural and Mechanical University (FAMU), acting for and on behalf of the FAMU Board of Trustees, Tallahassee, Florida, 32307-3800, (the "School") to engage in a cooperative program of experiential learning (the "Program") for the School’s pharmacy students.

A. Rights and Obligations of the School

1. The School will designate a faculty member to work with the designated representative of Target to coordinate the Program.

2. The School will select pharmacy students for participation in the Program who have successfully completed all necessary prerequisite courses and requirements (the "Students") and shall designate qualified professionals of its clinical staff to oversee and instruct Students during placement.

3. The School will ensure that each Student has been familiarized with his/her responsibilities while participating in the Program, including each Student’s obligation to comply with all policies and procedures of Target.

4. The School will provide each Student with an identification badge which will be worn by the Student while at Target.

5. The School is responsible for requiring each Student to:

   a) Respect the confidentiality of Target’s patients and their records in accordance with the School’s and Target’s guidelines and applicable law;
   b) Comply with all policies of the School and Target;
   c) Meet health standards as required by the School; and
   d) Maintain a current health insurance policy as required by Target.

6. During the term of this Agreement, the School shall obtain and maintain Professional Liability insurance covering each Student and faculty member participating in the Program with limits of at least One Million Dollars and 00/100 ($1,000,000.00) per incident and Three Million Dollars and 00/100 ($3,000,000.00) aggregate. Evidence of such coverage shall be provided upon request by Target.

7. To the extent provided under Section 768.28 of the Florida Statutes, the College assumes any and all risks of personal injury and property damage attributable to its own negligence or wrongful act or omission and that of its officers, agents, and employees while acting within the scope of their employment with the College. Nothing herein is intended to be construed or interpreted as: (1) denying any remedy or defense available to the College under the laws of the State of Florida; (2) the consent of the State of Florida or its officers, employees, servants, agents, agencies, or public bodies corporate to be sued; or (3) serve as a waiver of sovereign immunity beyond the limited waiver provided in Section 768.28 of the Florida Statutes.
8. The University reserves the right to withdraw a student whose progress, conduct or work, in the University’s discretion, does not meet the college’s standards for continuation in the program.

B. Rights and Obligations of Target

1. Target will provide a qualified pharmacist to supervise each Student directly during the Program.

2. Target will provide a specific orientation to Target policies and procedures for Students assigned to Target. These policies will apply to the Student while participating in the Program.

3. Target will inform both the Student and School of the Student’s professional growth and perceived clinical competence. This may involve verbal feedback and/or end-of-rotation evaluations.

4. Target has the right to terminate a Student’s participation in the Program in the event such Student (i) violates any of the policies and procedures of Target or (ii) interferes in any way with Target’s ability to provide quality pharmaceutical care. Whenever possible, Target will inform the School of its intent to terminate the student’s participation in the Program prior to such termination.

C. General Conditions

1. The Agreement will continue for one (1) year from the date of signature by both parties. This Agreement will renew automatically on the same terms and conditions as contained herein at the expiration of such term, unless either party submits written notification to the other of its intent not to renew sixty (60) days prior to the expiration of the then existing term.

2. This Agreement may be canceled at any time by either party upon sixty (60) days written notice to the other party. Such termination will have no effect on students currently receiving clinical experience.

3. It is understood and agreed that this Agreement is not intended and shall not be construed to create a relationship of agency, partnership or joint venture between Target and the School, nor to create an employment relationship between Target and the Students. Target and the School shall be treated for all purposes as independent contractors.

IN WITNESS WHEREOF, this Agreement has been executed as of the year and date set forth below.
