Immunizations

What immunizations are required for incoming students?

All incoming students must provide proof of two doses of the Measles, Mumps, and Rubella (MMR) vaccine. Students must also provide proof of the Hepatitis B and Meningitis vaccine or sign waiver for those two vaccinations.

Where can I find the Health History Form?

You will find the Health History and Immunization form on our website at www.famu.edu/shs under the Immunizations or Forms tab. You may also click the link below.

http://www.famu.edu/shs/FAMU_Immunization.pdf

I have completed the Health History Form. Where do I send it?

We accept the forms by mail and fax. The address and fax number are located at the top right corner of the Health History Form.

Address:
Student Health Services
Division of Student Affairs
116 Foote-Hilyer AC
Tallahassee, Florida 32307

Fax: 850-599-3067

Does my doctor have to sign the Health History Form if I already have a signed copy of my immunization records or documentation from the Health Department?

No, however, you need to submit the document along with a completed and signed Health History Form to be cleared for registration.

My immunizations are on my high school transcript. Will I be able to send that with the Health History Form?

Yes, as long as you attach a copy of your high school transcript to the completed and signed form and send it to Student Health Services.

I have a copy of my immunization records. Do I still need to fill out a Health History Form?

Yes. All FAMU students must complete and sign a Health History Form and send it to our office to be cleared for registration.

I have an immunization hold. What does that mean?

An immunization hold may be placed on your account if you failed to turn in your Health History Form, the form was incomplete, or we haven’t received documentation of immunizations. Once we have received a completed and signed Health History and Immunization Form along with appropriate documentation of immunizations, the hold will be lifted.
