April 7, 2016

Dear Parent(s):

School is almost over for the 2015-2016 academic year, and we know this is an exciting time for our DRS students, especially our hard working students enrolled in FAMU SMART Academies. However, the learning process must continue to help ensure a student’s academic success.

We look forward to working with your child during the 2016 summer component of FAMU SMART Academies. Please complete an application and submit it to a staff member in the FAMU SMART Academies Office. Applications will be available April 18, 2016 and may be retrieved from the SMART office, a SMART team member or our website: FAMU.EDU/smartacademies. The 2016 summer session will start June 6, 2016 and end July 21, 2016.

The program will continue to emphasize the STEM areas including, Science, Math, and Technology. Additionally, Reading, and the Fine and Performing Arts will be addressed with Project Based Learning serving as the primary mode of instruction.

We look forward to being in receipt of your application. We also look forward to having the opportunity to working with your child during the 2016 summer component of FAMU SMART Academies.

Thank you,

FAMU SMART Academies Faculty and Staff

“Learning is not attained by chance, it must be sought for with ardor and attended to with diligence.”

— Abigail Adams
