Dr. Gloria J. Walker
State Contracts and State Piggyback Vendors

Summary:
The University is embarking upon several major projects and increase in daily operations, and requests the ability to purchase products, materials, and supplies from the vendors identified below up to an amount not to exceed $10 million per vendor/supplier for the period ending June 30, 2023. This request avoids the potential for work delay or stoppage due to the staff’s exhausted purchasing authority and thus the inability to purchase products, materials, and supplies timely, and nation-wide issues with supply change delivers.

• Signal House Communications
• Presidio Network Solutions, LLC

Recommendation:
Approval to negotiate and authorize the President’ signature to enter into or extend the existing agreement including a “piggyback” agreement with Data Set Ready, Inc., Signal House Communications, and Presidio Network Solutions, LLC. for FY 2023 purchases not to exceed $10 million for each entity.

FLORIDA A&M UNIVERSITY

Founded in 1887 as the State Normal College, Florida A&M University (FAMU) is the only historically state supported educational facility for African Americans in Florida. It has always been co-educational. In 1890, the second Morrill Act was passed. This enabled the school to become the Black Land Grant College for the State of Florida.

In 1891, the college was moved from its original location to its present location which was once the site of Highwood, Territorial Governor W.P. Duval’s slave plantation. The site is one of the highest hills in Tallahassee.

The school was known as Florida A&M College from 1909 until 1953, when it attained university status.
