1. Budget, Finance and Facilities Committee Meeting Minutes (February 15, 2023)
MINUTES

Committee Members Present: Kimberly Moore, Otis Cliatt, Kelvin Lawson, Belvin Perry, and Kenny Stone

Call to Order/Roll Call
Chair Moore called the meeting to order. Dr. Turner called the roll. A quorum was present.

ACTION ITEMS

Approval of Minutes — December 7, 2022.
There were no revisions to the minutes.

The motion to approve this action item was carried.

Bragg Memorial Stadium Parking Lot Construction Contract
Mrs. Brown, VP for Finance and Administration/CFO, requested board approval to authorize the President to execute the construction contract for up to $3,000,000 pending the review from General Counsel. The funding source for construction is reserved funds.

The motion to approve this action item was carried.

Demolition of Gibbs Residence Hall Vendor Contract
Mrs. Brown, VP for Finance and Administration/CFO, requested board approval for the demolition of Gibbs Hall. The existing utilities that service Young and Sampson Hall will be re-routed. VP Brown requests board approval to authorize the President to execute the contract and not exceed $1.5 million.

The motion to approve this action item was carried.

Sierra-Cedar Contract
Mrs. Brown, VP for Finance and Administration/CFO, requested board approval to enter into an agreement to execute the amendment to the master hosting agreement with chosen vendor, Sierra-Cedar, for a three-year term, not to exceed 7 million dollars. Sierra-Cedar is partnering with AWS (Amazon Web Services), a cloud-based platform.

Questions/Comments re: Sierra-Cedar
  • Trustee Dubose asked IT how this fits into the three to five-year plan regarding the IT infrastructure. Response: CIO/VP Seniors responded that it aligns perfectly with the three to five-year plan. The transition to AWS puts the University in a very strong posture for reliability and security.

The motion to approve this action item was carried.

John Wiley & Sons, Inc. Agreement Amendment
Mrs. Brown, VP for Finance and Administration/CFO, requested board approval to execute the contract amendment pending the review from General Counsel. The agreement has a three-year term; however, the amount in year three will increase by 3% or $195,000.00 which will result in the total contract amount exceeding $1M.

The motion to approve this action item was carried.
Medical Marijuana Education and Research Initiative Vendor Contracts
Mrs. Brown, VP for Finance and Administration/CFO, requested board approval for two vendor contracts for MMERI. The first contract approval is a one-year renewal with iHeartMedia for a total contract amount of approximately $4.1 million, pending the review of the General Counsel. The second contract approval is for a multi-year renewal for SVI Learning Mobile LLC for a total contract amount of approximately 1.9 million dollars, pending the review of the General Counsel. Both contracts exceed the 1 million presidential authority.

Questions/Comments re: MMERI
- Trustee Moore stated that an outside source provides the funding to fund the contract agreements.
- Trustee Lawson stated that iHeartMedia outsources to smaller minority businesses as subcontractors and appears to be in good standing. They are doing exactly what we asked of them at the very beginning.

The motion to approve this action item was carried.

Campus-wide Utility Infrastructure Project Architect/Engineer Contract
Mrs. Brown, VP for Finance and Administration/CFO, requested board approval to authorize the President to execute the Architect/Engineer contracts after the review of the General Counsel.

Questions/Comments re: Campus-wide Utility Infrastructure Project Architect/Engineer Contract
- Trustee Dubose stated that with large contracts, what’s the minority participation with large expenditures? It will be helpful moving forward that in our plan we know the direction given around minority and small businesses spending.
- President Robinson stated that we can’t specify contracts to go to anyone. The process is a competitive bid, but I’m impressed with the number and percentage of minority and women-owned businesses that have stepped up and taken advantage of providing services supporting the university.

The motion to approve this action item was carried.

Deferred Maintenance/Renovation Projects – Continuing Service Contracts > $1M
Mrs. Brown, VP for Finance and Administration/CFO, requested board approval to authorize the President to execute contracts and amendments for the six projects identified pending the review of the General Counsel.

Questions/Comments re: Deferred Maintenance/Renovation Projects – Continuing Service Contracts > $1M
- Trustee Washington asked that we consider when we bring the discrete items we bring them together as a whole to seek and make sure we have allocated and proceeding as we need to with regard to both the deferred maintenance and the expenditure of these funds.
- Deferred Maintenance Projects:
  - SBI South
  - Foote-Hillyer
  - Ware Rhaney
  - Southern Electrical Sub-Station/School of Architecture
  - Coleman Library/BL Perry (Re-roofing)
  - Dynamic Ceramics Contract Amendment

The motion to approve this action item was carried.
Trustee Cavasos commented that she wants to thank the team for shortening the timeline of the
draft. The motion to approve this action item was carried.

Surplus Property Write-offs
Mrs. Brown, VP for Finance and Administration/CFO, requested board approval for the two-year surplus property write-off. The inventory cycle was valued at an acquisition cost of $70,672.62 with a net book value of $6,127.25.

The motion to approve this action item was carried.

INFORMATION ITEMS

Vice President for Finance and Administration’s Report

a. Quarterly Financial Report - Budget to Actuals
VP Brown presented an update of the budget to actuals, comparing the second quarter fiscal years 21-22 to years 22-23. VP Brown reported a few categories with a plus or minus 10% change, and those two will be the focus. The first category is the technology fee. There was a 16% increase attributed to maintenance subscriptions related to items purchased in previous years with stimulus relief funds. The second category is financial aid which saw a 19% increase based on the enrollment of 9,000 to be more reflective of the current enrollment.

Questions/Comments re: Quarterly Financial Report - Budget to Actuals

a. Trustee Washington asked VP Brown to go in-depth on explaining the technology fee. Is this maintainable and sustainable over the years?
Response: Ms. Murry stated that VP Seniors saved money from last fiscal year to pay for maintenance for software and equipment that he purchased with HERF dollars. Mrs. Murry noted that technology enhancements would be maintained with the 23-24 budget development, not tech fees.

b. Quarterly Spend Report on Selected IT-related Vendors (R. Seniors)
VP Seniors reported quarter two for selected vendors: Data Set Ready, Presidio, and Signal House. The current spending dollars for the quarter is approximately 3.4 million, and 3.6 million for this fiscal year. IT has completed upgrades in several academic and residential facilities.

c. Compensation Study Update
Ms. Ella Kiselyuk reported on the compensation update, informing the board that the Siegel group can move our plans to complete the compensation study by December 2023, initially presented as March 2024. Siegel is ahead of the timeline and is currently in the first phase. Ms. Kiselyuk provided an update on the HR Matters newsletter that provides updates for the University and community.

Questions/Comments re: Compensation Study Update

a. Trustee Dubose asked about the ratings and the guidelines for the ratings for merit increases and tenure.
Response: Ms. Kiselyuk stated that Siegel would compare us to other schools similar to our school.

b. Trustee Cavasos commented that she wants to thank the team for shortening the timeline of the execution of the study. Trustee Cavasos stated the faculty had expressed their concerns about why the faculty has fifteen contact hours as opposed to the other SUS sister schools with twelve contact hours. The second concern the faculty had was the impact of the contact hours being changed to twelve.
Response: Ms. Kiselyuk stated that she and Interim Provost Watson would meet regularly to ensure input and provide feedback on the study.
d. **Project Updates - University Facilities Planning, Construction, and Operations**
   - **Property – Acquisitions, Construction, and Demolition**
     - VP Brown reported that the University closed on the Citivue Apartments property on February 13, 2023.

   - **Deferred Maintenance / Utilities Infrastructure**
     - VP Brown reported on the ongoing and completed activities related to deferred maintenance from the last report.

   - **Videoboard Construction / Acquisition**
     - VP Brown reported that Anthony James Partner, LLC, will assist in design and development. The new video board will have a better game fan experience, potential new revenue streams, and curriculum enhancements. VP Brown reported she believes that the video board will be operative for the first home game on September 16, 2023.

e. **MWBE Update**
   VP Brown provided a summary of the year-to-date expenditures associated with minority and women-owned businesses enterprises for fiscal year 22-23. The University has expended $17.4 million overall. VP Brown stated that the University will continue its efforts to increase supplier engagement and promotion of MWBE businesses. Director Hood reported that the procurement office continues to partner with ITS and update supplier records. Director Hood stated that upcoming activity in the procurement office is scheduled to occur in April.

   **Questions/Comments re: MWBE Update**
   a. Trustee Dubose asked how the pairing process is between a small business and a large/majority business. How is the process working? What can the University do better, move faster or be even more robust?
      
      **Response:** Mr. Mclaughlin stated that SBDC prepares workshops, training, and DEI participation.

f. **Stimulus Funding Expenditure Report to Date**
   Dr. Akins presented an update on expenditures, encumbrances, pre-encumbrances, and the impact of stimulus funding.

   **Questions/Comments re: Stimulus Funding Expenditure Report to Date**
   a. Trustee Cavasos asked how was the 3.3 million spent for the College of Law.
      
      **Response:** Dr. Akins stated that money went directly to the student. On average, each student received $5,000.

   b. Trustee Dubose asked if there was a plan to disperse to every student and how the allocation was designed. He also asked if this funding is going to be sustainable.
      
      **Response:** Dean Keller reported that there was an application process for students to receive the Covid funds. Dr. Akins stated that this funding is not sustainable.

---

**Budget, Finance, and Facilities Committee Action Plan 2022-2023**
Trustee Moore stated that her report is a living report and encouraged the board to review it.

**The meeting adjourned.**
Subject: 2023-2024 Preliminary Operating Budget

Proposed Board Action:

Pursuant to Board of Governor’s Regulation 9.007 State University Operating Budgets, the FY2023-2024 Preliminary Operating budget must be approved by the University Board of Trustees (BOT) prior to submission to the Board of Governors. In order to meet reporting requirements established by the State Comptroller for the release of university state appropriations starting July 1, 2023, the preliminary budget is due to the Board of Governors on June 20, 2023.

Recommendation: Approval of the 2023-2024 Preliminary Operating Budget

1. The Education and General budget funds the general instruction, research, and public service operations of the universities. Universities have accumulated ending fund balances for activities such as the implementation and maintenance of Enterprise Resource Program systems, contingency for unfunded enrollment growth, potential budget reductions, anticipated increases in utilities, and prior year encumbrances (recorded, estimated liability at year-end for ordered or received goods or services), and compliance with Section 1011.45 F.S. on maintaining a 7% reserve.

2. The Contracts and Grants budget contains activities in support of research, public service, and training. Large fund balances are due to the timing of receipt of Federal contracts or grants.

3. Auxiliaries are ancillary support units on each university campus. Some of the major activities include housing, food services, book stores, student health centers, facilities management, and computer support. Ending fund balances includes financial activities such as debt service payments, reserve, repair and replacement reserves for future maintenance costs, construction/renovation of auxiliary facilities, and prior year encumbrances.

4. Local funds include the following university activities:
   a. Student Activities - Supported primarily by the student activity and service fee and funds operations of the student government, cultural events, organizations, and intramural/club sports.
   b. Financial Aid - This activity represents the financial aid amounts for which the university is fiscally responsible. Examples include: student financial aid fee, bright futures, federal grants, college work study, and scholarships. The ending fund balance represents a timing difference between the receipts of funds and disbursement to the students.
   c. Concessions - These resources are generated from various vending machines located on the university campuses.
   d. Athletics - Revenues are primarily derived from the student athletic fee, ticket sales, and sales of goods. Sufficient fund balances are maintained to provide the necessary support for ongoing athletic activities.
   e. Technology fee - Collections are used to enhance instructional technology resources for students and faculty.
   f. Self-Insurance Program - These programs are directed by the respective self-insurance councils and the captive insurance companies (These companies underwrite the risks of its owner and the owner's affiliates.). These activities are supported by premiums charged to the insured individuals and entities (primarily medical faculty and institutions).
   g. Board-Approved Fees - Student fees proposed by each university and authorized by the Board of Governors to address specific student-based needs not addressed through another service or fee.
   h. Board of Governors - The Faculty Practice Plan collects and distributes income from faculty billings for patient services provided in conjunction with state university medical school programs.

5. Other Receipts/Revenues includes categories such as interest, penalties, refunds, admissions, fines, taxes, etc.

6. Other Non-Operating Expenditures includes categories such as refunds, payment of sales taxes, or indirect costs.
Subject: Amendment to BOT Regulation 3.017, Schedule of Tuition and Fees

Proposed Board Action:

The amendment to this Regulation increases the 2023-24 repeat course fee rate from $189.74 to $204.65 as mandated by the State University System (SUS) of Florida Board of Governors. The increase from 2022-23 is $14.91. The increased surcharge for FY24 is driven by a 5% increase in estimated system expenditures over the prior year as well as a decrease in the number of estimated 2022-23 undergraduate student credit hours when compared with the previous year.

Recommendation: Approval of the amendment to BOT Regulation 3.017 – Schedule of Tuition and Fees.

Attachments: Yes.

1. Markup of Proposed BOT Regulation 3.017 – Schedule of Tuition and Fees

5. **I.D. Card** – Students shall be assessed a $5.00 identification card fee per semester, excluding the summer semester.

6. **Repeat Course Fee** – Students shall be assessed an additional charge of $189.7476 $204.65 for regular courses taken more than twice.

7. **Transportation and Access Fee** - Students shall be assessed a transportation and access fee of $65.00 for the fall semester, $65.00 for the spring semester, and $33.00 for the summer semester.
8. **Tuition Differential** - Undergraduate students whose date of enrollment was on or after July 1, 2007 will be assessed an additional tuition differential of $36.38 per credit hour. Students enrolled prior to July 1, 2007, and who fail to maintain continuous enrollment will also be assessed this tuition differential. Students having prepaid contracts which were in effect on July 1, 2007, and which remain in effect, are exempt from this additional tuition differential.

(c) The health fee will be expended in accordance with FAMU Regulation 2.008, unless provided otherwise by law.

(d) The transportation access fee will be used to cover the costs of operational expenses, personnel, general programs and other services related to providing traffic and parking services to the University community unless provided otherwise by law.

(e) The athletic fee will be used to cover the costs of operational expenses, personnel, general programs and other services related to the University’s Intercollegiate Athletics program unless provided otherwise by law.

(f) The activity and service fee will be allocated and expended in accordance with Section 1009.24 (10), Florida Statutes.

Subject: 2024-2025 Fixed Capital Outlay Budget: Capital Improvement Plan

Proposed Board Action:

Approval of Five-Year Capital Improvement Plan

Each year all State University System (SUS) Universities are required to prepare and submit their Five-Year Capital Improvement Plan (CIP) requests. These requests for academic facilities should be consistent with the findings of the University’s Educational Plant Survey and the Master Plan.

The CIP projects requested for FY2024-25 are listed in order of priority. The CIP due date to the Board of Governors is July 1, 2023.

Subject: Continuing Services Vendors

Proposed Board Action:

The goal was to select five (5) firms for the (Civil, Mechanical-Electrical-Plumbing, and Construction Management) categories and nine (9) firms for the (Architect) category. An additional two (2) firms were selected for (Environmental and Geotechnical), two (2) each for (Landscape Architect and Structural Engineering), and one (1) each for (Roofing, Signage, and Technology) categories.

Per the Florida Statutes 287.055(2)(g):

A “continuing contract” is a contract for professional services entered into in accordance with all the procedures of this act between an agency and a firm whereby the firm provides professional services to the agency for projects in which the estimated construction cost of each individual project under the contract does not exceed $4 million, for study activity if the fee for professional services for each individual study under the contract does not exceed $500,000, or for work of a specified nature as outlined in the contract required by the agency, with the contract being for a fixed term or with no time limitation except that the contract must provide a termination clause. Firms providing professional services under continuing contracts shall not be required to bid against one another.

The terms of these agreements are for an initial period of one year. The University has the option to renew these agreements upon written notice for one (1) additional year up to a total of two (2) additional years.
Process for Procurement:

1. The RFQ was posted on March 15, 2023, and submittals were due on March 29, 2023.

   a) A selection committee consisting of 5 members was established to evaluate the responses and make recommendations based on the pre-established selection criteria:

      - Past Performance
      - Experience and Ability
      - Design Ability
      - Minority Business Enterprise (MBE) Credit
      - Work in Progress
      - SUS Work

As a result of the selection committee members completing the review process, the following firms are being recommended for continuing services agreements based on their overall scores and rankings.

**Recommendation:** The Board of Trustees approves the selection of proposed Continuing Services vendors and authorizes the President to execute the necessary contracts and agreements. These contracts will be executed after the Board’s approval and review and comments by the Office of General Counsel.

Subject: Amendment to BOT Regulation 3.019, Settlement of Delinquent Accounts; Collection and Returned Check/Electronic Payments; Write-off of Uncollectible Accounts

Proposed Board Action:

The amendment to this Regulation updates the language in accordance with the Florida Board of Governors Regulation 7.002 Tuition and Fee Assessment, Collection, Accounting and Remittance. This update inserts statutory language and consequences for returned checks. This update clarifies and inserts the consequences for delinquent accounts as it relates to receipt of diplomas, registration, and receipt of transcripts. It also updates statutory language related to the receipt of dishonored checks from vendors and other parties. These updates are made to comply with BOG Regulations, codifies statutory requirements and University practices and place constituents on notice about the consequences of delinquent accounts.

Recommendation: Approval of the amendment to BOT Regulation 3.019 (Settlement of Delinquent Accounts; Collection and Returned Check/Electronic Payments; Write-off of Uncollectible Accounts) for notice and adoption after the expiration of the thirty (30) day notice period, provided there are no public comments, in accordance with the Florida Board of Governors’ Regulation Development Procedure

Attachments: Yes.

1. Markup of Proposed BOT Regulation 3.019 Settlement of Delinquent Accounts; Collection and Returned Check/Electronic Payments; Write-off of Uncollectible Accounts
Regulations of
Florida A&M University

3.019  Settlement of Delinquent Accounts; Collection and Returned Check/Electronic Payment Fees; Write-off of Uncollectible Accounts.

(a) The University shall use due diligence and make every effort in the collection of all accounts owed to the University by employees, students, vendors and other parties.

(b) In accordance with Section 1010.03, Florida Statutes, the University may also implement set-off procedures, payroll deductions and restrictions on access to diplomas, transcripts and other resources and services of the University to collect delinquent accounts. The University President or President’s designee is authorized to establish procedures governing the provisions herein.

(c) Returned Check/Electronic Payment Fee

(1) When a check or electronic payment (the making, drawing, uttering, or delivery of a check, draft, or order) is returned uncollected for any fee, tuition, service or item provided by the University and is not redeemed within seven (7) days, it may be considered to be a delinquent account with the University.

(2) Pursuant to Section 832.07, Florida Statutes, employees, students, vendors and other parties will have 15 days from the date of the notice, to submit payment of the full amount of the returned check plus a service charge of $25, if the face value does not exceed $50; $30, if the face value exceeds $50 but does not exceed $300; $40, if the face value exceeds $300; or an amount of up to 5 percent (5%) of the face amount of the check, whichever is greater. Unless the due amount is paid in full within the time specified above, the University may turn over the dishonored check and all other available information relating to this incident to the state attorney for criminal prosecution.
A minimum service charge of $25.00 will be charged for a returned check/electronic payment up to $50.00. Thirty ($30.00) dollars will be charged if the returned check/electronic payment is greater than $50.00 but less than $300.00, and $40.00 or 5 percent (5%) of the face amount of the check will be charged for returned checks/electronic payments of $300.00 or more.

(3) All payments for returned checks/electronic payments shall be remitted by cash, money order or cashier’s check only.

(d) Employees. — If an employee owes the University $.01 or more for any delinquent account, returned check/electronic payment or overpayment, after reasonable collection efforts have failed, the employee’s wages are subject to set-off procedures or payroll deduction until the debt has been paid in full as well as other collections efforts authorized by law and University regulations.

(e) Students.

(1) If a student owes the University $.01 or more for any delinquent account, returned check/electronic payment or collection fee, the student’s ability to register for classes or receive transcripts or receive diplomas will be suspended until the debt has been paid in full, unless otherwise approved by the President or President’s designee.

(2) If a student owes the University for any delinquent account, returned check/electronic payment or collection fee, the student’s ability to register for classes will be suspended until the debt has been paid in full or arrangements for payment have been made, unless otherwise approved by the President or President’s designee.

(3) If a student owes the University $500.00 or more for any delinquent account, returned check/electronic payment or collection fee, the student’s ability to receive transcripts will be suspended until the debt has been paid in full, unless otherwise approved by the President or President’s designee.
(f) Vendors and Other Parties. Unless the amount owed is paid in full within the time specified in paragraph (c)(2), the University may turn over the dishonored check and all other available information relating to this incident to the state attorney for criminal prosecution. In addition, the vendor or other party may be additionally liable in a civil action for triple the amount of the check, but in no case less than $50, together with the amount of the check, a service charge, court costs, reasonable attorney fees, and incurred bank fees, as provided in Section 68.065, Florida Statutes.

(fg) Collections.

(1) The University may also employ the services of a collection agency when deemed advisable in collecting delinquent accounts or after reasonable efforts to collect the delinquent account have been exhausted.

(2) Collection Fee. If any delinquent account is sent to a collection agency, collection costs will be assessed for the collection agency fees and added to the outstanding balance. In addition, the University shall assess a charge representing the reasonable cost of collection efforts to effect payment for overdue student loan accounts.

(h) The University reserves the right to require all delinquent accounts and collection fees to be paid by cash, money order or cashier’s check.

(i) The University President may write-off or settle any uncollectible accounts owed to the University after all reasonable and lawful collection attempts have failed. All or a portion of late charges and/or collection costs may at the discretion of the University President be waived on institutional student loans if the borrower makes a lump sum payment of the entire amount of outstanding principal and interest to settle an account.
