Student Escort Team

• Objectives

➢ Provide safe transportation alternatives for members of the University community.
➢ Decrease the amount of people walking alone at night by providing safe transportation alternatives.
➢ Increase safe activity on campus.
➢ Increase student safety by providing crime prevention and campus maps that identify the well-lit campus routes.
➢ Increase student awareness of university preventative and crime response programs that are available.
Daily monitoring includes closed circuit television cameras, 911, and blue light phone systems.
Emergency Alert System

The Blackboard connect system is a web-based mass notification system that allows the university to send instant alerts to students, faculty & staff's who have opted to participate from one easy-to-use interface.

➢ Severe Weather Alerts
➢ BOLOs (Be On the Look Out)
What is LiveSafe?

• LiveSafe is a personal safety mobile app that FAMU that is available to all students, faculty, and staff. The app provides a quick, convenient, and discreet way to communicate directly with FAMU safety officials in case of an emergency.

Downloading LiveSafe

• Download “LiveSafe” from the App Store or Google Play (Enable location services and push notifications when prompted).

Hazing Prevention Initiatives
Hazing Prevention Initiatives

The University facilitated hazing prevention educational seminars on January 6th, 7th and 26th.

There are currently two active investigations into possible violations of University Regulation 2.028.

The Alivetek online hazing course remains available to various student entities and to date, the FL BOG reports that FAMU has 8479 students, who have completed the Alivetek hazing prevention course.

The 2022 Hazing Summit will be in conjunction with the CSA Campus Safety Retreat on July 27, 2022 on the campus of USF.
FLORIDA A&M UNIVERSITY

Founded in 1887 as the State Normal College for Colored Students, Florida Agricultural and Mechanical University (FAMU) is the only historically state supported educational facility for African Americans in Florida. It has always been co-educational. In 1890, the second Morrill Act was passed. This enabled the school to become the Black Land Grant College for the State of Florida.

In 1891, the college was moved from its original location to its present location which was once the site of “Highwood,” Territorial Governor W.P. Duval’s slave plantation. The site is one of the highest hills in Tallahassee. The school was known as Florida A&M College from 1909 until 1953, when it attained university status.
