Annual Budget Workshop

Trustee Moore
FLORIDA A&M UNIVERSITY

At FAMU, Great Things are Happening Every Day!

Founded in 1887 as the State Normal College, Florida A&M College for Colored Students is the only African American historically state supported educational facility for Americans in Florida. It has always been co-educational. In 1890, the second Morrill Act was passed. This enabled the school to become the Black Land Grant College for the State of Florida. In 1891, the college was moved from its original location to its present location which was once the site of Highwood, Territorial Governor W.P. Duval's slave plantation. The site is one of the highest hills in Tallahassee. The school was known as Florida A&M College from 1909 until 1953 when it attained university status.
