- Foreign Language Requirements: All undergraduate students are **required** to have **two** years of Foreign Language study **prior** to graduation with a bachelor's degree from Florida A&M University.
- Civics Literacy Requirement must be satisfied prior to graduation.

## RECOMMENDED PRE-TRANSFER COURSEWORK

## YEAR 1

| Fall                                   | Spring                                         |
|----------------------------------------|------------------------------------------------|
| ENC 1101 Freshman Comm Skills I (3)    | ENC 1102 Freshmen Comm Skills II (3)           |
| MAC 1105 College Algebra (3)           | MAC 1114 Algebraic Trigonometric Functions (3) |
| BSC 1010 General Biology I Lecture (3) | BSC 1011 General Biology II (3)                |
| BSC 1010L General Biology I Lab I (1)  | BSC 1011L General Biology II Lab (1)           |
| AMH 2091 African-American History (3)  | CHM 1045 General Chemistry I (3)               |
| Humanities Elective (3)                | CHM 1045L General Chemistry I Lab (1)          |
| <b>Total: 16</b>                       | <b>Total: 14</b>                               |

## YEAR 2

| Fall                                                                             | Spring                                   |
|----------------------------------------------------------------------------------|------------------------------------------|
| STA 2023 Probability & Statistics I (3)                                          | MCB 2004 General Microbiology (3)        |
| MAC 2311 Calculus I (4)                                                          | MCB 2004L General Microbiology I Lab (1) |
| CHM 1046L General Chemistry II (3)                                               | PHY 2048 General Physics I (4)           |
| CHM 1046L General Chemistry II Lab (1)                                           | PHY 2048L General Physics I Lab (1)      |
| POS 2041 American National Government or AMH 2020 US History 1865 to Present (3) | Humanities Elective Course (3)           |
| SLS 1101 College Success Skills (2)                                              | Social Science Elective (3)              |
| <b>Total: 16</b>                                                                 | <b>Total: 15</b>                         |

## JOB OUTLOOK

According to the U.S. Bureau of Labor Statistics, employment of environmental scientists and specialists is projected to grow 4% from 2024 to 2034, with approximately 8,500 job openings each year. Growing public demand for environmental protection, sustainability, and regulatory compliance is expected to continue creating opportunities for graduates to address environmental challenges and protect human health.

### Career Opportunities

- Environmental Scientist
- Environmental Policy Advisor
- Conservation Scientist or Land Management Specialist
- Geographic Information Systems (GIS) Analyst
- Sustainability Director
- Environmental Health and Safety (EHS) Specialist
- Natural Resources Specialist
- Water Quality Specialist
- Environmental Compliance Specialist
