**FAMU**

**PROGRAM OVERVIEW**

The Florida A&M University School of Nursing is the oldest continuing baccalaureate nursing program in the United States at a historically black institution. Established in 1904 as a hospital based program, it became the first baccalaureate program in Florida in 1936.

FLORIDA A&M UNIVERSITY  
**NURSING**

**LIVING AND LEARNING COMMUNITY**

Located in the FAMU Towers North, the Nursing Living Learning Community (LLC) seeks to build a solid foundation of knowledge and skills during this first step of your journey to become a competent and compassionate nurse. Placing like-minded students together in a community where they are living and learning together increases student retention and success.

Our mission is to create a student-centered environment where knowledgeable, innovative, caring nurses can apply high quality, culturally appropriate care to meet the health needs of the residents of the state, the nation, and the global community.

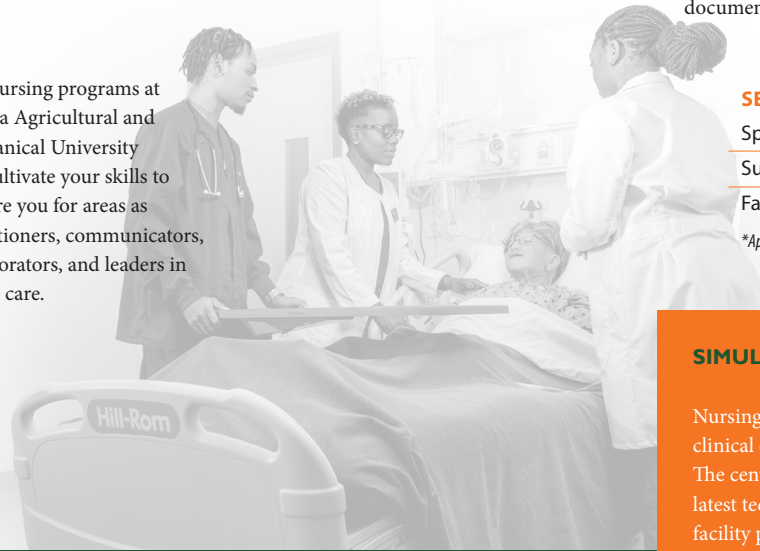

# Thinking about becoming a NURSE?

**ABOUT THE PROGRAM**

Nursing is a rewarding career that offers a variety of opportunities for advancement. Our Pre-Nursing program (pre-professional level) will afford you the opportunity to learn, develop, and interact with others as you prepare for admissions to professional level nursing. The length of time in pre-professional level will vary with the educational background of the student.

All pre-professional requirements must be completed before you can be admitted to the professional level. Please note that the School of Nursing is a limited access program which requires an additional application and review process for admission into the professional level Nursing program.

The Nursing programs at Florida Agricultural and Mechanical University will cultivate your skills to prepare you for areas as practitioners, communicators, collaborators, and leaders in health care.

**HOW TO APPLY**

Applications are submitted on-line at [FAMU BSN Application](#). The application is available May 1-May 15 for fall admissions and October 1-October 15 for spring admission. In addition to the BSN application, students must submit the supplemental documents listed on the [BSN Application Checklist](#).

SEMESTER	APPLICATION AVAILABILITY	APPLICATION DEADLINE
Spring*	March 1st	Nov. 1st
Summer*	June 15th	March 1st
Fall*	June 15th	May 1st

\*Applications submitted after the deadline may be considered for a future term

**SIMULATION LABORATORY**

Nursing students at FAMU School of Nursing gain hands-on clinical experience in a new state-of-the-art simulation center. The center features six simulation bays that are equipped with the latest technology, high-fidelity simulators, and task trainers. This facility provides a safe and controlled environment to foster:

- Student Learning
- Skills Development
- Patient Safety
- Critical Thinking
- Critical Judgment

Simulation experiences will bridge the gap between theory and clinical practice through immersive, procedural, and mixed reality (virtual and augmented) simulation.
