PROGRAM OVERVIEW

The Florida A&M University School of Nursing’s mission is to create a student-centered environment where knowledgeable, innovative, caring nurses can apply high quality, culturally appropriate care to meet the health needs of the residents of the state, the nation, and the global community.

ABOUT THE PROGRAM

Nursing is a rewarding career that offers a variety of opportunities for advancement. Our Pre-Nursing program (pre-professional level) will afford you the opportunity to learn, develop, and interact with others as you prepare for admission to professional level nursing. The length of time in the pre-professional level will vary with the educational background of the student. All pre-professional requirements must be completed before you can be admitted to the professional level. Please note that the School of Nursing is a limited access program which requires an additional application and review process for admission into the professional level Nursing program.

The Nursing programs at Florida Agricultural and Mechanical University will cultivate your skills to prepare you for areas is practitioners, communicators, collaborators, and leaders in health care.

LIVING AND LEARNING COMMUNITY

Located in the FAMU Towers North, the Nursing Living Learning Community (LLC) seeks to build a solid foundation of knowledge and skills during this first step of your journey to become a competent and compassionate nurse. Placing like-minded students together in a community where they are living and learning together increases student retention and success.

HOW TO APPLY

For admission to the Pre-Nursing Program, applications are submitted on-line at www.famu.edu/admissions and through the Common Application (Common App). Please note that the School of Nursing is a specialized admissions program which requires an additional application and review process.

- **SEMESTER** | **APPLICATION AVAILABILITY** | **APPLICATION DEADLINE**
- Spring* | March 1st | Nov. 1st
- Summer* | June 15th | March 1st
- Fall* | June 15th | May 1st

*Applications submitted after the deadline may be considered for a future term.

 WHY US!

- Personalized & Group Academic Success Coaching
- State-of-the-Art Simulation Lab
- Fully Online RN/BSN and MSN
- Simulation Laboratory

Nursing students at FAMU School of Nursing gain hands-on clinical experience in a new state-of-the-art simulation center. The center features six simulation bays that are equipped with the latest technology, high-fidelity simulators, and task trainers. This facility provides a safe and controlled environment to foster:

- Student Learning
- Critical Thinking
- Skills Development
- Critical Judgement
- Patient Safety

Simulation experiences will bridge the gap between theory and clinical practice through immersive, procedural, and mixed reality (virtual and augmented) simulation.
