### Spring Commencement

Florida A&M University treasures all of the activities and ceremonies that accompany Commencement Exercises. There is nothing more fulfilling than witnessing the excitement and pride in students and their families as graduates' names are called and degrees conferred. These are wonderful and moving experiences. We know how important they are to our graduates, and their families and friends. Thus, in light of the current advisories and mandates regarding COVID-19, we are giving careful consideration to how we honor this major milestone in the lives of our students, while staying within the boundaries of responsible public health practices. We are exploring options for a virtual Commencement ceremony and will share those plans once completed. We are also considering an in-person ceremony after the health crisis has passed. However, this year's in-person Commencement Exercises at Florida A&M University are postponed until alternative plans have been finalized. Thank you for your understanding and consideration as we move forward during these challenging times.
