Title: Senator of the Month
Legislation: Senate Resolution Bill

Whereas,	The Florida Agricultural and Mechanical University Student Senate is the Legislative Branch of the Student Government Association and is empowered to pass legislation as it deems necessary to carry out the functions of the Student Government Association.
-----------------	--

Whereas,	Recognizing and celebrating the efforts and achievements of individual senators fosters a culture of hard work, accountability, and high morale within the Senate;
Whereas,	Acknowledging senators for their contributions not only motivates continued excellence but also highlights the positive impact senators have on the student body and the campus community;
Therefore,	Be it resolved, we propose the creation of the Senator of the Month recognition program, aimed at honoring one senator each month for their dedication, accomplishments, and contributions to the Senate and the student body, chosen by the Senate President or his/her designee. The selected senator will be acknowledged and displayed on the Senate bulletin board at the end of the month, ensuring that their hard work is publicly recognized and celebrated, thus promoting high standards of service and morale within the Senate.

Proviso Language: This piece of legislation will take effect in immediately upon signage by the Senate President and Student Government Association President.

Be it further appropriated; a copy of this signed bill will be sent directly to the office of the

Student Government Association President Loryn May
